PART I—Orders and Notifications by the Governor of Bengal, the High Court, Government Treasury, etc.

Office of the Secretary to His Excellency the Governor of Bengal.

NOTIFICATION.

No. 740-H.—18th March 1946.—The following is republished for general information:—

Office of the Private Secretary to His Excellency the Viceroy.

NOTIFICATION.

No. 90-II.—His Excellency the Viceroy has been pleased to award the Indian Police Medal to the following officer:—

BENGAL.

Name of officer and rank.—Meher Shah, Head Constable, 24-Parganas.

Statement of services for which the decoration has been awarded.—On the 19th December 1945, Head Constable Meher Shah accompanied the officer-in-charge of Jagatdal Police Station, 24-Parganas, during the latter's investigation of a dacoity case. While the Sub-Inspector was engaged in the investigation, the complainant of the case, who had become mentally deranged, suddenly and unexpectedly made a murderous attack on him with a "dao". The assailant was about to deal another blow, which might well have proved fatal, but Head Constable Meher Shah with great presence of mind and at considerable risk to himself felled the assailant with a lathi, disarmed him and took him into custody. His courageous action was thus instrumental in saving the life of his superior officer.

This award is made for gallantry under regulation (*d*)(*i*) of the Regulations governing the grant of the Indian Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police.

G. E. B. ABELL, Private Secy.

By order of the Governor,
J. D. TYSON,
Secretary to the Governor.

2. The draft will be taken into consideration on or after the 21st May 1946, and any objection or suggestion with regard thereto received by the undersigned before that date will be duly considered:—

Draft amendment.

Substitute the following for rule 1:—

"1. (*a*) Approved lists of candidates for the posts of dafadars and chaukidars shall be maintained at the union board office and at the police-station. The lists shall be prepared and revised annually at a conference consisting of the Circle Officer, the Officer-in-charge of the police-station and the members of the Board.

(*b*) For the purpose of preparing the lists, applications shall be invited by the President of the union board from intending candidates in the union. He shall then place such applications before the conference for selection of the candidates for inclusion in the lists. The conference shall consider the claims of the chaukidars of the union for dafadars' posts and if any of them is considered suitable, his name should be included in the dafadars' list.

(*c*) When a vacancy occurs in the post of dafadar or chaukidar the Board shall at once report the fact to the District Magistrate through the Officer-in-charge of the police-station and the Circle Officer, and shall, along with the report, submit the name of one of the candidates in the approved list together with a nomination roll in Form A containing all the particulars prescribed therein".

DEPARTMENT OF HEALTH AND LOCAL SELF-GOVERNMENT

Local Self-Government

NOTIFICATIONS.

No. L.S.-G.847/45/3R.—27th March 1946.—The following draft of rules, which the Governor proposes to make for all municipalities under clause (*g*) of section 215 and under section 122 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 31st July 1946, and any objection or suggestion with respect thereto which may be received by the undersigned through the District Officers and Divisional Commissioners before that date will be duly considered.

3. This cancels notification No. 2481M., dated 22nd October 1945:—

Draft of rules regarding elimination of pies from municipal tax accounts.

1. Pies shall be eliminated from all accounts relating to the assessment and collection of municipal rates and fees.

2. The amount of money shown in forms 3 to 10, 12, 14, 15, 17 to 29, 31 to 33 and 38 to 42 appended to the Municipal Account Rules published with notification No. 6499M., dated the 21st November 1935, shall be limited to rupees and annas only and no pies shall be shown therein.

3. In the process of elimination of pies fraction of an anna shall be rounded off in the following manner:—

(1) amounts of less than 6 pies shall be neglected.

(2) in the case of amounts of 6 pies more, the next higher integral number of annas shall be adopted; provided that if, in the case of assessment of rates, the resulting figure thus obtained exceeds the maximum amount chargeable under the Bengal Municipal Act, 1932, the next lower integer shall be taken.

He is also vested with the powers of an Assistant Settlement Officer, under Chapter VII, Part I of the rules under the Bengal Tenancy Act, in respect of the aforesaid areas.

24-Parganas - Khulna - Burdwan - Hooghly - Howrah - Midnapore - Bankura - Birbhum - Faridpur - Chittagong. — No. 1808L.R. — 14th March 1946.—In exercise of the powers conferred by section 115B of the Bengal Tenancy Act, 1885 (Act VIII of 1885), the Governor is pleased to empower Maulvi Muhammad Ahad Ali Khan, Sub-Deputy Collector and Assistant Settlement Officer, to make corrections in the record-of-rights prepared in respect of the lands in the districts of 24-Parganas, Khulna, Burdwan, Hooghly, Howrah, Mirnapore, Bankura, Birbhum, Faridpur and Chittagong in accordance with and subject to the provisions of the said section.

Nadia.—No. 1853L.R.—15th March 1946.—Under section 3 of the Bengal Survey Act, 1875 (Act V of 1875), the Governor is pleased to order that a survey shall be made of all lands, which are comprised in the Crown estates mentioned below of the Nadia Collectorate, and that the boundaries of the estates, tenures, mauzas and fields be demarcated on the lands so to be surveyed:—

Serial No.	Estate No.	Name of estate.
1 ...	317 ...	Chandipur.
2 ...	1035 ..	Bajeapti Lakheraj Itabaria.
3 .	2589 ...	Mahal Rajapur.
4 ...	2890 ...	Kazalakandi.
5 ...	2989 ...	Bajeapti.

Nadia.—No. 1854L.R.—15th March 1946.—In exercise of the powers conferred by section 101(*2*)(*d*) of the Bengal Tenancy Act, 1885 (Act VIII of 1885), the Governor is pleased to order that a survey shall be made and a record-of-rights prepared in respect of all lands included within the boundaries of the following Crown estates of the Nadia Collectorate:—

		Name of estate.
1 ...	317 ...	Chandipur.
2 .	1035 ...	Bajeapti Lakheraj Itabaria.
3 ...	2589 ...	Mahal Rajapur.
4 ...	2890 ...	Kazalakandi.
5 ...	2989 ...	Bajeapti.

The particulars to be recorded in the record-of-rights shall be the following:—

(*a*) the name of each tenant or occupant;

(*b*) the class or classes to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy-raiyat, non-occupancy raiyat, or under-raiyat with or without a right of occupancy, and if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(*c*) the situation and quantity and one or more of the boundaries of the land held by each tenant or occupier;

(*d*) the name of each tenant's landlord;

(*e*) the rent and cess lawfully payable by each tenant at the time the record-of-rights is being prepared;

(*f*) the amount payable in respect of any rights of pasturage, forest rights, rights over fisheries and the like at the time the record-of-rights is being prepared, the conditions and incidence appertaining to such rights and if the amount is a gradually increasing amount, the time at which and the increments by which it increases;

(*g*) the mode in which the rent has been fixed, whether by contract, by order of a court, or otherwise;

(*h*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;

(*i*) the rights and obligations of each tenant and landlord in respect of—

(i) the use by tenants of water for agricultural purposes, whether obtained from a river Jhil, tank or well, or any other source of supply, and

(ii) the repair and maintenance of appliances for securing a supply of water for the cultivation of the land held by each tenant, whether or not such appliances be situated within the boundaries of such land;

(*j*) the special conditions and incidence, if any, of the tenancy;

(*k*) any right-of-way or other easement attaching to the land for which a record-of-rights is being prepared;

(*l*) it the land is claimed to be held rent-free, whether or not rent is actually paid, and if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and if so entitled, under what authority:

Provided that, if the lands are not used for the purposes connected with agriculture or horticulture, it shall be sufficient to record that fact together with the prescribed particulars relating to the occupant, the landlord and the tenancy.

By order of the Governor,

L. R. FAWCUS,
Member, Board of Revenue, Bengal, and
Secy. to the Govt. of Bengal (*ex-officio*).

Land Acquisition

NOTIFICATION.

Hooghly.—No. 1568L.A.—5th March 1946.—Whereas it appears to the Governor that land in the district of Hooghly is likely to be needed for a public purpose, viz., in connection with Damodar Flood Control Project, notice is hereby given to all whom it may concern that in exercise of the powers conferred by section 4 of the Land Acquisition Act, I of 1894, the Governor has authorised the Engineers, Irrigation and Waterways Directorate, for the time being engaged on this undertaking to enter upon and survey land, and do all other acts required for the purpose of execution of their work as provided for or specified in the said section.

The general route to be taken for the survey will be from (Hooghly) (Sadar and Serampore) North-West to South-East.

District Hooghly.

COMMERCE.

NOTIFICATION.

No. 1467Com.—21st March 1946.—The following draft of rules which in exercise of the power conferred by section 43 of the Factories Act, 1934 (XXV of 1934), the Governor proposes to make, is hereby published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 15th July 1946. Any objection or suggestion with respect thereto which may be received by the undersigned before that date will be duly considered.

Draft rules.

The Bengal Factories (Exemption) Rules, 1946.

1. **Title.**—These rules may be called "The Bengal Factories (Exemption) Rules, 1946."

2. In these rules—

(*a*) "the Act" means the Factories Act, 1934;

(*b*) "form" means a form appended to these rules; and

(*c*) "section" means a section of the Act.

3. (1) The following persons employed in factories shall, under sub-section (*1*) of section 43, be deemed to be persons holding positions of supervision or management or persons employed in a confidential position, namely:—

(*a*) Managers,

(*b*) any other person who, in the opinion of the Inspector, holds a position of supervision or management or is employed in a confidential position.

(2) A record of the names and designations of all persons defined under sub-rule (*1*) shall be maintained correctly and legibly, in ink, and shall be available in the factory for examination by the Inspector.

4. No adult worker exempted from the provisions of section 34 other than an adult male worker employed under rule 6 on urgent repairs shall be allowed to work for more than sixty-six hours in any week.

5. Notwithstanding anything contained in these rules no adult worker in respect to whom exemption from the provisions of section 35 of the Act has been granted, shall be deprived of any holiday due to him in accordance with the provisions of section 35A.

6. **Urgent Repairs.**—The provisions of sections 34, 35, 36, 37, 38, 39 and 40 shall not apply to adult male workers employed on urgent repairs on condition that—

(*a*) throughout the full period of such work, a notice, stating the names of the workers employed thereon, shall be displayed and maintained in accordance with the provisions of sub-section (*2*) of section 76;

(*b*) a notice stating briefly the nature of the repairs, the time of commencement of work on the same and its probable duration, shall be sent to the Inspector forthwith;

(*c*) no worker shall be employed on such work for more than ten consecutive days without a holiday for a whole day; and

(*d*) a statement showing the total number of hours worked each day in the week by each such worker shall be sent to the Inspector within 36 hours after the completion of the work.

Explanation.—"Urgent Repairs" means any repairs—

(*1*) to machinery and plant necessary to prevent or to remedy a breakdown that will cause or has caused a stoppage of the manufacturing process or

(*2*) which are of such a nature that failure to execute them forthwith would cause serious interruption of a public service, or danger to or detention of a ship; or

(*3*) carried out by engineering works or foundries in connection with any repair which is of the nature described in clause (1) or (2) of this explanation:

Provided that the periodical overhaul of a locomotive, inland steamer, tram car or other mechanically propelled vehicle shall not be deemed to be "Urgent repairs" for the purpose of clause (2) of this explanation.

7. **Engine and Boiler attendants.**—The provisions of sections 34, 35, 36, 37, 38, 39 and 40 shall not apply to adult male workers engaged solely in the work of attending to boilers or prime movers, on condition that—

(*a*) the manager of the factory shall classify all such workers into groups according to the nature of their work;

(*b*) a notice showing the group or groups of workers working under the provisions of this rule shall be displayed and maintained in accordance with the provisions of sub-section (*2*) of section 76;

(*c*) an attendance register for such workers is maintained in Form No. I and in respect of each such worker the time of commencement of each period of work shall be entered therein beforehand; and the time of finishing each period of work shall be entered therein immediately after the period of work has been completed; and

(*d*) no such worker shall be employed for more than fourteen consecutive days without a holiday for a whole day.

NOTICE.

APPLICATIONS are invited from male candidates of all communities for two Studentships at the Edinburgh University for a degree in Forestry. Of the two Studentships one is reserved for a Muslim and the other for a member of the Scheduled Castes. If however a suitable candidate is not forthcoming from the appropriate community for which a Studentship is reserved, it will be thrown open to members of all communities.

Persons who have rendered war service and possess the requisite qualifications are eligible for these Studentships. The course at the Edinburgh University will commence from early October 1946, and will be of two years, but it may be extended to three years if the qualifications of the selected candidates are not accepted by the authorities of the said University as adequate for a two-year course.

2. All costs of training including vacations, living expenses, touring, etc., and the fare to the United Kingdom and back in respect of the candidates selected will be borne by Government.

3. Every candidate must possess the following qualifications:—

(i) he must be a natural born British subject permanently domiciled in Bengal;

(ii) he must not be less than 19 or more than 24 years of age on the 1st July 1946. The age limit may be relaxed up to 25 years in the case of a deserving candidate. (The maximum age limit will be relaxed in the case of a war service candidate by the period which he has actually spent in war service);

(iii) he must be of a good character;

(iv) he must be of good physique and capable of bearing the climate of the United Kingdom and also free from organic defects and bodily infirmity;

(v) he must have obtained a Second Class Honours in B.Sc. or a Second Class M.Sc. of the Calcutta University in one of the following subjects:—

Chemistry, Physics, Botany and Zoology, provided that he had two of the other subjects as his optional subjects for the B.Sc. Examination, and that he had any three of the subjects of Physics, Chemistry, Botany, Zoology and Biology in the I.Sc. (It is to be understood that Biology should be regarded as covering both Botany and Zoology.)

4. No person will be eligible for selection who has endeavoured to enlist for his candidature the support of persons of influence or of officials of Government. Spontaneous recommendations from persons interested in or otherwise known to the candidates will be disregarded.

5. Candidates must furnish the following information in their applications for which no form has been prescribed:—

1. Name (in capital letters); 2. Present address; 3. Age and date of birth; 4. Permanent address; 5. Place of birth and nationality (where necessary a certificate of domicile must be attached); 6. Religion and caste; 7. Educational institutions attended and examinations passed with dates, subjects taken and class or division placed in; 8. Post-graduate training or research experience, if any, together with details of any published work. Reprints of such work should also be submitted; 9. Present occupation, if not a student; 10. (a) Name of parent or guardian (with relationship); (b) Business or profession of parent or guardian; (c) Monthly income of parent or guardian; (d) Capacity of parent or guardian to meet any portion of the student's expenses that might not be borne by Government; 11. Names (and status) and addresses of persons from whom testimonials are produced.

Applications must reach the Secretary, Public Service Commission, Bengal, Anderson House, Alipore, Calcutta, on or before the 18th April 1946. Each candidate must furnish the following certificates as well as a declaration whether or not he has at any time been pronounced unfit for Government employment by the Medical Board at the India Office or any other duly constituted medical authority:—

(a) A certificate that the candidate is a "Native of Bengal" as defined in the "Recruitment Rules for Provincial Services".

(b) A certificate of age (copy of the Matriculation certificate duly attested by a Magistrate or any other responsible person).

(c) Two clear certificates preferably from responsible members of educational institutions that the candidate is of good social standing and moral character and that he has not taken an active part in an association of a character subversive of law and order or has not come under its influence so far as to be guilty of acts of indiscipline.

(d) Certificates in support of the minimum educational qualifications prescribed above.

(e) A certificate from a registered medical practitioner testifying to his physical fitness and ability to bear the climate of the United Kingdom.

6. From the applications received the Public Service Commission, Bengal, will make a preliminary selection of two candidates. The candidates so selected will be required to undergo a medical examination by a Medical Board and to obtain a certificate of fitness.

7. The final selection of one or two candidates shall be made by the Provincial Government in accordance with the Bengal Service Recruitment (Communal Ratio) Rules.

8. Each selected candidate will be required to execute an agreement and security bond, prescribed by Government, binding himself to work diligently while at the Edinburgh University and to serve Government in the province in a Gazetted appointment specified below, or anywhere else in India, for not less than five years after passing out of the University and in default, to refund all moneys expended by Government on his training. After he has obtained the B.Sc. degree in Forestry from the said University he will be first appointed on probation for two years to the Bengal Senior Forest Service and his initial pay in the service will be Rs. 300 per mensem. The scale of pay of the service is as follows:—

PART V—Acts of the Indian Legislature assented to by the Governor-General and Ordinances promulgated by the Governor-General.

GOVERNMENT OF INDIA.

Legislative Department.

New Delhi, the 5th February 1946.

ORDINANCE No. X OF 1946.

AN

ORDINANCE

to provide for the determination of the date of the termination of the present war for certain purposes.

WHEREAS an emergency has arisen which makes it necessary to provide for the determination of the date of the termination of the present war for certain purposes;

NOW, THEREFORE, in exercise of the powers conferred by section 72 of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935 (26 Geo. 5, c. 2), the Governor General is pleased to make and promulgate the following Ordinance:—

1. Short title, extent and commencement.—(*1*) This Ordinance may be called the Termination of War (Definition) Ordinance, 1946.

(*2*) It extends to the whole of British India.

(*3*) It shall come into force at once.

2. Declaration of date of termination of present war.—For the purposes of any provision made after the 2nd day of September 1939, in any enactment or in any notification, rule or order under any enactment or in any contract, deed or other instrument, making any reference, express or implied and in whatever form of words, to the present war or the present hostilities, the present war and present hostilities shall, unless in the case

of such a reference in any contract, deed or other instrument as aforesaid the subject or context otherwise requires, be deemed to continue to, and to end on, the day on which the Proclamation of Emergency made on the 3rd day of September 1939, under section 102 of the Government of India Act, 1935 (26 Geo. 5, c. 2), is revoked:

Provided that nothing in this section shall apply to or prejudice the exercise of any power conferred in whatever form of words in any such provision as aforesaid on any Government authority or person to declare for the purposes o such provision on what specified date the presen war or the present hostilities or the presen emergency shall be deemed to end.

PART VI—Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 7th February, 1946.

L. A. BILL No. 10 OF 1946.

A Bill to provide for the rationalisation of the production and supply of electricity, and generally for taking measures conducive to the electrical development of India.

WHEREAS it is expedient to provide for the rationalisation of the production and supply of electricity, for taking measures conducive to the electrical development of India and for all matters incidental thereto;

It is hereby enacted as follows:—

CHAPTER I.

Introductory.

1. Short title, extent and commencement.—(1) This Act may be called the Electricity (Supply) Act, 1946.

(2) It extends to the whole of British India.

(3) This section shall come into force at once, but the remaining provisions of this Act shall come into force in a Province only if the Provincial Government, by notification in the official Gazette, so directs and from such date as may be specified in the said notification.

2. Interpretation.—In this Act, unless there is anything repugnant in the subject or context,—

(1) "Board" means a Provincial Electricity Board constituted under section 3;

(2) "bulk-licensee" means a licensee who is authorised by his licence to supply electricity to other licensees for distribution by them;

(3) "Central Technical Power Board" means the Central Technical Power Board constituted under the Resolution of the Government of India in the Department of Labour, No. EB-6, dated the 8th day of November 1944;

*The Governor General has been pleased to accord the previous sanction required by sub-section (2) of section 67 of the Government of India Act, as saved from repeal by paragraph 12 of the Government of India (Commencement and Transitory Provisions) Order, 1936 and the previous sanction required by sections 119(i) and 299 of the Government of India Act, 1935, to the introduction of this Bill in the Legislative Assembly.

(4) "controlled station" means a generation station designated in a scheme sanctioned under Chapter IV as a controlled station;

(5) "generating station" or "station" means any station for generating electricity, including any building and plant used for that purpose and the site thereof, a site intended to be used for a generating station, and any buildings used for housing the operating staff of a generating station, and where electricity is generated by water-power, includes penstocks, head and tail works, main and regulating reservoirs, dams and other hydraulic works, but does not in any case include any sub-station for transforming, converting or distributing electricity;

(6) "licensee" means a person licensed under Part II of the Indian Electricity Act, 1910 (IX of 1910) to supply energy or a person who has obtained sanction under section 28 of that Act to engage in the business of supplying energy, but the provisions of section 25 of this Act notwithstanding, does not include the Board;

(7) "main transmission lines" means all high pressure cables and overhead lines (not being an essential part of the distribution system of a lincensee) transmitting electricity from a generating station to another generating station or to a sub-station, together with any step-up and step-down transformers, switch-gear and other works necessary to and used for the control of such cables or overhead lines, and such buildings or part thereof as may be required to accommodate such transformers, switch-gear and other works and the operating staff thereof;

(8) "maximum demand" means, in respect of any period, twice the largest number of kilowatt-hours supplied and taken during any consecutive thirty minutes (calculated from either the commencement or the middle of an hour) in the period;

(9) "prescribed" means prescribed by rules made under section 76;

(10) "regulations" means regulations made by the Board under section 77;

(11) "Reserve Bank" means the Reserve Bank of India;

(12) "transmission lines" means all works mentioned in clause (7) used wholly or partially for the purposes of distribution;

(13) "year" means, in relation to the Board, the year commencing on the 1st day of April;

(14) "year of account" means, in relation to a licensee, his financial year;

(15) other expressions have the meanings respectively assigned to them in the Indian Electricity Act, 1910.

CHAPTER II.

Provincial Electricity Boards.

3. Constitution and composition of Provincial Electricity Boards.—(1) The Provincial Government shall as soon as may be after the issue of the notification under sub-section (3) of section 1, constitute by notification in the official Gazette a Provincial Electrity Board under such name as shall be specified in the notification.

(2) The Board shall consist of not less than four, and not more than seven, members appointed by the Provincial Government, of whom at least three shall be full-time members.

(3) Of the full-time members, one (who shall be the Chairman of the Board) shall be a qualified engineer experienced in administrative and business methods, one shall be an experienced electrical engineer and one shall be experienced in accounting and financial matters.

(4) The part-time members shall be appointed after consultation with such representatives or bodies representative of the following interests as the Provincial Government thinks fit, that is to say, local self-government, electricity, commerce, industry, transport, agriculture and labour.

(5) A person shall be disqualified for being appointed or being a member of the Board if he is, or within the twelve months last preceding has been, a member of any Legislature in India.

(6) No act done by the Board shall be called in question on the ground merely of the existence of any vacancy in, or any defect in the constitution of, the Board.

4. Interprovincial agreement to extend Board's jurisdiction to another Province.—(1) Subject to the following provisions of this section, the Government of any Province may, after it has issued a notification under sub-section (3) of section 1, in lieu of constituting a Board under section 3 enter into an agreement with the Government of a contiguous Province to provide that the Board constituted for the latter Province shall exercise the functions of a Board under this Act in the former Province.

(2) Subject to such modifications (being of a character not affecting the general operation of the agreement) of the terms of the agreement as may from time to time be agreed upon by the Provincial Governments concerned, an agreement entered into under this section shall have permanent effect.

(3) An agreement under this section may—

(a) make such financial arrangements between the participating Provincial Governments as may be necessary for the purposes of the agreement;

(b) provide for consultation between the participating Provincial Governments either generally or with reference to particular matters arising under this Act;

(c) generally make such incidental, supplementary or ancillary provisions, not inconsistent with this Act, as may be deemed necessary or expedient for giving effect to the agreement.

5. Effect of interprovincial agreement.—Where an agreement is entered into under section 4, the participating Provincial Governments shall, by notification in the official Gazettes, declare a date on which the agreement shall come into force, and on and after that date—

(a) the Board constituted for the one Province shall have all the powers and duties of a Board under this Act in respect of both Provinces as if they constituted a single Province;

(b) references in this Act to the Province shall, unless the subject or context otherwise requires, be construed as references to both Provinces, and in particular, the references in section 60 to the Provincial Legislature shall be construed as references to the Legislatures of both Provinces;

(c) the provisions of section 59 in relation to the assumption by the Board of the rights and liabilities of the Provincial Government arising before the first constitution of the Board shall apply to the assumption by the Board of the rights and liabilities of the Government of the Province to which the exercise of its functions under this Act is extended under the agreement, as if in that section for the words "before the first constitution of the Board" there were substituted the words and figure "before the date on which the agreement under section 4 came into force".

6. Term of office of members of the Board.—(1) Subject to the provisions of this Act, the Chairman of the Board shall hold office for seven years, other full-time members for five years and part-time members for three years:

Provided that on the first constitution of the Board such one of the full-time members, other than the Chairman, as the Provincial Government shall select in this behalf shall hold office for three years only.

(2) Members shall be eligible for reappointment.

7. Full-time members to hold no interest in certain concerns.—A full-time member of the Board shall, within three months after his appointment, sell any interest which he may have for his own benefit, whether in his own name or otherwise, in any securities of any company carrying on the business of supplying electricity or the manufacture or sale of machinery, plant, equipment, apparatus or fittings for the generation, transmission, distribution or use of electricity; and it shall not be lawful for a full-time member of the Board, so long as he holds office, to purchase for his own benefit any interest in the securities of any such company and if he under any will or succession becomes entitled for his own benefit to any such interest, he shall sell such interest within three months after becoming so entitled thereto; and he shall also, within three months after his appointment, sever any connection he may have with any electric supply concern and cease to have any interest, direct or indirect, in any such concern.

8. Interest in contracts to be disclosed.—(1) A member of the Board shall, if he is interested directly or indirectly in any contract or arrangement which the Board has entered into or proposes to enter into, disclose to the Board the fact and nature of such interest, and he shall not be entitled to vote on any decision, of the Board relating to such contract or agreement.

(2) A disclosure referred to in sub-section (1) shall forthwith be recorded in the minutes of the Board.

9. Removal or suspension of members.—The Provincial Government may suspend from office for such period as it thinks fit or remove from office any member of the Board who—

(a) is found to be a lunatic or becomes of unsound mind; or

(b) is or becomes an undischarged insolvent; or

(c) fails to comply with the provisions applicable to him of section 7 or section 8; or

(d) becomes a member of any Legislature in India; or

(e) in the opinion of the Provincial Government, has so failed to carry out his duties as to render his suspension or removal, as the case may be, necessary; or

(f) absents himself without leave of the Board from three consecutive ordinary meetings of the Board.

10. Temporary absence of members.—If the Chairman or any other member of the Board is by infirmity or otherwise rendered temporarily incapable of carrying out his duties or is absent on leave or otherwise in circumstances not involving the vacation of his appointment the Provincial Government may appoint another person to officiate for him and carry out his functions under this Act or any rule or regulation made thereunder.

11. Incorporation of Board.—The Board shall be a body corporate by the name notified under sub-section (*1*) of section 3, having perpetual succession and a common seal, with power to acquire and hold property both movable and immovable, and shall by the said name sue and be sued.

12. Authentication of orders and other instruments of the Board.—All orders and decisions of the Board shall be authenticated by the signature of the Chairman or any other full-time member authorised by the Board in this behalf, and all other instruments issued by the Board shall be authenticated by the signature of such member or officer of the Board as may in like manner be authorised in this behalf.

13. Meetings of the Board.—(1) The Board shall hold ordinary meetings at such intervals as may be provided in the regulations; and a meeting may be convened by the Chairman at any other time for the transaction of urgent business.

(2) The number of members necessary to constitute a quorum at a meeting shall be such as may be provided in the regulations.

14. Appointment of staff.—The Board may appoint a Secretary and such other officers and servants as may be required to enable the Board to carry out its functions under this Act:

Provided that in making any such appointments the Board shall have due regard to the principles set out in any regulations under sub-section (2) of section 255 of the Government of India Act, 1935 (26 Geo. 5, c. 2), for the time being in force in the Province.

15. Executive Committee.—(1) The full-time members of the Board shall constitute the Executive Committee of the Board.

(2) It shall be the duty of the Executive Committee to examine all business coming before the Board and to make recommendations thereon to the Board.

(3) In addition to the duty imposed by sub-section (2), the Executive Committee may exercise on behalf of the Board such functions of the Board under this Act as may be provided in the regulations.

16. Regional Advisory Committee.—(1) The Provincial Government may from time to time constitute for such areas as it may determine Regional Advisory Committees, consisting of such number of persons as it may think fit in each case and on such terms and conditions as may be prescribed.

(2) The Board may if it thinks fit consult the Regional Advisory Committees concerned on any business coming before it, and shall so do in respect of such business as the Provincial Government may by general or special order in this behalf specify or when required by the regulations so to do.

(3) The Chairman of the Board or such other member of the Board as he may nominate in this behalf shall be *ex-officio* Chairman of a Regional Advisory Committee.

(4) Regional Advisory Committees shall meet at such intervals as may be prescribed, and for the transaction of urgent business on such other occasions as the Chairman of the Board may require.

(5) The number of members necessary to constitute a quorum at a meeting of a Regional Advisory Committee shall be such as the Provincial Government when constituting the Committee may specify.

CHAPTER III.

Powers and duties of Provincial Electricity Boards.

17. General duties of the Board.—Subject to the provisions of this Act, the Board shall be charged with the general duty of promoting the co-ordinated development of the supply of electricity within the Province in the most efficient and economical manner, with particular reference to such development in areas not for the time being served by any licensee, and without prejudice to the generality of the foregoing provisions it shall be the duty of the Board—

(a) to prepare and carry out when sanctioned schemes under Chapter IV;

(b) to supply electricity to owners of controlled stations and to licensees whose stations are closed down under this Act;

(c) to supply electricity as soon as practicable to any other licensees or persons requiring such supply and whom the Board may be competent under this Act so to supply.

18. Powers of the Board to supply electricity.—(1) The Board may, subject to the provisions of this Act, supply electricity to any licensee or person requiring such supply in any area in which a scheme sanctioned under Chapter IV is in force:

Provided that the Board shall not—

(a) supply electricity for any purpose directly to any licensee for use in any part of the area of supply of a bulk-licensee without the consent of the bulk-licensee, unless the licensee to be supplied has an absolute veto on any right of the bulk-licensee to supply electricity for such purpose in the said part of such area, or unless the bulk-licensee is unable or unwilling to supply electricity for such purpose in the said part of such area on reasonable terms and conditions and within a reasonable time; or

(b) supply electricity for any purpose to any person, not being a licensee, for use in any part of the area of supply of a licensee without the consent of the licensee, unless the licensee is unable or unwilling to supply electricity for such purpose in the said part of such area on reasonable terms and conditions and within a reasonable time.

(2) After the Board has declared its intention to supply electricity for any purpose in any area, for which purpose and in which area it is under this section competent to supply electricity, no licensee shall, the provisions of his licence notwithstanding, at any time be entitled without the consent of the Board to supply electricity for that purpose in that area.

(3) For the purposes of sub-section (1) "absolute veto" means an unqualified right vested in a licensee by virtue of any law, licence or other instrument whereby a bulk-licensee is prevented from supplying electricity in any specified area without the consent of the licensee in whom the veto vests.

(4) If any question arises under sub-section (1) as to the reasonableness of the terms or conditions or time therein mentioned, it shall be determined as provided in section 74.

19. Power to Board to engage in certain undertakings.—(1) The Board may, in accordance with any regulations made in this behalf, manufacture, purchase, sell or let on hire on the execution of a hire-purchase agreement or otherwise, any electric fittings, wires or apparatus for lighting, heating or motive power or for any other purpose for which electricity can or may be used, or any industrial or agricultural machinery operated by electricity, and may install, connect, repair, maintain or remove such fittings, wires, apparatus or machinery, and in respect thereof demand and take such remuneration or rents and charges and make such terms and conditions as it deems fit.

(2) All charges made by the Board for the sale or hire of fittings, wires, apparatus or machinery as aforesaid shall be so fixed as to be not unremunerative to the Board.

(3) The Board may maintain shops and showrooms for the display, sale or hire of fittings, wires, apparatus and machinery as aforesaid, conduct displays, exhibitions and demonstrations thereof, and generally do all things, including advertising, incidental to the sale and hire of such fittings, wires, apparatus and machinery and to the promotion and encouragement of the use of electricity.

(4) The Board shall show separately in its accounts moneys received and expended by it in connection with any undertaking in which it engages under this section.

20. Powers of Board in relation to water-power.—The Board may, with the previous approval of the Provincial Government, take such measures as in the opinion of the Board are calculated to advance the development of water-power in the Province, and may organise and carry out power and hydrometric survey work and cause to be made such maps, plans, sections and estimates as are necessary for any of the said purposes.

21. Power to Board to conduct investigations.—Subject so far as the provisions of this section relate to water-power to the previous approval of the Provincial Government, the Board may at its own expense conduct

such investigations, experiments and trials as it thinks fit for the improvement of the methods of transmission, distribution and supply of electricity or of the utilisation of fuel, water-power or other means of generating electricity, and may establish and maintain laboratories for the testing and standardisation of electrical instruments and equipment.

22. Loans by Board to licensees.—(1) Subject to any regulations made in this behalf, the Board may make advances to any licensee for the purposes of his undertaking on such terms as the Board thinks proper.

(2) Any licensee may, notwithstanding anything contained in any law or in his memorandum of association or in his licence or in any other instrument regulating his constitution and powers, borrow from the Board under this section or accept from the Board any advance which the Board may under any other provision of this Act make to him.

23. Power to Board to contribute to certain associations.—The Board may, subject to any regulations made in this behalf, pay reasonable subscriptions, whether annual or otherwise, to any association of persons engaged in the generation, distribution or supply of electricity founded for the promotion of their common interests and contribute such sums as it thinks fit to the funds of any recognised society not conducted for profit for the promotion and encouragement of the development and use of electricity or for the improvement of knowledge and education in respect of electricity.

24. Consulting engineers.—The Board may from time to time appoint qualified persons to be consulting engineers to the Board and pay them such remuneration as it thinks proper.

25. Board to have powers and obligations of licensee under Act IX of 1910.—Subject to the provisions of this Act, the Board shall, in respect of the whole Province, have all the powers and obligations of a licensee under the Indian Electricity Act, 1910, and this Act shall be deemed to be the licence of the Board for the purposes of that Act:

Provided that nothing in sections 3 to 11, sub-sections (2) and (3) of section 21 and sections 22, 23 and 27 of that Act or in clauses I to XII of the Schedule to that Act relating to the duties and obligations of a licensee shall apply to the Board.

26. Other functions of the Board.—The Board shall have such further powers and duties as are provided in this Act.

CHAPTER IV.

The Board's Works and Trading Procedure.

27. Preparation of schemes.—With a view to rationalising the production and supply of electricity in any area the Board may from time to time prepare a scheme, not inconsistent with this Act, for that area, in which provision may be made for all or any of the following matters, namely:—

(a) the establishment of the Board's own generating stations;

(b) the designation of generating stations, whether existing stations or new stations, as controlled stations at which electricity shall be generated for the purposes of the Board;

(c) the interconnection, by means of main transmission lines to be constructed or acquired by the Board, of any generating stations with any others and with any systems of licensees;

(d) where a scheme relates to a specified area, the interconnection of the system of the Board in that area with the system of the Board in any other area with respect to which a scheme is in being or may subsequently be made;

(e) the construction or acquisition of such other main transmission lines as the scheme may require;

(f) the use by the Board of any transmission lines or main transmission lines of any licensee;

(g) such supplemental, incidental and consequential provisions as may appear necessary or expedient for any of the purposes aforesaid:

Provided that a scheme shall not, without the consent of the owner,—

(i) designate as a controlled station any generating station belonging to a person other than a licensee;

(ii) authorise the use or acquisition of a transmission line or a main transmission line belonging to a person other than a licensee.

28. Publication and sanctioning of schemes.—(1) The Board shall cause every scheme prepared under section 27 to be published in the official Gazette and in such local newspapers as it may consider necessary, and shall give public notice of the date, not being less than two months after the date of the notice, by which licensees and other persons interested may make representations thereon.

(2) The Board, after considering any such representations and after making such inquiries, if any, as it thinks fit, may sanction the scheme either without modification or subject to such modifications as it thinks fit, and either generally or in respect of any part of the area specified in the published scheme, and shall publish the scheme as sanctioned by it; and where the scheme has been sanctioned in respect of part of the said area, it may subsequently be sanctioned in respect of other parts of that area:

Provided that no sanction shall be accorded by the Board to any scheme or part of a scheme estimated to result in a capital expenditure exceeding twenty-five lakhs of rupees without prior consultation with the Central Technical Power Board and until any recommendations which that Board may, in accordance with the provisions of this Act, make upon such consultation have received due consideration by the Board.

(3) In respect of any scheme to which the proviso to sub-section (2) applies, the Board shall, within one month after being requested by the Central Technical Power Board so to do, supply that Board with all such information incidental or supplementary to the scheme as may be specified in the request.

29. Matters to be considered by Central Technical Power Board.—The Central Technical Power Board shall, before making any recommendations in respect of a scheme upon which it has been consulted under the priviso to sub-section (2) of section 28, have particular regard to whether or not in its opinion—

(a) any river-works proposed by the Board will prejudice the prospects for the best ultimate development of the river or its tributaries for power-generation, consistent with the requirements of irrigation, navigation and flood-control, and for this purpose the Central Technical Power Board shall satisfy itself that an adequate study has been made of the optimum location of dams and other river-works;

(b) the proposed scheme will prejudice the proper combination of hydro-electric and thermo-electric power necessary to secure the greatest possible economic output of electric power;

(c) the proposed main transmission lines will be reasonably suitable for regional requirements;

(d) the scheme provides reasonable allowances for expenditure on capital and revenue account;

(e) the estimates of prospective supplies of electricity and revenue therefrom contained in the scheme are reasonable.

30. Recommendations of Central Technical Power Board.—Where the Central Technical Power Board has been consulted under the proviso to sub-section (2) of section 28 in respect of a scheme, it shall forward its recommendations thereon to the Board, sending a copy thereof to the Provincial

Government, within six months from the date of the receipt by it of the scheme:

Provided that if the Board fails to supply in due time any information requested under sub-section (3) of section 28, the period within which the Central Technical Power Board shall forward its recommendations shall be correspondingly increased.

31. Carrying out of schemes.—The Board shall carry out and give effect to a scheme as soon as reasonably practicable after it has been sanctioned and published.

32. Power to alter or extend schemes.—The Board may from time to time alter or extend a scheme by a supplementary scheme made and sanctioned in the manner hereinbefore provided:

Provided that any alterations or extensions of a scheme which are in the opinion of the Board minor in character may be made without preparing a supplementary scheme.

33. Controlled stations.—Where a generating station situate within an area for which a scheme is in force has been designated in the scheme as a controlled station, the relations between the Board and the licensee owning the station shall, subject to any arrangements agreed under section 46, be regulated by the provisions of the First Schedule.

34. Supply by the Board to licensees owning generation stations.—The Board may at any time declare to a licensee owning a generating station, other than a controlled station, situate within an area for which a scheme is in force that it is ready to make a supply of electricity available to the licensee for the purposes of his undertaking, and thereupon but without prejudice to the provisions of section 46, the provisions of the Second Schedule shall apply in respect of the relations between the Board and the said licensee.

35. Power Board to close down generating stations.—The Board may at any time declare to a licensee owning a generating station situate within an area for which a scheme is in force that the station shall be permanently closed down, and thereupon but without prejudice to the provisions of section 46, where the station is a controlled station the provisions of Part III of the First Schedule, or in other cases the provisions of the Third Schedule, shall apply in respect of the relations between the Board and the said licensee with reference to the station to be closed down.

36. Purchase of generating stations or main transmission lines by the Board.—(1) Where under the First or Third Schedule any generating station is to be purchased by the Board, or where a sanctioned scheme provides for the purchase by the Board of a main transmission line belonging to any licensee,—

(a) the generating station from such date of purchase as may be fixed under the appropriate schedule, or the main transmission line from such date of purchase as the Board shall, by notice in writing given not less than one month before the said date, intimate to the licensee, shall vest in the Board free, save as provided in sub-section (2), from any debt, mortgage, lien or other similar obligation of the licensee or attaching to the station or line, as the case may be, and any such debt, mortgage, lien or obligation shall, save as aforesaid, attach to the purchase-money in substitution of the station or line;

(b) without prejudice to the provisions of section 46, the Board shall pay, or tender payment of, the price to be determined in accordance with the Fourth Schedule as soon as the amount thereof has been determined, together with interest on such amount from the date of purchase to the date of payment or tender of payment as aforesaid at the rate of one *per centum* over the average of the Reserve Bank rates between the said dates;

(c) the receipt of the licensee shall, notwithstanding anything in any other law, be a full and sufficient discharge to the Board for the payment due in respect of the purchase.

(2) Where a generating station or main transmission line purchased by the Board under this Act is in course of construction, extension or repair at the date of purchase, the rights and liabilities of the former owner thereof under any contract for such construction, extension or repair shall be transferred to the Board.

(3) Notwithstanding anything contained elsewhere in this Act, where any generating station purchased by the Board under this Act contains any plant or apparatus which, while the station was in operation, were used jointly for the purposes of generation and transmission or distribution or wholly for the purposes of transmission or distribution, then unless otherwise agreed between the Board and the licensee, such plant or apparatus shall not be purchased by the Board but shall remain the property of the licensee.

37. Provision of new generating stations.—The Board may itself establish a new generating station in any area in which it is required by any sanctioned scheme to be situated, or may make arrangements with any licensee or other person for the establishment of a new generating station required by a sanctioned scheme.

38. Operation of Board's generating stations.—Where the Board itself establishes a new generating station or acquires a generating station otherwise than for the purpose of closing it down, it may operate the station itself or make arrangements with any licensee or other person for its operation.

39. Provision regarding connections with main transmission lines purchased by the Board.—Where the Board has purchased a main transmission line and by reason of the user thereof by the Board the alteration or replacement of switchgear or other apparatus of any licensees connected with the line becomes necessary, the Board shall defray the reasonable expenses incurred by the licensees in effecting such alteration or replacement; and any question whether such alteration or replacement is necessary or whether the expenses incurred in connection therewith are reasonable shall in default of agreement be determined as provided under section 74.

40. Use by Board of transmission lines.—(1) Where the Board considers it necessary to use for any of its purposes any transmission line or main transmission lines of a licensee, the Board shall have power to use such lines to the extent to which the capacity thereof is surplus to the requirements of the licensee for the transmission of electricity, on payment of charges calculated in accordance with the provisions of the Fifth Schedule.

(2) The Board may, by agreement with any licensee or other person, use any transmission line or main transmission line of that licensee or person for such time and upon such terms as may be agreed.

41. Powers to Board for placing wires, poles, etc.—Notwithstanding anything contained in sections 12 to 16 and 18 and 19 of the Indian Electricity Act, 1910 (IX of 1910), but without prejudice to the requirements of section 17 of that Act, where provision in such behalf is made in a sanctioned scheme, the Board shall have, for the placing of any wires, poles, wall-brackets, stays, apparatus and appliances for the transmission and distribution of lectricity, or for the transmission of telegraphic or telephonic communications necessary for the proper co-ordination of the works of the Board, all the powers which the telegraph authority possesses under Part III of the Indian Telegraph Act, 1885 (XIII of 1885), with regard to a telegraph established or maintained by the Government or to be so established or maintained:

Provided that where a sanctioned scheme does not make such provision as aforesaid, all the provisions of section 12 to 19 of the first-mentioned Act shall apply to the works of the Board.

42. Power to Board to enter into arrangements for purchase or sale of electricity under certain conditions.—(1) The Board may enter into arrangements with any person producing electricity within the Province for the purchase by the Board on such terms as may be agreed of any surplus electricity of which that person may be able to dispose.

(2) Where a sanctioned scheme so provides, the Board may, on such terms as may be agreed, enter into arrangements with any Government or person for the purchase or sale of electricity to be generated or used outside the Province:

Provided that the Board may not enter into such arrangements with any such Government or person without the consent of the Provincial Government, or into arrangements with any such person without the consent of the Government of the Province within which the electricity is to be generated or used.

43. Restriction of establishment of new generating stations or major additions or replacement of plant in generating stations.—(1) Notwithstanding anything contained in any other law for the time being in force or in any licence but subject to the provisions of this Act, it shall not be lawful for a licensee, or any other person not being a Federal Railway administration except with the previous consent in writing of the Board, to establish or acquire a new generating station or to extend or replace any major unit of plant or works pertaining to the generation of electricity in a generating station:

Provided that such consent shall not, except in relation to a controlled station, be withheld unless within three months from the date of receipt of an application—

(a) for consent to the establishment or acquisition of a new generating station, the Board—

(i) gives to the applicant being a licensee an undertaking that it is competent to, and will, within eighteen months from the said date afford to him a supply of electricity equivalent to that required by him pursuant to his application, or

(ii) shows to the applicant good and sufficient reasons for a belief that the electricity required by him pursuant to his application could be more economicallly obtained within a reasonable time from another appropriate source;

(b) for consent to the extension or replacement of any major unit of plant or works as aforesaid, the Board—

(i) gives to the applicant being a licensee an undertaking that within eighteen months from the said date either the station to which the application pertains will become a controlled station in terms of section 33, or the Board will make a declaration to the applicant in terms of section 34 offering him a supply of electricity equivalent to that required by him pursuant to his application, or the Board will make a declaration to him in terms of section 35, or

(ii) shows to the applicant good and sufficient reasons for a belief that the electricity required by him pursuant to his application could be more economically obtained within a reasonable time from another appropriate source or by other appropriate means.

(2) There shall be stated in every application under this section such particulars as the Board may reasonably require of the station, plant or works, as the case may be, in respect of which it is made, and where consent is given thereto, in acting in pursuance of such consent, the applicant shall not, without the further consent of the Board, make any material variation in the particulars so stated.

44. Power to Board to enter upon and shut down generating stations in certain circumstances.—(1) If any licensee fails to close down his generating stations pursuant to a declaration of the Board under section 35, or if any person establishes or acquires a new generating station or extends or replaces any plant or works in any generating station in contravention of section 43, the Board may authorise any of its officers to enter upon the premises of such station and shut down the station or the plant or works, as the case may be, in respect of which the failure or contravention has occurred.

(2) Any expenses incurred by the Board under this section shall be recoverable by it from the licensee or person concerned as an arrear of land revenue, and for such purpose the Board shall be deemed to be a public officer within the meaning of section 5 of the Revenue Recovery Act, 1890 (I of 1890).

45. The Grid Tariff.—(1) A tariff to be known as the Grid Tariff shall, in accordance with any regulations made in this behalf, be fixed from time to time by the Board in respect of each area for which a scheme is in force, and tariffs fixed under this section may, if the Board thinks fit, differ for different areas.

(2) Without prejudice to the provisions of section 46, the Grid Tariff shall apply to sales of electricity by the Board to licensees where so required under any of the First, Second and Third Schedules, and shall, subject as hereinafter provided, also be applicable to sales of electricity by the Board to licensees in other cases:

Provided that if in any such other case it appears to the Board that the transmission expenses involved in affording the supply would be unreasonable having regard to the magnitude of the supply required, the Board may make such additional charges as it considers appropriate.

(3) The Grid Tariff shall be so framed as to include as part of the charge, and show separately a fixed kilowatt charges component and a running charges component:

Provided that if in respect of any area the electricity to be sold by the Board is wholly or substantially derived from hydro-electric sources, the running charges component may be omitted.

(4) The fixed kilowatt charges component in the Grid Tariff may be framed so as to vary with the magnitude of maximum demand.

(5) Where only a portion of a licensee's maximum demand for the purposes of his undertaking is chargeable at the Grid Tariff, the price payable for that portion shall not be greater than the smallest price which would have been payable for any equivalent portion had the whole of the said maximum demand of the licensee been chargeable at the Grid Tariff.

(6) The Grid Tariff may contain provisions for—

(a) adjustment of price having regard to the power factor of supply taken or the cost of fuel or both;

(b) a minimum charge related to a past or prospective demand of a licensee on the Board.

(7) The Grid Tariff may contain such other terms and conditions, not inconsistent with this Act and the regulations, as the Board thinks fit.

46. Power to Board to make alternative arrangements with licensees.—Notwithstanding anything contained in sections 33 to 36 and sub-section (2) of section 45 but subject to any regulations made in this behalf, the Board may make such arrangements as may be mutually agreed with any licensee whose area of supply is situate within an area for which a scheme is in force, in regard to the purchase or sale of electricity and the price thereof, or the purchase, operation or control of any generating station or main transmission line:

Provided that in making any such arrangement the Board shall not show undue preference to any licensee.

47. Power to licensee to carry out arrangements under this Act.—Where under any provision of this Act the Board is authorised or required to enter into arrangements with any licensee for any purpose, then notwithstanding anything contained in any law or in any license, memorandum of association or other instrument regulating the constitution or powers of the licensee, it shall be lawful for the licensee to enter into and carry out any such arrangements.

48. Provision for the sale of electricity by the Board to persons other than licensees.—Subject to the provisions of this Act and of any regulations made in this behalf, the Board may supply electricity to any person not being a licensee upon such terms and conditions as the Board may from time to time fix having regard to the nature and geographical position of the supply and the purposes for which it is required:

Provided that in fixing any such terms and conditions the Board shall not show undue preference to any person.

49. Board not to supply electricity in certain circumstances.—Nothing contained in sections 33, 34 and 35 shall apply in any case where under section 18, it is not permissible for the Board to supply electricity directly to a licensee owning a generating station; and nothing in sections 45, 46 and 48 shall empower the Board to supply electricity directly to any licensee or person to whom it is not otherwise entitled so to supply electricity.

50. Provisional payments.—Where the price to be paid for electricity by or to the Board under this Act cannot be finally ascertained until after the end of a year of account, the amount to be paid shall be ascertained as soon as practicable thereafter, but the party from whom the payment is due shall make to the other monthly payments on account of the net amounts due in accordance with estimates made for the purpose, subject to adjustment as soon after the end of the year of account as the actual liability can be ascertained.

51. Lower limit of power factor in supply by Board.—Unless otherwise agreed between the Board and the licensee, no supply of electricity taken by a licensee from the Board under this Act shall be taken at an average power factor below 0·85 during the period of maximum demand of the licensee in any month, and in the event of the average power factor as aforesaid being lower than 0·85, the licensee shall within a reasonable time take such measures, the cost of which shall not be borne by the Board, as may be necessary to raise it to a value not lower than 0·85.

52. Provision of accommodation and right of way.—(1) Where the Board for the purposes of any arrangements which it has made with any licensee under this Act requires accommodation on, in, under or over the premises of the licensee for any works or apparatus to be provided by the Board, the licensee shall, if suitable and sufficient accommodation exists and unless otherwise agreed, grant such accommodation free of cost to the Board, or if such accommodation does not exist, it shall be provided upon such terms and conditions as may be agreed between the Board and the licensee.

(2) The Board and any licensee shall at all times have a right of access to their own property on, in, over and under the property of the other.

53. Power to Board to connect meters, etc., to apparatus of licensees.—The Board shall have power to connect with the apparatus of any licensee any such correct meters, switch-gear and other equipment as may be necessary, to enable it to carry out the provisions of this Act, and such meters, switch-gear and other equipment shall, unless otherwise agreed, be provided and maintained by the Board at its own cost.

54. Licensees to comply with Board's directions.—Every licensee owning a generating station shall comply with such reasonable directions as the

Board may from time to time give him for the purpose of achieving the maximum of economy and efficiency in the operation of the station.

55. Leases of generating stations.—(1) No licensee shall, except with the previous approval in writing of the Board and subject to any conditions which the Board may think fit to impose, enter into any arrangement for his benefit whereby any generating station is to be let or held on lease by him, and any such arrangement entered into in contravention of this sub-section shall be void and of no effect.

(2) Where any arrangement as aforesaid is subsisting on the date of the notification under sub-section (3) of section 1, the licensee shall, within three months from the said date, submit the terms of the arrangement to the Board.

56. Licensees' charges to consumers.—(1) After the issue of the notification under sub-section (3) of section 1, the provisions of the Sixth Schedule and the Table appended to the Seventh Schedule shall be deemed to be incorporated in the licence of every licensee, not being a local authority, from the date of the commencement of the licensee's next succeeding year of account, and from such date the licensee shall comply therewith accordingly and any provisions of such licence or of the Indian Electricity Act, 1910 (IX of 1910), or any other law, agreement or instrument applicable to the licensee shall, in relation to the licensee, be void and of no effect in so far as they are inconsistent with the provisions of this section and the said Schedule and Table.

(2) Where the provisions of the Sixth Schedule and the Table appended to the Seventh Schedule are under sub-section (1) deemed to be incorporated in the licence of any licensee, the following provisions shall have effect in relation to the said licensee, namely:—

(a) The Board may at any time of its own accord, and shall when requested so to do by the licensee, constitute a rating committee to examine the licensee's charges for the supply of electricity and to recommend thereon to the Provincial Government:

Provided that no rating committee shall be constituted in respect of a licensee within three years from the date on which such a committee has reported in respect of that licensee, unless the Provincial Government declares that in its opinion circumstances have arisen rendering the orders passed on the recommendations of the previous rating committee unfair to the licensee or any of his consumers.

(b) A rating committee shall consist of two members of the Board, one of whom shall be Chairman of the committee and one of whom shall be experienced in accounting and financial matters, together with one representative co-opted by them from a licensees' association of which the licensee concerned is or is eligible to be a member, or if there is no such association, from such Chamber of Commerce or like body as the Board may direct.

(c) The rating committee shall, after giving the licensee a reasonable opportunity of being heard, report to the Provincial Government making recommendations (and giving reasons therefor) regarding the charges for electricity which the licensee may make to any class or classes of consumers:

Provided that the committee shall not recommend any alteration in a licensee's charges for electricity which would in its reasonable estimation result in preventing the licensee from earning clear profits sufficient when taken with the sums available in Tariffs and Dividends Control Reserve A to afford him a reasonable return during his next three succeeding years of account.

Explanation.—For the purposes of this clause, the expressions "clear profits", "Tariffs and Dividends Control Reserve A" and "reasonable return" have the meanings respectively assigned to them in the Sixth Schedule.

(d) Within one month after the receipt of the report under clause (c) the Provincial Government shall cause the report to be published in the official Gazette, and may at the same time make an order in accordance therewith fixing the licensee's charges for the supply of electricity with effect from such date, not earlier than two months or later than three months after the date of publication of the report, as may be specified in the order; and the licensee shall forthwith give effect to such order:

Provided that nothing in this clause shall be deemed to prevent a licensee from reducing at any time any charges so fixed.

57. Power to Board to direct amortisation and tariffs policies of licensees being local authorities.—The Board shall have power to direct the amortisation and tariffs policies of any licensee, being a local authority, with respect to his licensed undertaking in such manner as the Board, after giving the local authority a reasonable opportunity of being heard, considers expedient for the purposes of the Act; and the licensee, being a local authority, the provisions of any other law or of any rules made or directions given thereunder notwithstanding, shall give effect to any such directions of the Board.

CHAPTER V.

The Board's Finance, Accounts, and Audit.

58. General principles for Board's finance.—It shall be a general principle of the Board that as far as practicable and after taking credit for any subventions from the Provincial Government under section 62, the operations of the Board under this Act shall not be carried out at a loss, and that its charges shall be adjusted accordingly from time to time:

Provided that where necessary any amounts due for meeting the operating, maintenance and management expenses of the Board or for the purposes of clauses (i) and (ii) of section 66 may, to such extent as may be sanctioned by the Provincial Government, be paid out of capital.

59. Board to assume obligations of Provincial Government in respect of matters to which this Act applies.—(1) All debts and obligations incurred, all contracts entered into and all matters and things engaged to be done by, with or for the Provincial Government for any of the purposes of this Act before the first constitution of the Board shall be deemed to have been incurred, entered into or engaged to be done by, with or for the Board; and all suits or other legal proceedings instituted or which might but for the issue of the notification under sub-section (3) of section 1 have been instituted by or against the Provincial Government may be continued or instituted by or against the Board.

(2) All expenditure which the Provincial Government may, not later than two months after the first constitution of the Board, declare to have been incurred before the issue of the notification under sub-section (3) of section 1 on capital account in connection with the purposes of this Act shall be deemed to be a loan advanced to the Board under section 63 on the date of the said declaration, and all the assets acquired by such expenditure shall thereupon vest in the Board.

60. Annual financial statement.—(1) In February of each year the Board shall submit to the Provincial Government a statement in the prescribed form of the estimated capital and revenue receipts and expenditure for the ensuing year.

(2) The said statement shall include a statement of the salaries of members, officers and servants of the Board and of such other particulars as may be prescribed.

(3) The Provincial Government shall as soon as may be after the receipt of the said statement cause it to be laid on the table of the Chamber, or as

the case may be, Chambers of the Provincial Legislature; and the said statement shall be open to discussion therein, but shall not be subject to vote.

(4) The Board shall take into consideration any comments made on the said statement in the Provincial Legislature, but shall not be required to defer any expenditure which is in its opinion urgent pending the receipt and consideration of such comments.

(5) The Board may at any time during the year in respect of which a statement under sub-section (1) has been submitted submit to the Provincial Government a supplementary statement, and all the provisions of this section shall apply to such statement as they apply to the statement under the said sub-section.

61. Restriction on unbudgeted expenditure.—(1) Save where in the opinion of the Board circumstances of extreme urgency have arisen, no sum exceeding ten thousand rupees on account of recurring expenditure or exceeding fifty thousand rupees on account of non-recurring expenditure shall be expended by the Board unless such sum has been included in a statement submitted under sub-section (1) or sub-section (5) of section 60.

(2) Where any such sum is expended under circumstances of extreme urgency, a report thereon indicating the source from which it is proposed to meet the expenditure shall be made as soon as practicable to the Provincial Government.

62. Subventions to the Board.—The Provincial Government may from time to time make subventions to the Board for the purposes of this Act on such terms and conditions as the Provincial Government may determine.

63. Loans to the Board.—The Provincial Government may from time to time advance loans to the Board on such terms and condition, not inconsistent with the provisions of this Act, as the Provincial Government may determine.

64. Power of Board to borrow.—(1) The Board may from time to time with the previous sanction of the Provincial Government and subject to the provisions of this Act and to such conditions as may be prescribed in this behalf, borrow any sum required for the purposes of this Act.

(2) Rules made by the Provincial Government for the purposes of this section may empower the Board to borrow by the issue of bonds or stock or otherwise and to make arrangements with bankers, and may apply to the Board with such modifications as may be necessary to be consistent with this Act the provisions of the Local Authorities Loans Act, 1914 (IX of 1914) and the rules made thereunder as if the Board were a local authority:

Provided that no such rules and no term or condition imposed under this section or under section 63 shall authorise or require the Board to amortise in any way any loan taken by it, and no law for the time being in force shall be deemed to authorise or require the Board so to do.

(3) The maximum amount which the Board may at any time have on loan under sub-section (1) shall be ten crores of rupees, unless the Provincial Government with the approval of the Provincial Legislative Assembly fixes a higher maximum amount.

(4) Stock issued by the Board under this section shall be issued, transferred, dealt with and redeemed in such manner as may be prescribed.

65. Guarantee of loans.—The Provincial Government may guarantee in such manner as it thinks fit the payment of the principal or interest of any loan proposed to be raised by the Board or of either the principal or the interests:

Provided that the Provincial Government shall, so long as any such guarantees are in force, lay before the Chamber or, as the case may be, Chambers of the Provincial Legislature in every year during the budget

session a statement of the guarantees, if any, given during the current financial year of the Province, and an up-to-date account of the total sums, if any, which have been paid out of Provincial revenues by reasons of any such guarantee or paid into Provincial revenues towards repayment of any money so paid out.

66. Priority of liabilities of the Board.—The revenues of the Board shall, after meeting its operating, maintenance and management expenses, be distributed as far as they are available in the following order, namely:—

(i) Interest on bonds not guaranteed under section 65.

(ii) Interest on stock not so guaranteed.

(iii) Credits to depreciation reserve under section 67.

(iv) Interest on bonds guaranteed under section 65.

(v) Interest on stock so guaranteed.

(vi) Repayment of principal and interest on sums paid by the Provincial Government under guarantees under section 65.

(vii) The write-down of amounts paid from capital under the proviso to section 58.

(viii) Contribution to general reserve of an amount not exceeding one *per centum per annum* of the cost of fixed assets employed by the Board, so however that the total standing to the credit of such reserve shall not exceed eight *per centum* of the cost of such fixed assets.

(ix) Interest on loans advanced or deemed to be advanced to the Board under section 63, including arrears of such interest.

(x) Of the balance remaining, one-half in the reduction of tariffs or for such other purposes beneficial to electrical development in the Province, as the Board may think fit, and the remaining one-half as far as available in the following order, namely:—

(a) repayment of interest-free loans;

(b) to Provincial revenues.

67. Depreciation reserve.—The Board shall create a depreciation reserve and, as far as compliance with the provision of section 66 makes it practicable, shall at the end of every year credit to such reserve from its revenues—

(i) sums ascertained in accordance with the Seventh Schedule, and

(ii) interest at the rate of 4½ *per centum per annum* on all sums at credit of the depreciation reserve on the first day of the said year;

Provided that if in any year it is not practicable fully to comply with the provisions of this section, the amount by which the sums actually credited falls short of the amount required under this section in respect of that year shall be carried forward and, together with compound interest thereon at the aforesaid rate, shall be credited to the said reserve as soon as it is found possible in accordance with section 66 so to do.

68. Accounts and audit.—(1) The Board shall cause to be maintained such proper books of account and other books in relation to its accounts as the regulations may require, and shall prepare in accordance with the regulations an annual statement of accounts.

(2) The Board shall cause its accounts to be audited annually by a person qualified under the provisions of section 144 of the Indian Companies Act, 1913 (VII of 1913), to act as an auditor of companies.

(3) As soon as the accounts of the Board have been audited, the Board shall send a copy thereof together with a copy of the report of the auditor thereon to the Provincial Government, and shall cause the accounts to be published in the prescribed manner and place copies thereof on sale at a reasonable price.

(4) The Board shall comply with such orders and instructions, not inconsistent with the provisions of this Act, as the Provincial Government may, upon perusal of the report of the auditor, think fit to issue.

CHAPTER VI.

Miscellaneous.

69. Effect of other laws.—(1) No provision of the Indian Electricity Act, 1910 (IX of 1910) or of any other law, or of any rules made under any such law or of any instrument having effect by virtue of any such law or rule shall, so far as it is inconsistent with any of the provisions of this Act, have any effect:

Provided that nothing in this Act shall be deemed to prevent the Provincial Government from granting, after consultation with the Board, a licence not inconsistent with the provisions of the Indian Electricity Act, 1910, to any person in respect of such area and on such terms and conditions as the Provincial Government may think fit.

(2) Save as otherwise provided in this Act, the provisions of this Act shall be in addition to, and not in derogation of, the Indian Electricity Act, 1910.

70. Rights and options to purchase under Act IX of 1910 to vest in Board.—Where under the provisions of the Indian Electricity Act, 1910, any right or option to purchase the undertaking of a licensee vests in the Provincial Government or a local authority, such right or option shall be deemed to be transferred to the Board, and shall be exercisable by the Board in accordance with the provisions of the said Act applicable to the exercise of such right or option by the Provincial Government or a local authority, as the case may be.

71. Water-power concessions to be granted only to the Board.—The Provincial Government shall not grant any concession for the development or use of water power for any electrical purpose to any person other than the Board, unless the Board recommends to the Provincial Government that it is not expedient for the Board itself so to develop or use the water-power concerned.

72. Powers of entry.—Any officer or servant of the Board generally or specially authorised by the Board in this behalf may at any reasonable time enter upon any land or premises and there do such things as may be reasonably necessary for the purposes of lawfully using any transmission lines or main transmission lines, or of making any survey, examination or investigation preliminary or incidental to the exercise of powers or the performance of duties by the Board under this Act.

73. Annual reports, statistics and returns.—(1) The Board shall, before such date and in such form as may be prescribed, submit to the Provincial Government an annual report upon such matters as may be prescribed, and the Provincial Government shall cause such report to be published in the official Gazette.

(2) The Board shall furnish to the Provincial Government at such times and in such form and manner as may be prescribed or as the Provincial Government may direct, such statistics and returns and such particulars in regard to any proposed or existing scheme as the Provincial Government may from time to time require.

(3) The Board may, at any time, by notice in writing require any licensee or person supplying electricity for public or private purposes or generating electricity for his own use to furnish it with such information and accounts relating to such supply or generation and in such form and manner as the notice may specify.

74. Arbitration.—(1) Where any question arises under this Act between the Board and a licensee or other person, it shall if the Board and the licensee or other person are unable to settle it by agreement, be determined by arbitration, and in particular, where under any provision of this Act

any matter is to be agreed between the Board and a licensee or other person and no alternative method of determining it is set out in that provision, the matter shall, if no agreement as aforesaid can be reached, be determined by arbitration.

(2) Where any question or matter is under this Act to be determined by arbitration, it shall be referred to two arbitrators, one appointed by the Board and the other by the licensee or other person concerned.

(3) Subject to the provisions of this section, the provisions of the Arbitration Act, 1940 (X of 1940) shall apply to arbitrations under this Act.

(4) The arbitrators shall in making their award have regard to the provisions of this Act and any rules and regulations made thereunder relevant to the reference.

(5) The arbitrators may, if they think it expedient so to do, call in the aid of one or more qualified assessors and hear the reference wholly or partially with the aid of such assessors.

(6) The provisions of sub-sections (4) and (5) shall apply to the umpire, if he enters on the reference, as they apply to the arbitrators.

75. Penalties and procedure.—(1) If any licensee or other person fails without reasonable excuse to comply with or give effect to any direction, order or requirement made under section 54 or under clause (d) of sub-section (2) of section 56 or under section 57 or under sub-section (3) of section 73, he shall be deemed to have committed an offence under this section and shall be punishable with fine which may extend to five hundred rupees, and in the case of continuing offence with an additional fine which may extend to fifty rupees for every day after the first during which the offence continues.

(2) Where any licensee or person is a firm, company or other Body corporate, every partner, director, member, manager, secretary or other officer thereof shall, unless he proves that an offence under this section was committed without his knowledge or that he exercised all due diligence to prevent its commission, be deemed to be guilty of the offence.

(3) No Court shall take cognisance of an offence under this section except on the complaint of an officer of the Board authorised by the Board in this behalf.

76. Power to make rules.—(1) The Provincial Government may after previous publication, by notification in the official Gazette make rules to give effect to the purposes of this Act.

(2) In particular, and without prejudice to the generality of the foregoing power, such rules may provide for—

(a) the remuneration and conditions of service of members of the Board;

(b) the terms and conditions of appointment of members of Regional Advisory Committees, the convening of meetings of such Committees, and the conduct of business thereat;

(c) the form in which the annual financial statement and supplementary statements under section 60 shall be prepared by the Board, and the particulars to be included therein;

(d) the conditions subject to which the Board may borrow under section 64;

(e) the manner in which stock issued by the Board shall be issued, transferred, dealt with and redeemed;

(f) the manner in which the accounts of the Board shall be published under section 68;

(g) the form in which and the date by which the annual report of the Board shall be submitted under section 73, and the form and manner of furnishing statistics and returns by the Board under that section.

77. Power to make regulations.—The Board may make regulations not inconsistent with this Act to provide for all or any of the following matters, namely:—

(a) the administration of the funds and other property of the Board, and the maintenance of its accounts;

(b) the summoning and holding of meetings of the Board, the times and places at which such meetings shall be held, the conduct of business thereat and the number of members necessary to constitute a quorum;

(c) the duties of officers and servants of the Board, and their salaries, allowances and other conditions of service;

(d) allowances of members of the Board;

(e) the functions of the Board which may be exercised on behalf of the Board by the Executive Committee under section 15;

(f) the business of the Board upon which the Regional Advisory Committees concerned shall be consulted;

(g) all matters necessary or expedient for regulating the operations of the Board under section 19;

(h) the making of advances to licensees by the Board under section 22 and the manner of repayment of such advances;

(i) the making of contributions by the Board under section 23;

(j) the procedure to be followed by the Board in inviting, considering and accepting tenders;

(k) principles governing the fixing of Grid Tariffs;

(l) principles governing the making of arrangements with licensees under section 46;

(m) principles governing the supply of electricity by the Board to persons other than licensees under section 48;

(n) Any other matter arising out of the Board's functions under this Act for which it is necessary or expedient to make regulations:

Provided that regulations under clause (a) shall be made only with the previous approval of the Provincial Government.

78. Exemption of Board from Central taxation.—Notwithstanding anything contained in any other law for the time being in force, the Board shall be exempt from liability to pay any tax on income, corporation tax or any other like tax levied by the Central Government.

79. Members, officers and servants of the Board to be public servants.—All members, officers and servants of the Board shall be deemed, when acting or purporting to act in pursuance of any of the provisions of this Act, to be public servants within the meaning of section 21 of the Indian Penal Code (XLV of 1860).

80. Protection to persons acting under this Act.—No suit, prosecution or other legal proceeding shall lie against any person for any thing which is in good faith done or intended to be done under this Act.

THE FIRST SCHEDULE.

(See sections 33 and 35.)

Arrangements in respect of controlled stations.

PART I.

Assumption of control.

1. (1) The Board shall by notice in writing to the licensee fix a date (hereafter in this Schedule referred to as the date of control), being the first day of a year of account of the licensee, and from such date the licensee

shall, except where prevented by causes beyond his control, be under obligation—

(a) subject to such directions as the Board may from time to time give him, to keep the station at all times in good and substantial repair and condition and ready for use, together with adequate staff for operating, maintaining and controlling the station, and not to make any substantial alterations or renewals in, or remove any essential or substantial part of, the station without the consent in writing of the Board;

(b) to operate the station so as to generate such quantity of electricity with such units of plant at such rates of output and at such times, or to cease to generate electricity during such periods, as the Board may direct;

(c) to carry out as soon as may be practicable such reasonable extensions, alterations or renewals of the station or any part thereof as the Board may from time to time direct;

(d) to supply to the Board all the electricity generated at the station.

(2) For complying with any direction under sub-paragraph (1) requiring extensions or alterations of the station or any part thereof, the Board may, if it considers it expedient and practicable so to do, advance on loan upon such terms as it may determine, and the licensee shall accept from the Board upon such terms, the money required to meet the cost of such extensions or alterations:

Provided that the principal of loans so advanced by the Board and the interest thereon shall be charged upon the undertaking and all the revenues of the licensee and no such loan shall be amortised in any way by the licensee:

Provided further that if at the date of purchase of the station under this Act or of the licensee's undertaking under the Indian Electricity Act, 1910 (IX of 1910), the said principal or any part thereof remains unrepaid through due for redemption or is not on that date due for redemption, then any sum payable by the purchaser as a percentage on account of compulsory purchase under this Act or the said Act shall be reduced by an amount which bears the same proportion to that sum as the amount of the said principal or part thereof remaining unrepaid or not being due for redemption as aforesaid bears to the total of the ordinary, preference and debenture capital of the licensee.

Explanation.—In this sub-paragraph, the expressions "ordinary capital", "preference capital" and "debenture capital" have the meanings respectively assigned to them in the Sixth Schedule.

(3) In the event of any active employees of the licensee being temporarily not required for the purposes of operating, maintaining or controlling the generating station, the licensee may for the time being transfer them to his distribution staff; and if he so transfers any such employee the excess (if any) of his wages appropriate to his duties connected with the generating station over his wages appropriate to his duties connected with distribution shall be paid by the Board to the licensee as part of the costs to be ascertained under paragraph 4.

2. From the date of control the Board shall, except where prevented by causes beyond its control, be under obligation to supply to the licensee, and the licensee shall be under obligation to take from the Board, the whole of the electricity required by the licensee for the purposes of his undertaking, except such quantity of electricity as the licensee may for the time being be entitled under paragraph 3 to purchase from a source other than the Board or as he may be generating in another station, not being a controlled station.

3. Unless otherwise agreed between the board and the licensee, the licensee shall not, where he has received a notice under paragraph 1 purchase after the date of control any quantity of electricity from a source other than the Board:

Provided that where on the date of the receipt of such notice the licensee is bound under any contract to purchase any quantity of electricity from some other source, he may, for a period not exceeding two years after the date of control or for such further period, if any, as the Board may allow, continue to purchase electricity under the said contract from such other source.

4. The Board shall pay to the licensee, whether or not any electricity is generated at the station, the costs ascertained in accordance with the provisions of the Eighth Schedule.

5. The price to be paid by the licensee for electricity supplied by the Board shall be determined in the manner provided in the appropriate Part of this Schedule.

6. The points at which electricity to be supplied under this Schedule shall be delivered by the Board and the licensee respectively shall, unless otherwise agreed between the Board and the licensee, be at the generating station, and the pressure of the supplies shall be such as the Board and the licensee may agree.

7. Where any licensee owns more than one controlled station—

(a) such of the several controlled stations as are interconnected shall, for the purposes of this Schedule, be deemed to comprise a single controlled station, and unless the subject or context otherwise requires, the provisions of this Schedule shall be construed as if the word "combined" had been inserted before the word "station" or the words "generating station" wherever they occur;

(b) the electricity supplied at the several controlled stations by the licensee to the Board, or by the Board to the licensee, shall each respectively be treated as single supplies;

(c) in the application of clause (a) of paragraph 12, the costs of production at each of the several controlled stations shall be separately ascertained, and in the application of clause (c) of the said paragraph—

(i) the sums ascertained in accordance with clause (a) of paragraph 1 of the Eighth Schedule in respect of each of the several controlled stations shall be separately allocated between fixed costs and running costs, and

(ii) the sum of the several fixed costs and the sum of the several running costs shall be the fixed costs and the running costs respectively of the combined station;

(d) in directing the operation of the combined station under clause (b) of sub-paragraph (1) of paragraph 1, the Board shall have regard to the nature and capacity of the licensee's transmission system interconnecting the several controlled stations and to the requirements of the licensee at each of those stations.

8. In the event of the licensee failing, except where prevented by causes beyond his control, to perform or continue to perform any obligation imposed upon him under this Part, the Board may give notice to him in writing that on the first day of the licensee's next succeeding year of account the generating station will be purchased by the Board, and on such day the Board shall purchase the station at a price determined in accordance with the Fourth Schedule; and thereafter—

(a) all the provisions of this Schedule except paragraph 2 and this paragraph shall, in relation to the licensee, cease to have effect;

(b) the Board shall supply the licensee with the electricity required by him under paragraph 2 at such price and on such conditions as the Board may determine.

PART II.

Price to be paid for electricity supplied by the Board under Part I.

9. There shall be agreed between the Board and the licensee in respect of each month of the licensee's year of account—

(a) the maximum capacity of the station, that is to say, the maximum capacity (expressed in kilowatts available for supply to feeders) of such plant and works appertaining to the generation of electricity at the station as were available for reliable and regular commercial operation on the first day of the month, including the capacity of such plant and works as were temporarily out of commission;

(b) the number and size of units of plant and works, forming part of the aforesaid plant and works, which ought properly to be deemed to be standby if the station were not a controlled station;

(c) the standby capacity of the station, that is to say, the number of kilowatts (expressed in kilowatts available for supply to feeders) by which the maximum capacity of the station would be reduced if the standby plant and works referred to in clause (b) were to be left out of account;

(d) the actual effective capacity of the station, that is to say, the number of kilowatts by which the maximum capacity exceeds the standby capacity.

10. (1) The licensee shall be entitled to purchase from the station in each month at a price determined under paragraph 13 a number of kilowatts not exceeding, the scheduled effective capacity of the station on the first day of that month as determined in sub-paragraph (2).

(2) The scheduled effective capacity of the station shall be agreed between the Board and the licensee in respect of each month of the year of account, and shall be computed in the same manner as the actual effective capacity under paragraph 9, except that there shall be left out of account such units of plant and works, if any, forming part of the plant and works referred to in clause (a) of the said paragraph, as the licensee declares to be surplus to his requirements for the time being:

Provided that the licensee shall not declare to be surplus to his requirements any such units of plant or works as were installed or were on order at the date of control or which were included in any previous computation of the scheduled effective capacity:

Provided further that if as a result of the licensee declaring as surplus to his requirements any units of plant or works, the scheduled effective capacity is in respect of any month computed to be less than the maximum demand of the licensee on the station for the purposes of his own undertaking, then such units of plant or works and all further additional units of plant or works shall thereafter always be deemed to be surplus to the requirements of the licensee as aforesaid.

11. The licensee shall be entitled to purchase from the Board in each month at a price determined under paragraph 13 a number of kilowatt-hours not exceeding the number of kilowatt-hours which bears the same proportion to the total number of kilowatt-hours purchased by the licensee from the Board in the month as the scheduled effective capacity for the month bears to the maximum demand of the licenses on the Board in that month:

Provided that if the station is a hydro-electric station or if any unit of a combined station is a hydro-electric unit, the number of kilowatt-hours which the licensee shall be entitled to purchase as aforesaid shall be reduced by such amount, if any, as may be agreed between the Board and the licensee, having regard to the number of kilowatt-hours actually supplied in the month from such hydro-electric station or unit.

12. As soon as practicable after the end of a year of account—

(a) there shall be ascertained in respect of that year the cost of production at the station in accordance with the provisions of the Eighth Schedule;

(b) there shall be deducted from the total sum ascertained in respect of that year under clauses (b), (c), (d), (e), and (f) of paragraph 1 of the Eighth Schedule, such proportion of the charges referred to in the said clauses as are wholly attributable to so much of the plant and works, if any, as has been declared by the licensee under sub-paragraph (2) of paragraph 10 to be surplus to his requirements, and the balance remaining after such deduction shall for the purposes of this Schedule be referred to as the scheduled overhead charges:

Provided that in assessing the said proportion regard shall be had to the period during which any such plant or works were declared to be surplus as aforesaid;

(c) there shall be allocated between fixed costs and running costs in accordance with the provisions of the Ninth Schedule the sum ascertained in respect of that year under clause (a) of paragraph 1 of the Eighth Schedule, and the amount of running costs divided by the number of kilowatt-hours supplied from the station in that year shall for the purposes of this Schedule be referred to as the running charges component;

(d) there shall be ascertained in respect of that year an amount (in this Schedule referred to as the scheduled fixed works costs) calculated from the expression, "$\frac{A}{2} + \frac{A}{2} \times \frac{B}{C}$" where—

A = the amount of fixed costs ascertained in respect of that year under clause (c);

B = the sum of the scheduled effective capacities for each month of that year;

C = the sum of the actual effective capacities for each month of that year.

13. The licensee shall pay to the Board in respect of each month of the year of account for the electricity purchased under paragraphs 10 and 11—

(a) in respect of kilowatts, a sum equal to one-twelfth of the sum of the scheduled overhead charges and the scheduled fixed works costs;

(b) in respect of kilowatt-hours a sum found by multiplying the number of kilowatt-hours supplied by the running charges component:

Provided that if in any year of account the station for any reason ceases to generate electricity for one thousand hours or more, then for the purposes of ascertaining the running charges component and the scheduled fixed works costs under clauses (c) and (d) respectively of paragraph 12—

(i) the said clause (c) shall be construed as if there were substituted for the words "that year" in both places where they occur, the words "the most recent year of account in which the station did not cease to generate electricity for one thousand hours or more" and as if to the said clause the following proviso were added, namely:—

"Provided that so much of the said sum as is represented by the cost of fuel shall be adjusted to take account of the cost which would have been incurred had that fuel been consumed at the prices prevailing in the actual year of account";

(ii) in evaluating the expression contained in the said clause (d), the letter C shall be deemed to be equal to the sum of the actual effective capacities for each month of the most recent year of account in which the station did not cease to generate electricity for one thousand hours or more:

Provided further that if in any year of account there exist in the station any units of plant or works which have been declared by the licensee under sub-paragraph (2) of paragraph 10 to be surplus to his requirements in that year, there shall be added to the running charges component in respect of that year the amount, if any, by which that part of the said component

attributable to the cost of fuel is less than ninety *per centum* of the corresponding part of the running charges component in respect of the year of account immediately preceding that in which earliest installed of the said units of plant or works first came into commercial operation in the station, and in ascertaining the corresponding part as aforesaid, the fuel consumed shall be deemed to be of the same average quality and to be consumed at the same average cost per ton as the fuel consumed in the year of account:

Provided further that if in respect of any month of the year of account any units of plant or works previously declared by the licensee as aforesaid to be surplus to his requirements are for the first time taken into account in assessing the scheduled effective capacity for that month, then in addition to the payment referred to in clause (a) the licensee shall pay to the Board a sum equal to any sums previously paid by the Board to the licensee on revenue account (in respect of any period prior to the date on which the said units of plant or works came into commission) by way of interest, depreciation, testing and tuning-up expenses attributable to the said units of plant or works; and the sum to be paid as aforesaid shall become due in one or more instalments and at such time or times as the Board may direct.

14. The price payable by the licensee to the Board for all electricity supplied by the Board to him in excess of the quantities referred to in paragraphs 10 and 11 shall be the Grid Tariff.

15. The licensee shall have the right at any time, on giving to the Board prior notice in writing expiring at the end of any year of account, to purchase from the Board at the Grid Tariff the whole of the electricity supplied to him by the Board:

Provided that the Board in those circumstances may make it a condition that the licensee shall, until the date on which the scheduled effective capacity of the station becomes nil, pay to the Board in respect of each month in addition to the Grid Tariff one-twelfth of such proportion as the Board may fix of the annual charges by way of interest and depreciation which would have been payable to the Board in respect of the year of account had the said notice not been given:

Provided further that in assessing the scheduled effective capacity for the purposes of the first proviso all units of plant or works which may have been under this Schedule declared or deemed to be surplus to the requirements of the licensee at the date of the expiration of the said notice and all additional units of plant or works shall after that date always be deemed to be surplus to the requirements of the licensee:

Provided further that after the expiration of the said notice the licensee shall not be entitled any time to purchase electricity from the Board at the price ascertained under paragraph 13.

PART III.

Permanent closing down of a controlled station.

16. The Board may give the licensee not less than six months' notice in writing expiring at the end of any year of account that from the first day of the next succeeding year of account it will not again direct the licensee to generate any electricity in the station, and upon that date (hereinafter in this Schedule referred to as the date of closing down) the station shall be permanently closed down.

17. From the date of closing down paragraphs 1, 4 and 8 shall, in relation to the station, cease to have effect, and on receipt of the notice under paragraph 16 the licensee shall have the option (to be exercised by a date not later than three months prior to the date of closing down) either—

(a) (i) to sell the station for his own benefit at any time after the date of closing down, and

2. Where the Board and the licensee agree that the number of kilowatts declared under paragraph 1 will be inadequate to meet the requirements of the licensee having regard to the capacity of the licensee's generating plant, the Board shall not refuse its consent under section 43, the provisions of that section notwithstanding, to the installation by the licensee of such generating plant as he may reasonably require for the purposes of his undertaking, unless the Board is able appropriately to amend its declaration.

3. The licensee shall be entitled to demand from the Board, and the Board shall, except where prevented by causes beyond its control, be under obligation to supply to the licensee, a maximum number of kilowatts in each year not exceeding, without the consent of the Board, the maximum number of kilowatts declared under this Schedule in respect of that year.

4. The point at which the electricity to be supplied under this Schedule shall be delivered to the licensee shall, unless otherwise, agreed between the Board and the licensee, be at the licensee's generating station, and the pressure of supply shall be such as may be agreed between the Board and the licensee.

5. The Board shall bear the whole of the cost of the service apparatus required for making the supply under this Schedule available to the licensee.

6. The price to be paid by the licensee to the Board in respect of each year for electricity supplied under this Schedule shall be the Grid Tariff.

THE THIRD SCHEDULE.

(See section 35.)

Closing down of generating stations other than controlled stations.

1. Where the Board proposes under section 35 permanently to close down a generating station other than a controlled station, it shall give the licensee owning the station not less than six months' notice in writing expiring at the end of any year of account that from the first day of the next succeeding year of account (hereafter in this Schedule referred to as the date of closing down) the station shall be permanently closed down.

2. From the date of closing down the Board shall be under obligation to supply to the licensee, except where prevented by causes beyond its control, and the licensee shall be under obligation to take from the Board, the whole of the electricity required by the licensee for the purposes of his undertaking, except such quantity of electricity as the licensee may for the time being be entitled under paragraph 3 to purchase from a source other than the Board or as he may be generating in another station, not being controlled station.

3. Unless otherwise agreed between the Board and the licensee, the licensee shall not, where he has received a notice under paragraph 1, purchase after the date of closing down any quantity of electricity from a source other than the Board:

Provided that where on the date of the receipt of such notice the licensee is bound under any contract to purchase any quantity of electricity from some other source, he may, for a period not exceeding two years after the date of closing down or for such further period, if any, as the Board may allow, continue to purchase electricity under the said contract from such other source.

4. (1) The point at which electricity to be supplied by the Board shall be delivered to the licensee shall, unless otherwise agreed between the Board and the licensee, be at the licensee's generating station, and the pressure of supply shall be such as may be agreed between the Board and the licensee.

(2) The Board shall bear the whole of the cost of the service apparatus required for making the supply available to the licensee.

5. The licensee shall have the option, to be exercised by a date not later than three months prior to the date of closing down, either—

(a) (i) to sell the station for his own benefit at any time after the date of closing down, and

(ii) to purchase the whole of the electricity supplied to him by the Board at the Grid Tariff, or

(b) (i) to require the Board to purchase the station at the date of closing down at a price determined under the Fourth Schedule, and

(ii) to purchase the whole of the electricity supplied to him by the Board on the terms hereafter set out in this Schedule.

6. Where a licensee exercises his option under paragraph 5 in terms of clause (b) thereof, the Board shall comply with the requirement to purchase under sub-clause (i) of that clause, and the following provisions of this Schedule shall apply.

7. As soon as practicable after the licensee has exercised his option as aforesaid, there shall be ascertained in agreement between him and the Board the following quantities in respect of each year of account subsequent to the date of closing down, namely:—

(a) The maximum capacity of the station, that is to say, the maximum capacity (expressed in kilowatts available for supply to feeders) of such plant and works appertaining to the generation of electricity at the date of closing down as would have been available for reliable and regular commercial operation on the first day of the year of account, had the station not been closed down under this Schedule and had no replacement of any major item of such plant or works been carried out.

(b) The number and size of units of plant and works, forming part of the aforesaid plant and works, which would have represented reasonable standby in the station.

(c) The standby capacity of the station, that is to say, the number of kilowatts (expressed in kilowatts available for supply to feeders) by which the maximum capacity of the station would be reduced if the standby plant and works referred to in clause (b) were to be left out of account.

(d) The agreed effective capacity of the station, that is to say, the number of kilowatts by which the maximum capacity exceeds the standby capacity.

8. As soon as practicable after the date of closing down there shall be ascertained in agreement between the Board and the licensee in respect of each of the three consecutive years of account immediately preceding the date of closing down (hereafter in this Schedule referred to as the basic years)—

(a) the sums expended by the licensee and wholly attributable to the generation of electricity under the following heads, namely:—

(i) fuel;

(ii) oil, water and stores consumed;

(iii) salaries and wages and any contribution by the licensee for pensions, provident fund, superannuation and insurance of officers and servant;

(iv) repairs and maintenance, and renewals not chargeable to capital account;

(v) management, rents, rates and taxes (including super-tax payable by the licensee as a company, but excluding other taxes on profits), insurance of plant and general establishment charges;

(vi) any other expense on revenue account;

(b) the actual effective capacity of the station on the first day of each such year agreed in accordance with the principles set out in paragraph 9 of the First Schedule.

9. As soon as practicable after the beginning of each year of account there shall be ascertained in respect of that year such annual charges by way of interest and depreciation attributable to the assets purchased by the Board under this Schedule as would have resulted from the application of clauses (e) and (f) of paragraph 1 of the Eighth Schedule, had those assets remained in the ownership of the licensee.

10. The licensee shall be entitled to purchase from the Board in each year of account at a price determined under paragraph 11—

(a) a number of kilowatts not exceeding the agreed effective capacity ascertained in respect of that year under paragraph 7, and

(b) a number of kilowatt-hours not exceeding the number of kilowatt-hours which bears the same proportion to the total number of kilowatt-hours required by the licensee in that year for the purposes of his undertaking as the agreed effective capacity ascertained in respect of that year bears to the total maximum demand of the licensee in that year for the said purposes.

11. The price payable by the licensee in respect of each year of account for the quantity of electricity specified in paragraph 10 shall be--

(*a*) in respect of kilowatts, a fixed charge equal to the sum of—

(*i*) an amount calculated from the expression "$\frac{A}{2} + \frac{A}{2} \times \frac{B}{C}$"

(*ii*) an amount calculated from the expression "$\frac{B \times D}{C}$"

(*iii*) the annual charges by way of interest and depreciation ascertained in respect of the year of account under paragraph 9, where—

A = one-third of the total costs during the basic years under heads (ii), (iii), (iv) and (vi) set out in clause (a) of paragraph 8;

B = the agreed effective capacity for the year of account;

C = one-third of the sum of the actual effective capacities [ascertained under clause (b) of paragraph 8] for each of the basic years;

D = one-third of the total costs during the basic years under head (v) set out in clause (a) of paragraph 8;

(b) in respect of kilowatt-hours, a running charge per killowatt-hour ascertained—

(i) by multiplying the total number of tons of fuel consumed in the station in the basic years by the estimate agreed between the Board and the licensee of the cost per ton which would have been incurred in delivering and handling the same quantity of fuel of equivalent calorific value to the furnaces in the station during the year of account, and the station remained in the ownership of the licensee, and

(ii) by dividing the total cost so found by the total number of units sent out from the station in the basic years.

12. The price payable by the licensee for all electricity supplied to him by the Board in excess of the quantity specified in paragraph 10 shall be the Grid Tariff.

13. The licensee shall have the right at any time on giving the Board prior notice in writing expiring at the end of a year of account of purchase at the Grid Tariff the whole of the electricity supplied to him by the Board.

Provided that the Board in those circumstances may make it a condition that the licensee shall, until the date on which the agreed effective capacity of the station becomes nil, pay to the Board in each year of account in addition to the Grid Tariff a sum equal to such proportion as the Board may fix of the annual charges by way of interest and depreciation ascertained in respect of the year under paragraph 9:

Provided further that after the expiration of the said notice, the licensee shall not be entitled at any time to purchase electricity from the Board at the price ascertained under paragraph 11.

THE FOURTH SCHEDULE.

(See section 36 and First and Third Schedules.)

Price for generating stations and main transmission lines purchased by the Board.

1. For the purposes of this Schedule—

(a) "date of vesting" means the date on which the generating station, main transmission line or asset forming part of such station or line, as the case may be, vests in the Board;

(b) "original cost" of an asset means the amount of expenses certified or determined under paragraph 2 to have been properly incurred on and incidental to the provision of the asset for the purposes of the generating station or main transmission line, as the case may be;

(c) "prescribed period" means in respect of each of the assets specified in the Table appended to the Seventh Schedule, the number of years or period specified therein in relation to such asset, running in each case from the beginning of the financial year of the owner of the asset next following that in which the asset became available for use for the purposes of the generating station or main transmission line, as the case may be.

2. The price to be paid for any generating station or main transmission line purchased by the Board under this Act shall be such sum as may be certified by an auditor appointed by the Provincial Government in this behalf to have been the amount properly incurred on and incidental to the establishment of the station or main transmission line, as the case may be, less depreciation thereon on the scale set out in paragraph 3:

Provided that there shall be added to such sum as aforesaid on account of compulsory purchase, such percentage, if any, not exceeding twenty *per centum* on that sum, as may be payable under the licence of the licensee in respect of compulsory purchase:

Provided further if the Board or the owner of the station or main transmission line is dissatisfied with the sum so certified, the matter shall, in default of agreement between them, be determined as provided in section 74.

3. The scale of depreciation referred to in paragraph 2 shall be in respect of the portion of the prescribed period prior to the date of vesting,—

(a) for land owned under full title, including the cost of clearing the site, nil;

(b) for other assets specified in the Table appended to the Seventh Schedule, the amount which would be produced by the end of the said portion of the prescribed period if during that portion an allowance were made annually and accumulated at compound interest at the rate of 4½ *per centum per annum* of such an amount as would if made annually throughout the whole of the prescribed period and accumulated at compound interest at the said rate produce by the end of that period an amount equal to the original cost of the asset.

4. The auditor appointed under paragraph 2 shall be a person qualified under the provisions of section 144 of the Indian Companies Act, 1913 (VII of 1913) to act as an auditor of companies.

5. The auditor's costs under this Schedule shall be shared equally by the Board and the licensee concerned.

THE FIFTH SCHEDULE.

(See section 40.)

Charges for use by Board of transmission lines and main transmission lines.

1. The following charges and allowances shall be made in respect of a year of account for the use by the Board of main transmission lines or transmission lines (hereafter in this Schedule referred to as lines), namely:—

(a) the actual cost of maintenance of the lines, including renewals thereof not chargeable to capital account;

(b) sums paid in respect of the lines as rents, rates and taxes (including super-tax payable by the licensee as a company but excluding other taxes on profits) and for insurance;

(c) the proportion of management and general establishment charges properly attributable to the lines;

(d) any other expenses on revenue account properly attributable to the lines;

(e) interest on money properly expended for capital purposes (whether defrayed out of capital or revenue) and attributable to the lines, and interest on such working capital as is properly attributable to the lines:

Provided that for the purpose of ascertaining the principal on which interest is payable within the meaning of this clause, there shall be left out of account any part of principal on which interest is payable out of capital,

(f) an allowance for depreciation of an amount determined in respect of the lines in accordance with the scale set out in the Seventh Schedule

2. If the lines are used partly by the Board and partly by the licensee owning them, or if the arrangement for their use comes into force or determines otherwise than at the beginning or end of a year of account, the charges and allowances referred to in paragraph 1 shall be the proper proportion thereof having regard to the use made of the lines by the Board and the period of such use during the year and with the addition of the cost of such additional transmission losses as may have been incurred by the licensee as a result of the Board's user of the lines.

3. For the purposes of clause (e) of paragraph 1 the rate of interest shall be—

(a) where the licensee owning the lines is a local authority, the average rate payable on the money raised by that authority for the purpose of constructing the lines;

(b) in any other case, 2½ *per centum per annum* over the average Reserve Bank rate in the year of account.

THE SIXTH SCHEDULE.

(See section 56.)

Financial provisions to be incorporated in licences.

1. For the purposes of this Schedule:—

(1) "capital employed" means the sum total of—

(a) the original cost of fixed assets.

(b) the cost of intangible assets,

(c) the original cost of works in progress,

(d) the amount of investments,

(e) an amount on account of working capital computed,

unless otherwise agreed between the Board and the licensee, as being the average book cost of stores, materials and supplies including fuel on hand at the end of each monthly accounting period during the year of account

plus one-sixth of the annual operating expenses, excluding taxes and depreciation expenses;

(2) "clear profits" means the difference between income and the sum of expenditure *plus* specific appropriations, made up in each case as follows, namely:—

(a) income derived from—

(i) gross receipts from the sale of electricity, less discount applicable thereto,

(ii) rental of meters and other apparatus on the premises of consumers,

(iii) sale and repair of lamps, appliances, fittings and apparatus,

(iv) rents, less outgoings not otherwise provided for,

(v) transfer fees,

(vi) investments, fixed and call deposits and bank balances,

(vii) other general receipts accountable under the law for the time being in force in the assessment of income-tax and arising from the business of electric supply;

(b) expenditure incurred on—

(i) generation or purchase of electricity,

(ii) distribution and sale of electricity,

(iii) rents, rates and taxes other than taxes on income,

(iv) interest on debenture capital,

(v) interest on other borrowed money not exceeding, unless otherwise agreed between the Board and the licensee or unless such interest is payable pursuant to a contract entered into prior to the last day of the licensee's year of account ended in the year 1943, such amount as would have been payable had the money been borrowed at the average Reserve Bank rate in the year of account *plus* one *per centum*,

(vi) interest on security deposits,

(vii) legal charges,

(viii) bad debts,

(ix) auditor's fees,

(x) management,

(xi) depreciation, computed in accordance with this Schedule,

(xii) other expenses admissible under the law for the time being in force in the assessment of income-tax and arising from the business of electric supply;

(c) special appropriations sufficient to cover—

(i) previous losses (that is to say, excess of expenditure over income) which have arisen from the business of electric supply, to the extent in any year of account actually appropriated for the purpose in the books of the licensee,

(ii) super-tax payable by the licensee as a company,

(iii) new capital issue expenses,

(iv) write-down of intangible assets, to the extent in any year of account actually appropriated for the purpose in the books of the licensee, but not in any case exceeding the amount found by dividing the written down costs of such assets by the number of complete years remaining before the next option of purchase under the licence arises,

(v) interest due on preference capital not exceeding, unless otherwise agreed between the Board and the licensee or unless such interest is payable pursuant to a contract entered into prior to the last day of the licensee's year of account ended in the year 1943, such amount as would have been payable had the interest been due at the standard rate, less income-tax,

(vi) contributions to Contingency Reserve B, computed in accordance with this Schedule,

(vii) contributions to provident funds, staff pensions, gratuity schemes and apprentice training schemes;

(3) "debenture capital" means capital raised against debentures or other instruments creating a charge or lien on the assets of the undertaking;

(4) "fixed assets" means fixed assets fairly acquired and required in the business of electric supply;

(5) "intangible assets" means goodwill, underwriter's commission and such preliminary and promotional expenditure debited in the capital account of the undertaking as has fairly arisen in promoting the business of electric supply;

(6) "ordinary capital" means the nominal amount paid up, or deemed to be paid up, of ordinary capital attributable to the undertaking of the licensee, whether subscribed in cash or issued for equivalent consideration;

(7) "original cost" means in respect of any asset the sum of—

(a) the cost of the asset to the licensee, including the cost of delivery and all charges properly icurred in erecting and bringing the asset into beneficial use,

(b) interest charges on capital expenditure properly attributable to the asset up to the date of bringing it into use,

(c) a proper addition on account of supervision, not exceeding fifteen *per centum* of the cost referred to in sub-clause (a),—

so however that the original cost of any asset shall not in any case exceed the original cost atrtibuted thereto in the books of the licensee;

(8) "preference capital" means the nominal amount paid up, or deemed to be paid up, of the capital attributable to the undertaking of the licensee, whether issued in cash or for equivalent consideration, issued on such preferred terms as the Board and the licensee may agree to be sufficient to qualify it for such description;

(9) "prescribed period" means in respect of each of the assets specified in the Table appended to the Seventh Schedule, the number of years or period specified therein in relation to such asset, running in each case from the beginning of the year of account next following that in which the asset becomes available for use in the business;

(10) "reasonable return" means in respect of any year of account the sum of the following, namely:—

(a) the amount found by applying the standard rate to the amount of capital employed at the end of that year, after deducting the sum of—

(i) the amounts written off or set aside on account of depreciation of fixed assets or write down of intangible assets in the books of the licensee as at the last day of his year of account ended in the year 1943,

(ii) the amounts so written off or set aside after the said day,

(iii) the amount of preference capital, debenture capital and other borrowed money,

(iv) the amount whichever is less by which Contingencies Reserve B falls short either of five *per centum* of the original cost of fixed assets or of the total of other reserves, in the computation of which the amounts referred to in this sub-clause as written off or set aside shall be left out of account,

(v) investments other than those required to be made under paragraph 4;

(b) the income derived from investments other than those required to be made under paragraph 4;

(c) half the difference between the interest payable on debenture capital (other than on loans advanced by the Board under paragraph 1 of the First Schedule) and such greater amount as would have been payable had the money been borrowed at the standard rate:

Provided that if the licensee represents to the Board that any amounts written off or set aside as are referred to in sub-clause (a) (i) were excessive and should be written back, there may be written back in the books of the licensee such amounts as the Board and the licensee agree to be reasonable, and the amounts referred to in sub-clause (a) (1) shall be deemed to be reduced by the amounts so written back:

Provided further that in any such representation the licensee shall be required to satisfy the Board *inter alia* that any amounts which he desires to write back as aforesaid have been found from reasonable profits in the past and not from excessive charges for the supply of electricity;

(11) "standard rate" means in respect of any year of account the average Reserve Bank rate for that year plus, in the case of an undertaking less than ten years old, 6½ *per centum*, or in any other case, 4½ *per centum*.

(12) "written down cost" means the original cost, less the amounts written off or set aside on account of depreciation or write down in the books of the licensee.

2. If the clear profits of a licensee in any year of account are in excess of that amount which affords a reasonable return, two-thirds of such excess shall be carried to a reserve to be called Tariffs and Dividends Control Reserve A.

3. (1) The licensee shall so regulate his financial policy that Tariff and Dividends Control Reserve A shall not, without the consent of the Board, exceed two-thirds of the amount of the reasonable return in any year of account.

(2) The said reserve shall be available for disposal by the licensee only to the extent in any year of account by which the clear profits are less than the reasonable return.

(3) On the purchase under the licence of the undertaking, any balance of the said reserve shall, after deducting such amount as would have been due thereon on account of income-tax had the said balance formed part of the profits of the previous year of account, be handed over to the purchaser or deducted in assessing the value of the undertaking for the purposes of purchase.

4. (1) There shall be created from existing reserves or from the revenues of the undertaking a reserve to be called Contingencies Reserve B.

(2) The amount of the said reserve or the first one lakh of rupees thereof, whichever is less, shall be invested in Government securities.

5. The licensee shall appropriate to Contingencies Reserve B from the revenues of each year of account a sum not less than one-quarter of one *per centum*, or more than one-half of one *per centum*, of the original cost of fixed assets:

Provided that if the said reserve exceeds, or would by such appropriation be caused to exceed, five *per centum* of the original cost of fixed assets, no such appropriation shall be made.

6. Contingencies Reserve B shall not be drawn upon during the currency of the licence except to meet such charges as the Board and the licensee may agree as being—

(a) expenses or loss of profits arising out of accidents, strikes or other circumstances which due care and management could not have prevented, or

(b) expenses of replacement or removal of plant of works, other than expenses required for maintenance or renewal,

(c) compensation payable under any law for the time being in force to officers or servants of the licensee, and not otherwise provided for.

7. (1) There shall be allowed in each year of account in respect of depreciation of fixed assets, such amount as will, after taking into account the sums already written off or set aside in respect of such assets in the books of the licensee, contribute sufficiently, in accordance with either the straight line method the compound interest method of depreciation amounting, towards the ultimate extinction from the balance sheet of the cost of each asset at the end of the prescribed period.

(2) The year in which any asset became available for use in the business and its cost shall, in the absence of satisfactory record, be agreed between the Board and the licensee.

Explanation.—That the licensee may have changed his method of depreciation accounting on one or more occasions in the past is not material so long as one of the methods specified in this paragraph is adopted from the date referred to in sub-section (1) of section 56, which taking account of the amount already written off or set aside in the books of the licensee, is designed to result in the extinction of the cost of each asset from the balance sheet at the end of the prescribed period.

Explanation 2.—If the compound interest method is used, annual interest on the accumulated balance will be allowed as an expense from revenue as well as the annual incremental deposit, both being component parts of the rate of depreciation under the said method.

8. (1) Where any fixed asset ceases to be available for use through obsolescence, inadequacy, superfluity or for any other reason, it shall be described in the books of the licensee as no longer in use, and no further depreciation in respect thereof shall be allowed as a charge against the clear profits.

(2) The written down cost of such a fixed asset shall be carried to a special account in the books of the licensee, and the amount thus shown shall be decreased by the amount for which the asset is sold or of its scrap value when actually realised.

(3) The resultant net balance attributable to such asset shall be charged against Contingencies Reserve B by equal annual instalment from the year of account in which the asset ceases to be available for use as aforesaid up to the date of the next option of purchase of the undertaking under the licence or up to the expiration of the prescribed period, whichever is earlier.

9. When any asset is fully written off in the books of the licensee, no further depreciation shall be allowed thereon.

10. Where any fixed asset is sold for an amount exceeding its written down cost, the excess shall be credited to Contingencies Reserve B.

11. Notwithstanding anything contained elsewhere in this Schedule, no sums shall, except with the consent of the Board, be carried to a reserve, and no dividends on ordinary or preference capital or any other distribution of profits shall be made, while any sum allowed in respect of depreciation under this Schedule remains to be written off in the books of the licensee.

12. Arrears of depreciation allowed under this Schedule but remaining to be written off in the books of the licensee may be taken into account as an expense for the purposes of assessing the clear profits in any year of account.

13. Receipts on account of service lines paid for by consumers and laid after the date referred to in sub-section (1) of section 56 shall not be included in the revenue account for the purpose of assessing the clear profits, and only the net cost of such service lines after deducting such receipts shall be included in the original cost of fixed assets for the purpose of ascertaining the capital employed.

14. (1) Subject to the provisions of sub-paragraph (2), the ordinary remuneration which may be paid to a managing agent by a licensee in respect of his undertaking in any year of account shall not exceed, without the consent of the Board, a sum based on a percentage of the net profits as follows, namely:—

(a) on the first five lakhs of rupees of such profits, ten *per centum*,

(b) on the next ten lakhs of rupees of such profits, seven *per centum*,

(c) on the next ten lakhs of rupees of such profits, four *per centum*,

(d) on all such profits in excess of twenty-five lakhs of rupees, two *per centum*,—

together with an office allowance not exceeding the minimum payment calculated under sub-paragraph (2).

(2) Where the net profits are absent or inadequate for the purposes of sub-paragraph (1), there may be made to a managing agent as ordinary remuneration in any year of account a minimum payment not exceeding one-fifth of one *per centum* of the total of the ordinary, preference and debenture capital of the undertaking.

(3) For the purposes of sub-paragraph (2), where the said total of capital—

(a) is less than five lakhs of rupees, it shall be deemed to be five lakhs of rupees;

(b) is greater than one crore of rupees, it shall be deemed to be one crore of rupees.

(4) For the purposes of this paragraph—

(a) "net profits" has the meaning assigned to it in sub-section (3) of section 87C of the Indian Companies Act, 1914 (VII of 1914);

(b) "ordinary remuneration" includes the usual services of directors, partners and proprietors of a managing agency (including the formulation or guidance of policy relating to the licensee's undertaking and the promotion and supervision of the business and general well-being of the undertaking), but does not include the salaries and wages of clerks, operators and other servants engaged by the managing agent for the business of the undertaking or the remuneration, salary or wages payable to managers, secretaries, engineers, electricians, bankers, solicitors, experts, commission agents, dealers, muccudums, brokers or other persons who may be engaged by the managing agent for or on behalf of the undertaking, or any expenses of like nature incurred in carrying on and conducting the business of the undertaking.

15. (1) Where the undertaking of the licensee is controlled by directors, the number of such directors shall not, without the consent of the Board, exceed five, unless the total of the ordinary, preference and debenture capital of the undertaking exceeds five lakhs of rupees; and for every additional ten lakhs of rupees or part thereof such capital, there may be added one director, so however that the total number of directors in no case exceeds twelve.

(2) Except with the permission of the Board, the remuneration of a director shall not exceed one hundred rupees a meeting in the case of the Chairman, or seventy-five rupees a meeting in any other case.

(3) For the purposes of sub-paragraph (2) "remuneration of a director" does not include the remuneration of a director who is required to devote substantially the whole of his time to the service of the undertaking in a managerial or technical capacity, or the remuneration of a managing agent.

16. (1) Where at any time within three years before the next option of purchase under the licence arises, the licensee proposes to make any capital expenditure which exceeds fifty thousand rupees in respect of any single item and in respect of which any amount would in the event of purchase

under the option be payable by the purchaser to the licensee the licensee shall before giving effect to such proposal inform the Board thereof.

(2) If the Board within one month from receiving such information objects to such expenditure as aforesaid, a question shall be deemed to have arisen between the Board and the licensee within the meaning of section 74, and such question shall be determined under that section.

17. Where the licensee without reasonable excuse fails to comply with any of the provisions of this Schedule, the Provincial Government may revoke his licence, and where a licence is revoked under this paragraph the provisions of the Indian Electricity Act, 1910 (IX of 1910) shall apply as if the licence had been revoked under that Act.

THE SEVENTH SCHEDULE.

(See section 67 and the Fifth and Eighth Schedules.)

Depreciation of assets.

1. For the purposes of this Schedule—

(a) "financial year" means the financial year of the owner of the asset concerned;

(b) "original cost" of an asset means the amount properly expended for capital purposes and attributable to the asset;

(c) "prescribed period" means in respect of each of the assets specified in the Table appended to this Schedule, the number of years or period specified therein in relation to such asset, running in each case from the beginning of the financial year next following that in which the asset became available for use in the undertaking.

2. (1) Save as provided in the Fourth and Sixth Schedules, the scale of depreciation applicable to the assets specified in the Table appended to this Schedule in any financial year, and proportionately for any portion of a financial year, shall be an allowance of such amount as would if made annual throughout the prescribed period and accumulated at compound interest at the rate of 4½ per centum per annum produce by the end of such period an amount equal to the original cost of the asset.

(2) Such allowance shall cease at the end of the prescribed period or when the asset ceases to be used for the purposes of the undertaking, whichever is earlier.

TABLE

(See also section 56 and the Fourth and Sixth Schedules.)

Description of asset.	Number of years, or period.
A. Land owned under full title	Infinity.
B. Land held under lease—	
(a) for interest in the land	The period of the lease, or the period remaining unexpired on the assignment of the lease.
(b) for cost of clearing site	The period of the lease remaining unexpired at the date of clearing the site.

Description of asset.	Number of years, or period.
C. Assets purchased new—	
(a) Plant and machinery in generating stations, including plant foundations—	
(i) hydro-electric	Thirty.
(ii) steam-electric	Twenty.
(iii) diesel-electric	Fifteen.
(b) Cooling towers and circulating water systems	Thirty.
(c) Hydraulic works forming part of a hydro-electric system, including dams, spillways, weirs, canals, reinforced concrete flumes and syphons, reinforced concrete pipe-lines and surge tanks, steel pipe-lines, sluice gates, steel surge tanks, hydraulic control valves and other hydraulic works	Such reasonable period as the Board and the owner agree in each case, having regard to the nature of the works.
(d) Buildings and civil engineering works of a permanent character, not mentioned above,—	
(i) office and show-rooms	Thirty.
(ii) containing termo-electric generating plant	Thirty.
(iii) containing hydro-electric generating plant	Thirty.
(iv) temporary erections such as wooden structures ..	Five.
(v) others	Thirty.
(e) Transformers, transformer kiosks, sub-station equipment and other fixed apparatus (including plant foundations)—	
(i) transformers having a rating of 100 kilovolt amperes and over (including foundations)	Thirty.
(ii) others	Twenty.
(f) Switchgear, including cable connections	Twenty.
(g) Batteries	Ten.
(h) Underground cables, including joint boxes, disconnecting boxes and ducts	Forty.
(i) Overhead lines, including supports—	
(i) lines on steel or reinforced concrete supports, operating at nominal voltages higher than 13·2 kilovolts	Thirty.
(ii) other lines on steel or reinforced concrete supports ..	Twenty-five.
(iii) lines on wood supports	Twenty.
(j) Meters	Ten.
(k) Self-propelled vehicles	Seven.
(l) Static machine tools	Twenty.

Description of asset.	Number of years, or period.
(m) Air-conditioning plant—	
(i) static	Fifteen.
(ii) portable	Seven.
(n) Office furniture and equipment	Ten.
(o) Apparatus let on hire,—	
(i) other than motors or meters	Seven.
(ii) motors and meters	Ten.
D. Assets purchased second hand and assets not otherwise provided for in this Table	Such reasonable period as the Board determines in each case, having regard to the nature, age and condition of the asset at the time of its acquisition by the owner.

THE EIGHTH SCHEDULE.

(See the First and Third Schedules.)

Determination of cost of production of electricity at generating stations.

1. For the purposes of the First and Third Schedules, the cost of production of electricity at a generating station shall be ascertained by calculating and taking into account the following costs, charges and allowances in respect of the year of account, namely:—

(a) sums expended for fuel, oil, water and stores consumed, for salaries and wages, and any contribution by the licensee for pensions, provident fund, superannuation and insurance of officers and servants, for repairs and maintenance and for renewals not chargeable to capital account;

(b) sums paid in respect of the station as rents, rates and taxes (including super-tax payable by the licensee as a company but excluding other taxes on profits) and for insurance;

(c) the proportion of management and general establishment charges properly attributable to the station;

(d) any other expenses on revenue account properly attributable to the station;

(e) interest on money properly expended for capital purposes (whether defrayed out of capital or revenue) and attributable to the station, and interest on working capital properly attributable to the station and the production of electricity therein:

Provided that for the purpose of ascertaining the principal on which interest is payable within the meaning of this clause, there shall be left out of account any part of principal on which interest is payable out of capital;

(f) an allowance for depreciation of an amount determined in respect of the station in accordance with the scale set out in the Seventh Schedule.

2. For the purposes of clause (e) of paragraph 1 of the rate of interest shall be—

(a) on such part of the principal on which interest is payable within the meaning of the said clause as has been advanced on loan by the Board under paragraph 1 of the First Schedule, the actual rate charged by the Board on the loan in the year of account;

(b) on the balance of the said principal,—

(i) where the licensee owning the station is a local authority, the average rate payable in the year of account on the money raised by that authority for the purposes of the station;

(ii) in any other case, 2½ *per centum per annum* over the average Reserve Bank rate in the year of account.

THE NINTH SCHEDULE.

(See the First Schedule.)

Allocation of costs of production at generating stations.

1. For the purposes of this Schedule—

(a) the average load Factor of a station shall be expressed as a percentage, and shall be ascertained by multiplying the number of kilowatt-hours supplied from the station during the year of account by 100, and dividing the product so obtained by the product of the average monthly maximum demand multiplied by the number of hours during which the station was in commission in the year of account;

(b) the average monthly maximum demand shall be the arithmetical average of the monthly maximum demands on the station in those calendar months during which the station was in commission in the year of account;

(c) a station shall be deemed to be in commission when the whole or any portion of the plant in the station is generating electricity or is in readiness to generate electricity upon demand;

(d) "cost of fuel" means the sums expended for fuel consumed *plus* the cost of any transport, handling, preparation or treatment incurred in connection with the delivery of fuel to the boiler hoppers, furnaces or engines and in connection with the disposal of the products or residues of combustion, *plus* the proportion of salaries and wages and any contributions made by the owner of the station for pensions, provident fund, superannuation and insurance of officers and servants properly attributable to such delivery of disposal, *less* any sums received from the sale of any products or residues of combustion;

(e) "cost of oil, water and stores" means the sums expended for oil, water and stores consumed;

(f) "cost of repairs, maintenance and renewals" means the sums expended for repairs and maintenance and for renewals not chargeable to capital account, together with the proportion of salaries and wages and any contributions made by the owner of the station for pensions, provident fund, superannuation and insurance of officers and servants properly attributable to repairs, maintenance and renewals;

(g) "salaries and wages" means the sums expended for salaries and wages and any contributions made by the owner of the station for pensions, provident fund, superannuation and insurance of officers and servants, less the proportion of such sums properly attributable to the cost of fuel under clause (d) and to the cost of repairs, maintenance and renewals under clause (f).

2. Of the costs of production of electricity at a generating station ascertained in accordance with the Eighth Schedule, the following costs,

charges and allowances in respect of the year of account shall be allocated as "fixed costs", namely:—

(a) of the costs, charges and allowances set out in clause (a) of paragraph 1 of the said Schedule, portions calculated from the appropriate formulae set out in paragraph 3;

(b) the whole of the costs, charges and allowances set out in the remaining clauses of paragraph 1 of the said Schedule.

3. The portion of the following costs, charges and allowances to be allocated as fixed costs shall be ascertained from the formula hereinafter set out against each, namely:—

(a) cost of fuel . .. . $\dfrac{100}{100 + \frac{12{\cdot}8}{100} L}$;

(b) cost of oil, water and stores .. .. $\dfrac{100}{100 + 9{\cdot}66\ L}$;

(c) salaries and wages .. .. .. $\dfrac{100}{100 + \frac{0{\cdot}38}{100} L}$;

(d) cost of repairs, maintenance and renewals .. $\dfrac{100}{0{\cdot}0001\ NL}$;

where—

L = the average load factor of the station;

N = the number of hours during which the station was in commission in the year of account.

4. The amount of the difference between the costs of production at a generating station ascertained in accordance with the Eighth Schedule and the fixed costs in respect of the year of account determined in accordance with this Schedule shall be allocated as "running costs".

5. The foregoing provisions of this Schedule shall not apply in any case where it is agreed between the Board and the owner of the station that the circumstances or conditions of operation in the station, whether temporary or continuing, are such that the said provisions ought not reasonably to be applied; and in such case the allocation between fixed costs and running costs shall be made in such manner as the Board and the said owner may agree.

STATEMENT OF OBJECTS AND REASONS.

The co-ordinated development of electricity in India on a regional basis is a matter of increasingly urgent importance for post-war reconstruction and development. The absence of co-ordinated system, in which generation is concentrated in the most efficient units and bulk supply of energy centralised under the direction and control of one authority is one of the factors that impedes the healthy and economical growth of electrical development in this country. Besides, it is becoming more and more apparent that if the benefits of electricity are to be extended to semi-urban and rural areas in the most efficient and economical manner consistent with the needs of an entire region, the area of development must transcend the geographical limits of a Municipality, a Cantonment Board or a Notified Area Committee, as the case may be. It has, therefore, become necessary that the appropriate Governments should be vested with the necessary legislative powers to link together under one control electrical development in contiguous areas by the establishment of what is generally known as the "Grid System". In the circumstances of this country such a system need not necessarily involve inter-connection throughout the length and breadth of a Province; regional co-ordination inclusive of some measure of inter-connection may be all that is needed. An essential pre-requisite is, however, the acquisition of necessary legislative power not only to facilitate the establishment of this system in newly licensed areas but also to control the operations of existing licensees so as to secure fully co-ordinated development.

2. Government feel that it is not possible to legislate for this purpose within the framework of the Indian Electricity Act, 1910, which was conceived for a very different purpose. In their view what is needed is specific legislation; on the broad lines of the Electricity (Supply) Act, 1926, in force in the United Kingdom, which will enable Provincial Governments to set up suitable organizations to work out "Grid Schemes" within the territorial limits of the Provinces. Although executive power under the proposed Bill will necessarily vest in the Provinces, two considerations indicate the necessity for Central legislation:—

(i) the need for uniformity in the organization and development of the "Grid System", and

(ii) the necessity for the constitution of semi-autonomous bodies, like Electricity Boards to administer the "Grid Systems". In the view of Government it is bodies like these which are likely to be the most suitable organizations for working the "Grid Systems" on *quasi*-commercial lines. Such Boards cannot, however, be set up by Provincial Governments under the existing Constitutional Act as they would be in the nature of trading corporations within the meaning of Entry 33 of the Federal Legislative List.

3. The Notes on Clauses will briefly explain the main provisions of the Bill. Similar notes on the technical schedules have been enclosed.

Notes on Clauses.

PREAMBLE.

CHAPTER I.—INTRODUCTORY.

Clause 1.—The Bill is designed so that after it has been passed into Law by the Indian Legislature, any Provincial Government which wishes to adopt its provisions in supplementation of the provisions of the Indian Electricity Act, 1910, can do so.

Clause 2.—Definitions.

CHAPTER II.—PROVINCIAL ELECTRICITY BOARDS.

Clause 3.—This deals with the constitution of Provincial Electricity Boards. It ensures, *inter alia*, that these Boards shall contain at least three full-time members with adequate qualifications and who have not recently been directly connected with party politics. Provincial Governments have the option of appointing up to four additional members (who may be full-time or part-time) in consultation with interested parties.

Clause 4.—This Clause enables a Province which is not strong in technical experts to take advantage of the juxtaposition of a Province which has, or is about to constitute, a Board for itself, and to arrange by agreement with such a neighbouring Province for its Board to carry out the functions of the Act in both Provinces. The Clause is purely permissive, and the detailed arrangements between two Provinces as to their representation on the Board, financial considerations, etc., are largely left to be settled by mutual agreement. It has been necessary to ensure that where two Provinces have agreed in terms of this Clause, it shall not be an arrangement lightly to be dissolved. This is because the ownership of so much property previously belonging to either Province will have been transferred

to the joint Board. Hence the provision requiring an agreement under this Clause to have permanent effect. But that does not mean that the two Provinces could not terminate such an agreement by suitable legislation.

Clause 5.—Matters consequential on Clause 4.

Clause 6.—Provides for different terms of office of members of a Provincial Board, so as to ensure continuity of policy.

Clause 7.—A provision to ensure that full-time members of the Board shall be entirely disinterested parties.

Clause 8.—To ensure that Members of a Board (and particularly part-time members who are not affected by Clause 7) shall not vote when subjects come up in which they have an interest. The provision has a parallel in the Indian Companies Act, 1913.

Clause 9.—Deals with the usual provisions for disqualification of a member, and also debars a member from becoming directly connected with party politics.

Clause 16.—Provides for the constitution and use of Regional Advisory Committees, which may be required by certain Provinces.

CHAPTER III.—POWERS AND DUTIES OF PROVINCIAL ELECTRICITY BOARDS.

Clause 17.—This sets out the main duties of Provincial Boards, namely to promote co-ordinated development of the supply of electricity within a Province in the most efficient and economical manner, with particular reference to such development of areas not for the time being served by any licensee. In particular the Boards are to—

(a) prepare and carry out schemes mentioned later in the Bill;

(b) supply electricity to owners of stations which are known as "controlled" stations under the Bill, and to licensees whose stations are closed down by the Board;

(c) supply electricity as soon as possible to any other licensees or persons requiring such supply and to whom the Board may be competent under this Act so to supply. This last reference to "competence" is dealt with in Clause 18.

Clause 18.—Provides that the existing statutory rights and obligations of a licensee under the Indian Electricity Act, 1910, shall not be derogated by a Board unless a licensee is not himself carrying out his development duties satisfactorily.

Clause 19.—Gives powers to a Board to promote the development of electricity by the manufacture, purchase, sale or hire of apparatus. Also provides that a Board may maintain shops and show-rooms, and conduct advertising campaigns.

Clause 20.—Enables a Board to investigate the possibilities of co-ordinating sources of thermal and water power in a Province. The approval of the Provincial Government is necessary before the Board undertakes water power investigations as this is a purely provincial subject.

Clause 21.
Clause 22
} Self-explanatory.

Clause 23.—Enables a Board to subscribe to associations conducted for purposes conducive to the development of electricity.

Clause 24.—Enables a Board to appoint consulting engineers.

Clause 25.—Gives to a Board all the powers and certain obligations applicable to a licensee under the Indian Electricity Act, 1910. A Board's obligations as a licensee are qualified in that certain sections of that Act applicable to ordinary licensees would be in conflict with the specific requirements of this Bill appertaining to a Board alone.

Clause 26.—Self-explanatory.

CHAPTER IV.—BOARD'S WORKS AND TRADING PROCEDURE.

Clause 27.—Relates to the preparation of schemes by a Board, and outlines broadly what these schemes may cover. It is not necessary for purposes of the main provisions of a scheme that a Board should have to go into details of all its proposed trading arrangement and its proposed distribution of electricity from major transmission lines. It will suffice to give a general outline of the major works to be undertaken, and their costs, so that the Board's proposals can be apprised by the public and other interested parties.

Clause 28.—Provides for publication of a Board's scheme, and for consultation, in respect of any really large schemes (exceeding Rs. 25 lakhs of capital expenditure), with the Central Government's Technical Power Board. The latter organisation is an advisory body, and the object of requiring such consultation with it is in the interests of nation-wide co-ordination.

Clause 29.—Sets out the particular aspects of co-ordination to which the Central Technical Power Board must give primary consideration.

Clause 30.
Clause 31. } Self-explanatory.
Clause 32.

Clause 33.—Governs the procedure to be adopted when the Board selects a generating station to be a "controlled" station. Such "controlled" stations will form the backbone of an economically co-ordinated supply system. The trading relationship which a Board may statutorily insist upon between itself and a controlled station is set out at length in the First Schedule. Circumstances may dictate that all the provisions of the First Schedule are not necessarily desirable in every case, and hence the Board and the owner of the controlled station may agree, under clause 46, to modify the trading provisions of the First Schedule.

Clause 34.—Enables a Board to give a part supply of electricity to a licensee owning a generating station, where the Board does not consider it expedient to make that station a "controlled station". Here again Clause 46 ensures that the provisions of the relevant Schedule (Second Schedule) need only be applied if the Board and the owner of the station do not desire, or cannot agree, to alternative terms.

Clause 35.—Enables a Board permanently to close down generating stations which it considers uneconomic, where it can make other suitable arrangements for the supply of electricity. Here again Clause 46 provides for alternative arrangements if the Board and the licensee agree in lieu of the provisions of the First or Third Schedules.

Clause 36.—Deals with the transfer of, and payment for, generating stations or main transmission lines purchased by a Board. Unless otherwise agreed under Clause 46 the provisions of the Fourth Schedule will apply.

Clause 37.
Clause 38. } Self-explanatory.
Clause 39.

Clause 40.—Enables a Board to use any transmission lines of a licensee for his own purposes if there is surplus capacity available in the lines. The terms of such use may be arranged by agreement or the Board may rely on the provisions of the Fifth Schedule.

Clause 41.—Gives the Board the powers of the Telegraph Authority in respect to the placing of transmission apparatus in circumstances where its powers as a licensee under the Indian Electricity Act, 1910, would not be adequate for the purpose. In particular the powers of the Telegraph Authority might be required when laying transmission lines across long stretches of open country, but these powers cannot be used in respect of any particular line unless such use has been specified in a sanctioned scheme in connection with that line.

Clause 42.—Gives a general power to a Board to enter into arrangements for purchase or sale of electricity with any person (whether a licensee or not). It also gives qualified additional powers to the Board to enter into similar arrangements with any neighbouring Province, or other authority outside the Province.

Clause 43.—Gives to a Board a qualified right to control the establishment of new generating stations or the extension of old generating stations (whether owned by a licensee or not). This provision is in the interests of national economy. The Board is required to show good reasons before exercising control.

Clause 44.—Enables a Board to enforce its directions concerning the closing down of generating stations or establishment, or extension of plant.

Clause 45.—Sets out the main principles governing the quotation by a Board of a special tariff at which it will sell electricity to a licensee in each area for which a scheme is in force.

Clause 46.—This is a clause enabling a Board to make arrangements in respect of its trading with a licensee by mutual agreement, if it feels that circumstances require the specific provisions of the First, Second, Third or Fourth Schedules to be modified. However, the Board is required at all times not to show undue preference.

Clause 47.—Removes any previously existing legal objections against the carrying out of arrangements sanctioned by the Bill.

Clause 48.—Gives a Board wide powers to regulate its tariffs for supply to all persons requiring electricity (other than licensees), subject always to the requirement that undue preference shall not be shown.

Clause 49.—Brings it to notice that a Board cannot attempt to enter into certain arrangements unless it is in a position to carry out one of the fundamental requirements of any such arrangement, namely, that the Board can supply the other party's requirements of electricity itself, and is not debarred from so doing by Clause 18.

Clause 50.—Deals with provisional payments of monies due to and from a Board until final accounts can be settled.

Clause 51.—Is to ensure that excessively low power factors shall be remedied, if required by a Board, where it is selling electricity to a licensee. The Board can make regulations governing the power factor in connection with its supply to other persons under Clause 48.

Clause 52.—Ensures to a Board that its arrangements shall not be hindered by lack of available facilities.

Clause 53.—Ensures that a Board shall have means at its disposal to measure and control supplies of energy under the Bill.

Clause 54.—A general provision requiring all licensees to obey a Board's directions in respect of economy and efficiency in the operation of their generating stations. Penalty for disregard of this provision is laid down in Clause 75.

Clause 55.—Ensures that no licensee owning a generating station can, without valid reasons approved by a Board, avoid the objects of the Statute by hiring or leasing a generating station. It will be remembered that, as it is a duty of a Board to insure the best possible development of electric service, the Board cannot be unreasonable in its interpretation of this clause.

Clause 56.—Introduces the important Sixth Schedule and governs price control by a Board with respect to licensees not being local authorities.

Clause 57.—Extends the provisions of price control by a Board to licensees who are local authorities, and in whose cases the provisions of the Sixth Schedule are not entirely suitable owing to special features of public financing.

NOTE:—Clauses 56, 57 and the Sixth Schedule, are under reference to a special Central "Advisory Board" set up under section 35 of the Indian Electricity Act, 1910. The recommendations of this Advisory Board have yet to be received for further consideration by the Central Government.

CHAPTER V.—THE BOARD'S FINANCE, ACCOUNTS AND AUDIT.

Clause 58.—Covers the general principle of a Board's finance, namely, that as far as practicable the operations of the Board shall not be carried out at a loss, after taking into account any subsidies received from the Provincial Government, and that the Board's charges shall be adjusted accordingly. The clause also provides that working expenses may be paid out of capital if circumstances warrant, subject to the approval of the Provincial Government.

Clause 59.—Refers to the taking over by a Board of all relevant obligations incurred by the Provincial Government prior to the constitution of the Board.

Clause 60.—Regulates the submission by a Board of annual financial statements to the Provincial Government. Such statements are to be laid before the Provincial Legislatures, for discussion but not vote.

Clause 61
Clause 62.
Clause 63.
} Self-explanatory.

Clause 64.—Gives power to a Board to borrow, subject to approval of the Provincial Government by the issue of bonds of stock. The Clause also provides that the Board may not amortise its borrowings. This is because the Board is required under Clause 67 to provide adequate depreciation of its assets, and borrowings should not be separately amortised.

Clause 65.
Clause 66.
Clause 67.
Clause 68.
} Self-explanatory.

CHAPTER VI.—MISCELLANEOUS.

Clause 69.—Provides that the contents of the Bill shall take precedence where they conflict with other laws or instruments.

Clause 70.—Transfers to a Board the rights previously vested in Provincial Government or local authorities in respect of purchase of undertakings, where option to purchase arises under the Indian Electricity Act, 1910.

Clause 71.—Requires that where a Provincial Government desires to develop water power for electrical purposes, it shall give the Board the first option to undertake the work.

Clause 72.—Self-explanatory.

Clause 73.—Ensures that the Board shall make proper annual report to the Provincial Government, which reports shall be published, and that the Board shall have power to obtain necessary information for the compilation of statistics from all persons supplying electricity.

Clause 74.—Provides that all questions arising under the Bill shall, in default of agreement, be settled by arbitration. This is essential in view of the technical nature of most of the questions which may arise.

Clause 75.
Clause 76.
Clause 77.
} Self-explanatory.

Clause 78.—Exempts a Board from liability to pay Central Government taxes. The Board is not, under the Bill, exempted from payment of Provincial Government and local taxes (this being a purely Provincial subject), but Provincial Governments themselves can legislate such exemption if they so desire.

Clause 79.
Clause 80.
} Self-explanatory.

FIRST SCHEDULE.

This Schedule sets out the trading procedure upon which the Board may (in the absence of agreement to the contrary) insist as between itself and the owner of a controlled station—*vide*, Clauses 33 and 35. The provisions are mainly of a technical nature, but the following points are particularly notable:

PART I.

Assumption of Control.

Paragraph 1 (1).—Details the directions which a Board may give to the owner of a station for effecting control of generation. Provides also that the owner of a controlled station shall supply to the Board all the electricity generated at the station. The Board is under obligation to supply back to the owner the whole of his own requirements of electricity under paragraph 2.

Paragraph 1 (2).—Provides that, if a Board wishes to do so, it may itself put up the money for any extensions to a controlled station, in lieu of the licensee doing so himself.

Paragraph 2.—Requires a Board to supply to the licensee, and the licensee to take from the Board, the whole of his requirements of electricity, subject to certain qualifications.

Paragraph 3.—Provides that the owner of a controlled station shall not, after the date of control, purchase power from a source other than the Board, except with the approval of the Board, or for a limited period.

Paragraph 4.—Provides that the Board shall pay to the licensee, for the whole of the energy supplied to the Board (*vide* para. 1), the whole of the costs of generation.

Paragraph 5.—Provides that the licensee shall pay to the Board, for the energy purchased by him from the Board for his own requirements, the whole of the costs of generating such requirements.

Paragraph 6
Paragraph 7.
Paragraph 8.
} Self-explanatory.

PART II.

Price to be paid for electricity supplied by the Board under Part I.

These are technical-financial provisions laying down the basis upon which the price shall be fairly determined.

PART III.

Permanent closing down of a controlled station.

This Part provide that where the Board considers that a controlled station has ceased to be an economic unit it may be permanently closed down. This Part also prescribes the obligations of the Board to continue to supply all his requirements of electricity to the owner of the station which has been closed down, at a price not greater than that at which he himself could have generated, with the same plant, had his station not been closed down. Also prescribes that the owner of the station shall have the option to sell the station to the Board at a fair price, or to dispose of it himself.

PART IV.

Purchase by the Board of a controlled station not to be closed down.

This Part gives the Board an option to purchase a controlled station when its own interest in the user thereof has exceeded the licensee's user. Provides also for a fair price to be paid for the purchase and lays upon the Board an obligation to supply all the owner's requirements of electricity at a price not greater than that at which the station could have generated had it not been purchased by the Board.

SECOND SCHEDULE.

Supply by a Board to licensees owning stations other than controlled stations.

This Schedule sets out the price at which (unless otherwise agreed) the Board may give a part supply of electricity to the owner of a station which has not been controlled. See Clause 34.

THIRD SCHEDULE.

Closing down of generating stations other than controlled stations.

Provisions here are generally similar to the provisions contained in Part III of the First Schedule, but for technical reasons are not identical in points of detail. See Clause 35.

FOURTH SCHEDULE.

Price to be paid for generating stations and main transmission lines purchased by the Board.

This Schedule lays down that the Board shall pay a fair price based upon the original cost of the assets, less depreciation determined in accordance with a prescribed scale. The Schedule also allows such a premium on account of compulsory purchase as the owner would have been entitled to had the assets been purchased under the terms of the Indian Electricity Act, 1910. See Clause 36 and First and Third Schedules.

FIFTH SCHEDULE.

Charges for use by a Board of transmission lines and main transmission lines.

This Schedule contains technical-financial provisions to ensure that the Board pays a fair hire charge for the use of transmission lines. The Board may agree to alternative terms. See Clause 40.

SIXTH SCHEDULE.

Financial provisions to be incorporated in licenses.

This Schedule lays down the methods which a licensee (other than a local authority) shall adopt in respect of finance. This question is closely bound up with that of price control by the Board—See Clause 56. The Schedule is designed to secure that a licensee shall not be permitted to earn more than is necessary to provide him with a reasonable return and enable him to raise funds in the market necessary for the proper continuity of his public duties.

SEVENTH SCHEDULE.

Depreciation of Assets.

This *Schedule and the Table appended prescribe* the methods of determining the amount of annual depreciation to be

(i) set aside by the Board in respect of its own assets,

(ii) used in the computation of hire charges for transmission lines,

(iii) used in the computation of prices for the supply of energy to and by the Board in respect of licensees owning controlled stations or whose stations have been shut down under the Statute. See Clause 67 and the Fifth and Eighth Schedules.

The Table to the Seventh Schedule is also applicable (but not the rest of the Schedule) in connection with

(a) price control—See Clause 56 and the Sixth Schedule,

(b) purchase of assets by the Board under the Bill. See the Fourth Schedule.

EIGHTH SCHEDULE.

Determination of the cost of production of electricity at generating stations.

This Schedule is required in connection with the First and the Third Schedules, in respect of the computation of the price of electricity at controlled stations and stations which are closed down under the Statute.

NINTH SCHEDULE.

Allocation of costs of production at generating stations.

This is required in connection with the computation of the price of electricity at controlled stations under the First Schedule only.

NOTIFICATION.

No. 364L.—15th March 1946.—The following Bill which was introduced in the Central Legislative Assembly on the 21st January, 1946, and in regard to which a motion was carried that the Bill be circulated for the purpose of eliciting opinion thereon, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto. Written expressions of opinion by any person or public body should be sent so as to reach the Health and Local Self-Government Department of the Government of Bengal not later than the 15th June, 1946. Any opinion which is submitted direct to the Central Legislative Assembly Department or to any other Department of the Government of India or of the Provincial Government will not be accepted for consideration:—

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 21st January 1946:—

L. A. BILL* No. 7 OF 1946.

A Bill to regulate the profession of pharmacy.

WHEREAS it is expedient to make better provision for the regulation of the profession of pharmacy and for that purpose to constitute Pharmacy Councils;

It is hereby enacted as follows:—

CHAPTER I.

INTRODUCTORY.

1. Short title, extent and commencement.—(1) This Act may be called the Pharmacy Act, 1946.

(2) It extends to the whole of British India.

(3) It shall come into force at once, but Chapters III, IV and V shall take effect in a particular Province only from such date as the Provincial Government may, by notification in the official Gazette, appoint in this behalf.

2. Interpretation.—In this Act, unless there is anything repugnant in the subject or context,—

(a) "agreement" means an agreement entered into under section 20;

(b) "approved" means approved by the Central Council under section 12 or section 14;

(c) "British Indian University" means a university in British India established by an Indian law;

(d) "Central Council" means the Pharmacy Council of India constituted under section 3;

(e) "Executive Committee" means the Executive Committee of the Central Council or of the Provincial Council, as the context may require;

(f) "medical practitioner" means a person holding a qualification granted by an authority specified in the Schedule to the Indian Medical Degrees Act, 1916 (VII of 1916), or in the Schedules to the Indian Medical Council Act, 1933 (XXVII of 1933);

(g) "prescribed" means in Chapter II prescribed by regulations made under section 18, and elsewhere prescribed by rules made under section 45;

(h) "Provincial Council" means a Provincial Council of Pharmacy constituted under section 19, and includes a Joint Provincial Council of Pharmacy constituted in accordance with an agreement under section 20;

(i) "register" means a register of pharmacists prepared and maintained under Chapter IV;

(j) "registered pharmacist" means a person whose name is for the time being entered on the register of the Province in which he is for the time being residing or carrying on his profession or business of pharmacy.

CHAPTER II.

THE PHARMACY COUNCIL OF INDIA.

3. Constitution and composition of Central Council.—The Central Government shall, as soon as may be, constitute a Central Council consisting of the following members, namely:—

(a) six members, among whom there shall at all times be at least one teacher of each of the subjects, pharmaceutical chemistry, pharmacy and pharmacognosy elected by the authority known as the Inter-University Board from among persons on the teaching staffs of British Indian Universities which grant a degree or diploma in pharmacy;

(b) five members, of whom at least three shall at all times be persons possessing a degree or diploma in pharmacy or pharmaceutical chemistry, nominated by the Central Government;

(c) one member elected by the Medical Council of India;

(d) the Director-General, Indian Medical Service, *ex-officio*:

Provided that if he is for any reason unable to be present at a meeting, he may in writing authorise a person to attend the meeting in his stead, and such person may take part in the discussions of the meeting but may not vote;

(e) the Director of the Central Drugs Laboratory, *ex-officio;*

(f) the Chief Chemist, Central Revenue, *ex-officio;*

(g) one member to represent each Governor's Province elected by the Provincial Council concerned:

Provided that for four years from the first constitution of the Central Council, in the stead of members elected under clause (g), each Government of the Governors' Provinces shall nominate one member, being a person eligible for registration as a pharmacist under section 31.

4. Incorporation of Central Council.—The Council constituted under section 3 shall be a body corporate by the name of the Pharmacy Council of India, having perpetual succession and a common seal, with power to acquire and hold property both movable and immovable, and shall by the said name sue and be sued.

5. President and Vice-President of Central Council.—(1) The President and Vice-President of the Central Council shall be elected by the members of the said Council from among themselves:

Provided that for four years from the first constitution of the Central Council the President shall be a person nominated by the Central Government who shall hold office at the pleasure of the Central Government and where he is not already a member, shall be a member of the Central Council in addition to the members referred to in section 3.

(2) An elected President or Vice-President shall hold office as such for a term not exceeding four years and not extending beyond the expiry of his term as member of the Central Council, but subject to his being a member of the Central Council, he shall be eligible for re-election.

*The Governor General has been pleased to give the previous sanction required by sub-section (1) of section 119 of the Government of India Act, 1935, to the introduction in the Legislative Assembly of this Bill.

6. Mode of elections.—Elections under this Chapter shall be conducted in the prescribed manner, and where any dispute arises regarding any such election it shall be referred to the Central Government whose decision shall be final.

7. Term of office and casual vacancies.—(1) Subject to the provisions of this section, a nominated or elected member, other than a nominated President, shall hold office for a term of four years from the date of his nomination or election or until his successor has been duly nominated or elected, whichever is longer:

Provided that three of the members elected at the first election under clause (a) of section 3, two of the five members first nominated under clause (b) of that section and five of the members elected at the first election under clause (g) of that section (to be chosen in each case by lot under the supervision of the President and in such manner as he may decide) shall hold office for six years or until their respective successors have been duly elected or nominated, whichever is longer.

(2) A nominated or elected member may at any time resign his membership by writing under his hand addressed to the President, and the seat of such member shall thereupon become vacant.

(3) A nominated or elected member shall be deemed to have vacated his seat if he is absent without excuse sufficient in the opinion of the Central Council from three consecutive meetings of the Central Council.

(4) A casual vacancy in the Central Council shall be filled by fresh nomination or election, as the case may be, and the person nominated or elected to fill the vacancy shall hold office only for the remainder of the term for which the member whose place he takes was nominated or elected.

(5) No act done by the Central Council shall be called in question on the ground merely of the existence of any vacancy in, or any defect in the constitution of, the Central Council.

(6) Members of the Central Council shall be eligible for re-nomination or re-election.

8. Staff, remuneration and allowances.—(1) The Central Council may appoint a Secretary who may also, if deemed expedient, act as Treasurer.

(2) The Central Council may, with the previous sanction of the Central Government,—

(a) appoint such other officers and servants as may be required to enable the Central Council to carry out its functions under this Act;

(b) fix the salaries and allowances and other conditions of service of the Secretary and other officers and servants;

(c) fix the rates of allowances payable to members of the Central Council.

9. The Executive Committee.—(1) The Central Council shall, as soon as may be, constitute an Executive Committee consisting of the President (who shall be Chairman of the Executive Committee) and Vice-President, *ex-officio*, and five other members elected by the Central Council from among its members.

(2) A member of the Executive Committee shall hold office as such until the expiry of his term of office as member of the Central Council, but, subject to his being a member of the Central Council, he shall be eligible for re-election.

(3) In addition to the powers and duties conferred and imposed upon it by this Act the Executive Committee shall exercise and discharge such powers and duties as may be prescribed.

10. Education Regulations.—(1) Subject to the provisions of this section, the Central Council may make regulations, to be called the Education Regulations, prescribing the minimum standard of education required for qualification as a pharmacist.

(2) In particular and without prejudice to the generality of the foregoing power, the Education Regulations may prescribe—

(a) the nature and period of study and of practical training to be undertaken before admission to an examination;

(b) the equipment and facilities to be provided for students undergoing approved courses of study;

(c) the subjects of examination and the standards therein to be attained;

(d) any other conditions of admission to examinations.

(3) Copies of the draft of the Education Regulations and of all subsequent amendments thereof shall be furnished by the Central Council to the Central Government and all Provincial Governments, and the Central Council shall before publishing the Education Regulations or any amendment thereof, as the case may be, take into consideration any comments of the Central Government or any Provincial Government received within three months from the furnishing of the copies as aforesaid.

(4) The Education Regulations shall be published in the official Gazette and in such other manner as the Central Council may direct.

(5) The Executive Committee shall from time to time report to the Central Council on the efficacy of the Education Regulations and may recommend to the Central Council such amendments thereof as it may think fit.

11. Application of Education Regulations to Provinces.—At any time after the constitution of the Provincial Council under Chapter III and after consultation with the Provincial Council, the Provincial Government may, by notification in the official Gazette, declare that the Education Regulations shall take effect in the Province.

Provided that where no such declaration has been made, the Education Regulations shall take effect in the Province on the expiry of three years from the date of the constitution of the Provincial Council, unless the Provincial Government, by notification in the official Gazette, postpones such taking effect for such period, not exceeding two years at any one time, as may be specified in the notification.

12. Approved courses of study and examinations.—(1) Any authority in British India which conducts a course of study for pharmacists may apply to the Central Council for approval of the course, and the Central Council, where after such inquiry as it may think fit to make, it is satisfied that the said course of study is in conformity with the Education Regulations, shall declare the said course of study to be an approved course of study for the purpose of admission to an approved examination for pharmacists.

(2) Any authority in British India which holds an examination in pharmacy may apply to the Central Council for approval of the examination, and the Central Council, where after such inquiry as it may think fit to make, it is satisfied that the said examination is in conformity with the Education Regulations, shall declare the said examination to be an approved examination for the purpose of qualifying for registration as a pharmacist under this Act.

13. Withdrawal of approval.—(1) Where the Executive Committee reports to the Central Council that an approved course of study or an approved examination does not continue to be in conformity with the Education Regulations, the Central Council shall give notice to the authority concerned of its intention to take into consideration the question of withdrawing the declaration of approval accorded to the course of study or examination, as the case may be, and the said

authority may within three months from the receipt of such notice forward to the Central Council through the Provincial Government such representation in the matter as it may wish to make.

(2) After considering any representation which may be received from the authority concerned and any observations thereon which the Provincial Government may think fit to make, the Council may declare that the course of study or the examination shall be deemed to be approved only when completed or passed, as the case may be, before a specified date.

14. Qualifications granted outside British India.—The Central Council, if it is satisfied that any qualification in pharmacy granted by an authority outside British India affords a sufficient guarantee of the requisite skill and knowledge, may declare such qualification to be an approved qualification for the purpose of qualifying for registration under this Act, and may for reasons appearing to it sufficient at any time declare that such qualification shall be deemed to be approved only when granted before a specified date.

15. Mode of declarations.—All declarations under section 12, section 13 or section 14 shall be made by resolution passed at a meeting of the Central Council, and shall forthwith be published in the official Gazette.

16. Inspection.—(1) The Executive Committee may appoint such number of Inspectors as it may deem requisite for the purposes of this Chapter.

(2) An Inspector may—

(a) inspect any institution which provides an approved course of study;

(b) attend at any approved examination;

(c) inspect any institution whose authorities have applied for the approval of its course of study or examination under this Chapter, and attend at any examination of such institution.

(3) An Inspector attending at any examination under sub-section (2) shall not interfere with the conduct of the examination, but he shall report to the Executive Committee on the sufficiency of every examination he attends and on any other matter in regard to which the Executive Committee may require him to report.

(4) The Executive Committee shall forward a copy of every such report to the authority concerned, and shall also forward a copy together with any comments thereon which the said authority may have made, to the Central Government.

17. Information to be furnished.—(1) The Central Council shall furnish copies of its minutes and of the minutes of the Executive Committee and an annual report of its activities together with an abstract of its accounts to the Central Government.

(2) The Central Government may publish in such manner as it may think fit any report, copy or abstract, furnished to it under this section or under section 16.

18. Power to make regulations.—(1) The Central Council may make regulations consistent with this Act to carry out the purposes of this Chapter.

(2) In particular and without prejudice to the generality of the foregoing power, such regulations may provide for—

(a) the management of the property of the Central Council and the maintenance and audit of its accounts;

(b) the manner in which elections under this Chapter shall be conducted;

(c) the summoning and holding of meetings of the Central Council, the times and places at which such meetings shall be held, the conduct of business thereat and the number of members necessary to constitute a quorum;

(d) the functions of the Executive Committee, the summoning and holding meetings thereof, the times and places at which such meetings shall be held, and the number of members necessary to constitute a quorum;

(e) the powers and duties of the President and Vice-President;

(f) the tenure of office and the powers and duties of the Secretary, Inspectors and other officers and servants of the Central Council, including the amount and nature of the security to be furnished by the Treasurer.

(3) Until regulations are made by the Central Council under this section, the President may, with the previous sanction of the Central Government, make such regulations under this section, including those to provide for the manner in which the first elections to the Central Council shall be conducted, as may be necessary for carrying into effect the provisions of this Chapter, and any regulations so made may be altered or rescinded by the Central Council in exercise of its powers under this section.

CHAPTER III.

PROVINCIAL PHARMACY COUNCILS.

19. Constitution and composition of Provincial Councils.—Except where a Joint Provincial Council is constituted in accordance with an agreement made under section 20, the Provincial Government shall constitute a Provincial Council consisting of the following members, namely:—

(a) six members, elected from among themselves by registered pharmacists of the Province;

(b) five members, of whom at least two shall at all times be persons possessing a prescribed degree or diploma in pharmacy or pharmaceutical chemistry or members of the pharmaceutical profession, nominated by the Provincial Government;

(c) one member elected by the Medical Council (by whatever name called) of the Province;

(d) the chief administrative medical officer of the Province, *ex-officio*:

Provided that if he is for any reason unable to be present at a meeting, he may in writing authorise a person to attend the meeting in his stead, and such person may take part in the discussions of the meeting but may not vote;

(e) the Government Analyst under the Drugs Act, 1940 (XXIII of 1940), *ex-officio*, or where there is more than one, such one as the Provincial Government may appoint in this behalf:

Provided that where an agreement is made under clause (b) of sub-section (1) of section 20, the agreement may provide that the Provincial Council to serve the needs of the other participating Provinces also shall be augmented by not more than two members, of whom at least one shall at all times be a person possessing a prescribed degree or diploma in pharmacy or pharmaceutical chemistry or a member of the pharmaceutical profession, nominated by the Governments of each of the said other participating Provinces, and where the agreement so provides, the composition of the Provincial Council shall be deemed to be augmented accordingly.

20. Interprovincial agreements.—(1) Two or more Provincial Governments may enter into an agreement to be in force for such period and to be subject to renewal for such further periods, if any, as may be specified in the agreement, to provide—

(a) for the constitution of a Joint Provincial Council for all the participating Provinces, or

(b) that the Provincial Council of one Province shall serve the needs of the other participating Provinces.

(2) In addition to such matters as are in this Act specified, an agreement under this section may—

(a) provide for the apportionment between the participating Provinces of the expenditure in connection with the Provincial Council or Joint Provincial Council;

(b) determine which of the participating Provincial Governments shall exercise the several functions of the Provincial Government under this Act, and the references in this Act to the Provincial Government shall be construed accordingly;

(c) provide for consultation between the participating Provincial Governments either generally or with reference to particular matters arising under this Act;

(d) make such incidental and ancillary provisions, not inconsistent with this Act, as may be deemed necessary or expedient for giving effect to the agreement.

(3) An agreement under this section shall be published in the official Gazettes of the participating Provinces.

21. Composition of Joint Provincial Councils.—A Joint Provincial Council shall consist of the following members, namely:—

(a) such number of members, being not less than three and not more than five as the agreement shall provide, elected from among themselves by the registered pharmacists of each of the participating Provinces;

(b) such number of members, being not less than two and not more than four as the agreement shall provide, nominated by each participating Provincial Government;

(c) one member elected by the Medical Council (by whatever name called) of each participating Province;

(d) the chief administrative medical officer of each participating Province, *ex-officio*:

Provided that, if any such officer is for any reason unable to be present at a meeting, he may in writing authorise a person to attend the meeting in his stead, and such person may take part in the discussions of the meeting but may not vote;

(e) the Government Analyst under the Drugs Act, 1940 (XXIII of 1940), of each participating Province, *ex-officio*, or where there is more than one in any such Province, such one as the Provincial Government may appoint in this behalf.

(2) The agreement may provide that within the limits specified in clauses (a) and (b) of sub-section (1), the number of members to be elected or nominated under those clauses may or may not be the same in respect of each participating Province.

(3) Of the members nominated by each Provincial Government under clause (b) of sub-section (1), at least half shall at all times be persons possessing a prescribed degree or diploma in pharmacy or pharmaceutical chemistry or members of the pharmaceutical profession.

22. Incorporation of Provincial Councils.—Every Provincial Council shall be a body corporate by such name as may be notified by the Provincial Government in the official Gazette or, in the case of a Joint Provincial Council, as may be determined in the agreement, having perpetual succession and a common seal, with power to acquire or hold property both movable and immovable, and shall by the said name sue and be sued.

23. President and Vice-President of Provincial Council.—(1) The President and Vice-President of the Provincial Council shall be elected by the members from among themselves:

Provided that for four years from the first constitution of the Provincial Council the President shall be a person nominated by the Provincial Government who shall hold office at the pleasure of the Provincial Government and where he is not already a member, shall be a member of the Provincial Council in addition to the members referred to in section 19 or section 21, as the case may be.

(2) An elected President or Vice-President shall hold office as such for a term not exceeding four years and not extending beyond the expiry of his term as a member of the Provincial Council, but subject to his being a member of the Provincial Council, he shall be eligible for re-election.

24. Mode of elections.—Elections under this Chapter shall be conducted in the prescribed manner, and where any dispute arises regarding any such election, it shall be referred to the Provincial Government whose decision shall be final.

25. Term of office and casual vacancies.—(1) Subject to the provisions of this section, a nominated or elected member, other than a nominated President, shall hold office for a term of four years from the date of his nomination or election or until his successor has been duly nominated or elected, whichever is longer:

Provided that three of the members elected at the first election under clause (a) of section 19, two of the members nominated on the first constitution of the Provincial Council under clause (b) of that section, half of the number of members nominated on the first constitution of the Provincial Council under the proviso to the said section, half of the number of members elected at the first election under clause (a) of sub-section (1) of section 21 and half of the number of members nominated on the first constitution of a Joint Provincial Council under clause (b) of that sub-section (to be chosen in each case by lot under the supervision of the President and in such manner as he may decide) shall hold office for six years or until their respective successors have been duly elected or nominated, whichever is longer.

Explanation.—The expression "half" in the proviso to this sub-section means in relation to an odd number the whole number next below the arithmetical half of such odd number.

(2) A nominated or elected member may at any time resign his membership by writing under his hand addressed to the President, and the seat of such member shall thereupon become vacant.

(3) A nominated or elected member shall be deemed to have vacated his seat if he is absent without excuse sufficient in the opinion of the Provincial Council from three consecutive meetings of the Provincial Council.

(4) A casual vacancy in the Provincial Council shall be filled by fresh nomination or election, as the case may be, and the person nominated or elected to fill the vacancy shall hold office only for the remainder of the term for which the member whose place he takes was nominated or elected.

(5) No act done by the Provincial Council shall be called in question on the ground merely of the existence of any vacancy in, or any defect in the constitution of, the Provincial Council.

(6) Members of the Provincial Council shall be eligible for re-nomination or re-election.

26. Staff, remuneration and allowances.—The Provincial Council may, with the previous sanction of the Provincial Government,—

(a) appoint a Registrar who shall also act as Secretary and, if deemed expedient, Treasurer, of the Provincial Council;

(b) appoint such other officers and servants as may be required to enable the Provincial Council to carry out its functions under this Act;

(c) fix the salaries and allowances and other conditions of service of the Secretary and other officers and servants of the Provincial Council;

(d) fix the rates of allowances payable to members of the Provincial Council.

27. The Executive Committee.—(1) The Provincial Council shall, as soon as may be, constitute an Executive Committee consisting of the President (who shall be Chairman of the Executive Committee) and Vice-President, *ex-officio*, and such number of other members elected by the Provincial Council from among themselves as may be prescribed.

(2) A member of the Executive Committee shall hold office as such until the expiry of his term of office as member of the Provincial Council, but, subject to his being a member of the Provincial Council, he shall be eligible for re-election.

(3) In addition to the powers and duties conferred and imposed upon it by this Act, the Executive Committee shall exercise and discharge such powers and duties as may be prescribed.

28. Information to be furnished.—(1) The Provincial Council shall furnish such reports, copies of its minutes and of the minutes of the Executive Committee, and abstracts of its accounts to the Provincial Government as the Provincial Government may from time to time require.

(2) The Provincial Government may publish, in such manner as it may think fit, any report, copy, abstract or other information furnished to it under this section.

CHAPTER IV.

REGISTRATION OF PHARMACISTS.

29. Preparation and maintenance of register.—(1) As soon as may be after this Chapter has taken effect in any Province, the Provincial Government shall cause to be prepared in the manner hereinafter provided a register of pharmacists for the Province.

(2) The Provincial Council shall upon its constitution assume the duty of maintaining the register in accordance with the provisions of this Act.

(3) The register shall include the following particulars, namely:—

(a) the full name and residential address of the registered person;

(b) the date of his first admission to the register;

(c) his qualifications for registration;

(d) his professional address, and if he is employed by any person, the name of such person;

(e) such further particulars as may be prescribed.

30. Preparation of first register.—(1) For the purpose of preparing the first register, the Provincial Government shall by notification in the official Gazette constitute a Registration Tribunal consisting of three persons, and shall also appoint a Registrar who shall act as Secretary of the Registration Tribunal.

(2) The Provincial Government shall, by the same or a like notification, appoint a date on or before which applications for registration, which shall be accompanied by the prescribed fee, shall be made to the Registration Tribunal.

(3) The Registration Tribunal shall examine every application received on or before the appointed date, and if it is satisfied that the applicant is qualified for registration under section 31, shall direct the entry of the name of the applicant on the register.

(4) The first register so prepared shall thereafter be published in such manner as the Provincial Government may direct, and any person aggrieved by a decision of the Registration Tribunal expressed or implied in the register as so published may, within thirty days from the date of such publication, appeal to an authority appointed by the Provincial Government in this behalf by notification in the official Gazette.

(5) The Registrar shall amend the register in accordance with the decisions of the authority appointed under sub-section (4) and shall thereupon issue to every person whose name is entered on the register a certificate of registration in the prescribed form.

(6) Upon the constitution of the Provincial Council, the register shall be given into its custody, and the Provincial Government may direct that all or any specified part of the application fees for registration in the first register shall be paid to the credit of the Provincial Council.

31. Qualifications for entry on first register.—A person shall be entitled on payment of the prescribed fee to have his name entered on the first register if he resides, or carries on the business or profession of pharmacy, in the Province and if he—

(a) holds a degree or diploma in pharmacy or pharmaceutical chemistry of a British Indian University or a prescribed qualification granted by an authority outside British India, or

(b) holds a degree of a British Indian University other than a degree in pharmacy or pharmaceutical chemistry, and has been engaged in the compounding of drugs in a hospital or dispensary or other place in which drugs are regularly dispensed on prescriptions of medical practitioners for a total period of not less than three years, or

(c) has passed an examination recognised as adequate by the Provincial Government for compounders or dispensers, or

(d) has been engaged in the compounding of drugs in a hospital or dispensary or other place in which drugs are regularly dispensed on prescriptions of medical practitioners for a total period of not less than five years.

32. Qualifications for subsequent registration.—(1) After the date appointed under sub-section (2) of section 30 and before the Education Regulations have, by or under section 11, taken effect in the Province, a person shall on payment of the prescribed fee be entitled to have his name entered on the register if he resides or carries on the business or profession of pharmacy in the Province and if he—

(a) satisfies the prescribed conditions, or where no conditions have been prescribed, the conditions entitling a person to have his name entered on the first register as set out in section 31, or

(b) is a registered pharmacist in another Province, or

(c) possesses a qualification approved under section 14:

Provided that no person shall be entitled under this sub-section to have his name entered on the register unless he has passed a matriculation examination or an examination prescribed as being equivalent to a matriculation examination.

(2) After the Education Regulations have by or under section 11 taken effect in the Province, a person shall on payment of the prescribed fee be entitled to have his name entered on the register if he has attained the age of twenty-one years, if he resides, or carries on the business or profession of pharmacy, in the Province and if he has passed an approved examination or possesses a qualification approved under section 14.

33. Scrutiny of applications for registration.—(1) After the date appointed under sub-section (2) of section 30, applications for registration shall be addressed to the Registrar of the Provincial Council and shall be accompanied by the prescribed fee.

(2) If upon such application the Registrar is of opinion that the applicant is entitled to have his name entered on the register under the provisions of this Act for the time being applicable, he shall enter the name of the applicant on the register:

Provided that no person whose name has under the provisions of this Act been removed from the register of any Province shall be entitled to have his name entered on the register except with the approval of the Provincial Council recorded at a meeting.

(3) Any person whose application for registration is rejected by the Registrar, may within three months from the date of such rejection appeal to the Provincial Council, and the decision of the Provincial Council thereon shall be final.

(4) Upon entry on the register of a name under this section, the Registrar shall issue a certificate of registration in the prescribed form.

34. Renewal fees.—(1) The Provincial Government may, by notification in the official Gazette, direct that for the retention of a name on the register after the 31st day of December of the year following the year in which the name is first entered on the register, there shall be paid annually to the Provincial Council such renewal fees as may be prescribed, and where such direction has been made, such renewal fee shall be due to be paid before the first day of April of the year to which it relates.

(2) Where a renewal fee is not paid before the due date, the Registrar shall remove the name of the defaulter from the register:

Provided that a name so removed may be restored to the register on payment, at any time during the remaining nine months of the year, of double the renewal fee prescribed.

(3) On payment of the renewal fee, the Registrar shall in the prescribed manner endorse the certificate of registration accordingly.

(4) A person whose name is removed from the register under sub-section (2) and not restored thereto under the proviso to that sub-section, shall not be entitled to be again registered except with the approval of the Provincial Council and on such conditions as to payment of fees as it may direct.

35. Entry of additional qualifications.—A registered pharmacist shall on payment of the prescribed fee be entitled to have entered in the register any further degrees or diplomas in pharmacy or pharmaceutical chemistry which he may obtain.

36. Removal from register.—(1) Subject to the provisions of this section, the Executive Committee may order that the name of a registered pharmacist shall be removed from the register, where it is satisfied, after giving him a reasonable opportunity of being heard and after such further inquiry, if any, as it may think fit to make,—

(i) that his name has been entered on the register in error or on account of misrepresentation or suppression of a material fact, or

(ii) that he has been convicted of any such offence or has been guilty of any such misconduct as in the opinion of the Executive Committee renders him unfit to be a registered pharmacist, or

(iii) that a person employed by him for the purposes of his business of pharmacy has been convicted of any such offence or has been guilty of any such misconduct as would, if such person were a registered pharmacist, render him liable to have his name removed from the register under clause (ii):

Provided that no such order shall be made under clause (iii) unless the Executive Committee is satisfied—

(a) that the offence or misconduct was instigated or connived at by the registered pharmacist, or

(b) that the registered pharmacist has at any time during the period of twelve months immediately preceding the date on which the offence or misconduct took place, committed a similar offence or been guilty of similar misconduct, or

(c) that any person employed by the registered pharmacist for the purposes of his business of pharmacy has at any time during the period of twelve months immediately preceding the date on which the offence or misconduct took place, committed a similar offence or been guilty of similar misconduct, and that the registered pharmacist had, or reasonably ought to have had, knowledge of such previous offence or misconduct, or

(d) that where the offence or misconduct continued over a period, the registered pharmacist had, or reasonably ought to have had, knowledge of the continuing offence or misconduct, or

(e) that where the offence is an offence under the Drugs Act, 1940 (XXIII of 1940), the registered pharmacist has not used due diligence in enforcing compliance with the provisions of that Act, in his place of business and by persons employed by him.

(2) An order under sub-section (1) may direct that the person whose name is ordered to be removed from the register shall be ineligible for registration in the Province under this Act either permanently or for such period of years as may be specified.

(3) An order under sub-section (1) shall be subject to the confirmation by the Provincial Council and shall not take effect until the expiry of three months from the date of such confirmation.

(4) A person aggrieved by an order under sub-section (1) which has been confirmed by the Provincial Council may, within thirty days from the communication to him of such confirmation, appeal to the Provincial Government, and the order of the Provincial Government upon such appeal shall be final.

(5) A person whose name has been removed from the register under this section or under sub-section (2) of section 34 shall forthwith surrender his certificate of registration to the Registrar, and names so removed shall be published in the official Gazette.

37. Restoration to register.—The Executive Committee may at any time for reasons appearing to it sufficient order that upon payment of the prescribed fee the name of a person removed from the register shall be restored thereto:

Provided that where an appeal against such removal has been rejected by the Provincial Government, an order under this section shall not take effect until it has been confirmed by the Provincial Council.

38. Bar of other jurisdiction.—No order refusing to enter a name on the register or removing a name from the register shall be called in question otherwise than in the manner provided in this Act.

39. Issue of duplicate certificates of registration.—Where it is shown to the satisfaction of the Registrar that a certificate of registration has been lost or destroyed, the Registrar may, on payment of the prescribed fee, issue a duplicate certificate in the prescribed form.

40. Printing of register.—As soon as may be after the first day of April in each year, the Registrar shall cause to be printed copies of the register as it stood on the said date, and such copies shall be made available to persons applying therefor on payment of the prescribed charge, and shall be evidence that on the said date the persons whose names are entered therein were registered pharmacists.

CHAPTER V.

MISCELLANEOUS.

41. Penalty for falsely claiming to be registered.—(1) If any person whose name is not for the time being entered on the register of the Province falsely pretends that it is so entered or uses in connection with his name or title any words or letters reasonably calculated to suggest that his name is so entered, he shall be punishable with fine which may extend to five hundred rupees:

Provided that it shall be a defence to show that the name of the accused is entered on the register of another Province and that at the time of the alleged offence under this section an aplication for registration in the Province had been made.

(2) For the purposes of this section—

(a) it shall be immaterial whether or not any person is deceived by such pretence or use as aforesaid;

(b) the use of the description "pharmacist" shall be deemed to be reasonably calculated to suggest that the user is a person whose name is for the time being entered on the register of the Province;

(c) the onus of proving that the name of a person is for the time being entered on the register of a Province shall be on him who asserts it.

(d) Cognizance of an offence punishable under this section shall not be taken except upon complaint made by order of the Provincial Government or the Executive Committee.

42. Dispensing by unregistered persons.—(1) On or after such date as the Provincial Government may by notification in the official Gazette appoint in this behalf, no person other than a registered pharmacist shall compound, prepare, mix, or dispense any medicine on the prescription of a medical practitioner except under the direct and personal supervision of a registered pharmacist:

Provided that this sub-section shall not apply to the dispensing by a medical practitioner of medicine for his own patients, or with the general or special sanction of the Provincial Government, for the patients of another medical practitioner.

(2) Whoever contravenes the provisions of sub-section (1) shall be punishable with simple imprisonment for a term which may extend to six months, or with fine or with both.

(3) Cognizance of an offence punishable under this section shall not be taken except upon complaint made by an order of the Provincial Government.

43. Failure to surrender certificate of registration.—(1) If any person whose name has been removed from the register fails without sufficient cause forthwith to surrender his certificate of registration, he shall be punishable with fine which may extend to fifty rupees.

(2) Cognizance of an offence punishable under this section shall not be taken except upon complaint made by an order of the Executive Committee.

44. Payment of part of fees to Central Council.—The Provincial Council shall before the end of June in each year pay to the Central Council a sum equivalent to one-sixth (or such other proportion as may from time to time be agreed upon by the Central Council and the Provincial Government) of the total fees realised by the Provincial Council under this Act during the period of twelve months ending on the 31st day of March of that year.

45. Power to make rules.—(1) The Provincial Government may, by notification in the official Gazette, make rules to carry out the purposes of Chapters III, IV and V.

(2) In particular and without prejudice to the generality of the foregoing power such rules may provide for—

(a) the management of the property of the Provincial Council, and the maintenance and audit of its accounts;

(b) the manner in which elections under Chapter III shall be conducted;

(c) the summoning and holding of meetings of the Provincial Council, the times and places at which such meetings shall be held, the conduct of business thereat and the number of members necessary to form a quorum;

(d) the powers and duties of the President and Vice-President of the Provincial Council;

(e) the constitution and functions of the Executive Committee, the summoning and holding of meetings thereof, the times and places at which such meetings shall be held, and the number of members necessary to constitute a quorum;

(f) the tenure of office and the powers and duties of the Registrar and other officers and servants of the Provincial Council, including the amount and nature of the security to be given by the Treasurer;

(g) the particulars to be stated, and the proof of qualifications to be given, in applications for registration under Chapter IV;

(h) the conditions for registration under sub-section (1) of section 32;

(i) fees payable under Chapter IV and the charge for supplying copies of the register;

(j) the form of certificates of registration and the manner of endorsement of renewals thereof;

(k) the maintenance of a register of students in pharmacy;

(l) any other matter which is to be or may be prescribed under Chapters III, IV and V.

STATEMENT OF OBJECTS AND REASONS.

It is desirable that, as in most other countries, only persons who have attained a minimum standard of professional education should be permitted to practise the profession of pharmacy. It is accordingly proposed to establish a Central Council of Pharmacy, which will prescribe the minimum standards of education and approve courses of study and examinations for pharmacists, and Provincial Pharmacy Councils, which will be responsible for the maintenance of provincial registers of qualified pharmacists. It is further proposed to empower Provincial Governments to prohibit the dispensing of medicine on the prescription of a medical practitioner otherwise than by, or under the direct and personal supervision of, a registered pharmacist.

GOVERNMENT OF BENGAL

CHIEF MINISTER'S DEPARTMENT.

Constitution and Elections.

NOTIFICATIONS.

No. 1178A.R.—23rd March 1946.—Whereas the 20th day of March 1946 was fixed as the date for the taking of poll in connection with the election to be held in the Bakarganj North-East (Rural) General Constituency of the Bengal Legislative Assembly in pursuance of notification No. 517A.R., dated the 11th February 1946;

And whereas a report has been received by the Governor from the Returning Officer of the said Constituency that owing to disturbance of the public peace the presiding officer for the Goila H. E. School female polling station for Union No. 4 within Gournadi thana of the said Constituency had to close the poll at the said polling station and to announce an adjournment of the poll to a date to be notified later;

Now, therefore, in exercise of the power conferred by sub-rule (*4*) of rule 25 of the Bengal Legislative Assembly Electoral (Conduct of Elections) Rules, 1936, the Governor is pleased to appoint the 27th March 1946 as the date on which the poll shall recommence at the said polling station and to fix 9-30 a.m. (Bengal time) as the hour at which the poll shall commence and 5-30 p.m. (Bengal time) as the hour at which the poll shall close on the said date.

N.B.—"Bengal time" means the time observed in all Bengal Government offices.

No. 1179A.R.—23rd March 1946.—In exercise of the power conferred by sub-paragraph (*1*) of paragraph 20 of Part I of the Government of India (Provincial Legislative Assemblies) Order, 1936, read with sub-rule (*1*) of rule 44 of the Bengal Legislative Assembly Electoral (Conduct of Elections) Rules, 1936, and in partial modification of notification No. 896A.R., dated the 5th March 1946, the Governor is pleased to fix for the constituency of the Bengal Legislative Assembly mentioned in the first column of the Schedule below the date specified in the corresponding entry in the second column of that Schedule as the date for the counting of votes at election in those constituencies in which a poll shall be taken under sub-rule (*1*) of rule 8 at the elections to be held in pursuance of notification No. 517A.R., dated the 11th February 1946:—

And whereas owing to a serious disturbance of the public peace, the polling at the Itakumari

School polling station within Pirgacha police-station could not take place on the date so fixed and a difficulty has thereby arisen as to the holding of the said election;

Now, therefore, in exercise of the power conferred by sub-rule (*2*) of rule 4 and sub-rule (*1*) of rule 23 of the Bengal Legislative Assembly Electoral (Conduct of Elections) Rules, 1936, read with rule 125 of the said rules, the Governor is pleased to publish for the said election—

(A) the date specified in the first column of the Schedule below which has been fixed by him under sub-paragraph (*1*) of paragraph 20 of Part I of the Government of India (Provincial Legislative Assemblies) Order, 1936, read with clause (*d*) of sub-rule (*2*) of rule 4 and rule 125 of the said rules as the date on which a poll shall be re-taken at the aforesaid polling station of the said Constituency; and

(B) the hours specified in the second column of that Schedule which have also been fixed by him under sub-rule (*1*) of rule 23 read with rule 125 of the said rules for polling at the said polling station:—

Explanatory Memorandum.

Apart from "Dearness Allowance" the original provision for which has fallen short of requirements as a result of enhancement of rates, the extra demands are accounted for as follows :—

A—Charges of Administration.—The increase under "Land Acquisition Establishment" is due to the entertainment of additional staff for land acquisition in connection with post-war road projects ; that under "Certificate Establishment" is due to an increase in the number of certificate cases.

B—Management of Government Estates.—The increase under "Collection of Revenue" is due to larger expenditure on rent collection in Khasmahals, and that under "Outlay on Improvement" is due to the following items of new expenditure :—

(1) Augmentation of the grant for improvement in Government Estates .. 10,00,000

(2) Special grant for the improvement of Kutubdia Khasmahal .. 53,000

The increase under "Capital Expenditure for Colonisation" is due to the construction of embankments in the Sundarban Colonisation area.

D—Survey, Settlement and Record operations.—The increased expenditure under this head is due to the resumption of Revisional Settlement operations in Bakarganj (Rs. 2,43,000), and survey of the Salt Lake area for purposes of development (Rs. 7,000).

GRANT No. 4.

Clothing charges (voted)	14,000
Other contingent charges (voted)	14,000
Total (voted)	6,02,000

Explanatory Memorandum.

The increase under "Dearness Allowance" is due to enhancement of rates ; that under "House-rent and other allowances" is due to grant of compensatory house-rent allowance to Government employees in Calcutta and the Municipality of Howrah.

The extra demand under "Travelling Allowance" is due to more extensive touring ; and that under "Rewards" to an increase in the number of cases in which rewards are admissible under the rules.

The additional provision under "Pay of Officers" is due to the appointment of six temporary Inspectors for which there was no budget provision ; that under "Other contingent charges" is due to the purchase of a motor truck for the Excise staff at Kharagpur.

Charges for the sale of stamps (discount) (voted)	6,000
Cost of stamps supplied from Central Stamps Stores (voted)	25,000
Total (voted)	1,03,000

Explanatory Memorandum.

The increase under the first item represents adjustment of the loss in connection with a defalcation in the Calcutta Collectorate.

The increase under the remaining items is due to larger sale of stamps involving larger discount to vendors and increase in the indent of stamps.

Total	1,20,000
Voted	1,17,000
Charged	*3,000*

Explanatory Memorandum.

The increase under "Dearness Allowance" is due to enhancement of rates.

A—Collection charges—Bengal Finance Act, 1939.—The increase under "Pay of Establishment" is due to the appointment of additional clerks.

Collection charges—Bengal Finance (Sales Tex) Act. 1941.—The increase under "Pay of Officers" is due to the appointment of eight additional Tax Officers and one Assistant Commissioner of Commercial Taxes in the course of the year.

The increase under "Pay of Establishment" is due to the entertainment of extra staff for the aforesaid officers and for the newly constituted Central Section of the Commercial Tax Department.

The increase under "House-rent and other allowances" is due to a post-budget decision to grant compensatory house-rent allowance to Government employees in Calcutta and Howrah Municipal areas.

B—Charges under Electricity Acts—Add—Establishment charges payable to other Governments, Departments, etc.—The provision represents the cost of passage and subsistence allowance for an Electric Inspector deputed to the United Kingdom for higher studies under the Government of India technical training scheme.

Total	86,47,000
Voted	86,00,000
Charged	*47,000*

Explanatory Memorandum.

D-5—General Establishment.—The increase is due to enhancement of rates of dearness allowance.

D-8—Leave Salaries and Deputation Pay.—The extra demand is due to some cases of unforecasted leave out of India.

Deduct—Recoveries from the Central Government.—The excess is due to recoveries on the basis of audited accounts of the completed portions of the works proving smaller than was originally anticipated.

Rehabilitation Programme.—The increase is due to a post-budgetary decision to take up a large number of irrigation projects.

D-13—Grants-in-aid.—The excess represents additional grants to District Boards for carrying out minor irrigation projects under the Rehabilitation Programme.

Special Development Programme.—The details of the additional provision are as follows :—

	Rs.
Forty-seven minor irrigation and drainage projects	90,000
Collection of hydrological data in Mymensingh and Eastern Divisions ..	50,000

Allowances, honoraria, etc. (voted)	90,000
Contingencies (voted)	3,000
Total (voted)	92,62,000

Explanatory Memorandum.

The additional expenditure under "Dearness Allowance" is due to enhancement of rates. The extra demands under the other items are accounted for as follows:—

B (3)—Elections for Legislatures.—The increase is due to the revision of Electoral Rolls and the General Election.

E (1)—General Establishment—*(a) General Establishment.*—Under "Pay of officers", the extra demand is due to the appointment of additional Sub-Deputy Collectors and Lawyer Magistrates. The increased requirement under "Travelling Allowance" is due to extensive touring necessitated by the prevailing situation.

Under "Contract contingencies" the additional provision is due to enhanced cost of dearness allowance admissible to the contingency menials. The excess under "Diet and travelling allowance to witnesses" is due partly to enhancement of rates and partly to an increase in the number of cases brought to trial. The "Lump provision for post-war unemployment relief" is for the execution of minor local projects with a view to mitigate apprehended distress as a result of post-war unemployment.

E (2)—Subdivisional Establishment.—The extra demands under "Temporary Establishment" and "Travelling Allowance" are due to the employment of additional staff for loan collection work.

G (3)—Rehabilitation Programme—(a) *Headquarters and Mufassil Establishments.*—The demand is in respect of the pay and allowances of officers and other staff, employed in Calcutta and in the districts for carrying out the Rehabilitation Programme.

(b) *Excavation and re-excavation of tanks.*—The provision represents the cost of excavation and re-excavation of derelict irrigation tanks, for which no provision had been included in the original estimates.

B—High Commissioner for India—Leave and deputation salaries (*charged*)	*30,000*
Total	6,94,000
Voted	6,02,000
Charged	*92,000*

Explanatory Memorandum.

The increase under "Dearness allowance" is due to enhancement of rates ; that under "House-rent and other allowances" is due to the grant of compensatory house-rent to Goverment servants in Calcutta and Howrah.

Apart from these two items, the extra demands are accounted for as follows :—

A—High Court.—The increase under "Judges—Pay of Officers" is due to the appointment of an additional judge.

C—Official Receiver.—The increase under "Other contingencies" is due to the payment of some arrears of rent.

D—Law Officers.—The increase is due to the Payment of fees to Government Counsels and other lawyers for conducting certain important cases under the Defence of India Rules.

G—Presidency Magistrates' Courts.—The increase under "Other contingencies" is due to the increase in the rate of diet allowance of witnesses.

H—Civil and Sessions Courts.—The increases under "Civil and Sessions Courts—Contract contingencies and other contingencies" are due partly to enhancement of the rates of dearness allowance admissible to contingency menials and partly to increased rates of diet allowances to witnesses. The increase under "Process-serving establishment—Temporary establishment and other contingencies" is due to the appointment of a larger number of temporary process-serving peons. The increase under "Court under the Workmen's Compensation Act, etc." is due to the appointment of a Registrar and the employment of some additional temporary staff to cope with all round increase of work in the office of the Commissioner, Workmen's Compensation, Bengal.

L—Charges in England.—The increase under "Secretary of State for India" is due to higher law charges in certain Privy Council appeals than was originally anticipated; and that under "High Commissioner for India" is due to a larger number of officers proceeding on leave out of India after the end of the war.

Other contingent charges (voted)	4,95,000
Total	18,41,000
Voted	16,90,000
Charged	*1,51,000*

Explanatory Memorandum.

The increase under "Dearness Allowance" is due to enhancement of rates.

Other extra demands are accounted for as follows :—

A—Medical Establishment.—The increase under "Pay of officers" is due to senior voted officers being posted in districts as a result of more I.M.S. officers being available for the Medical College and Schools on release from the army. The increase under "House-rent and other allowances" is due to the grant of compensatory house-allowance to the staff in Calcutta and of non-practising allowance to the Deputy Surgeon-General (Civil). The increase under "Contract contingencies" is due to further rise in the prices of articles.

B—Hospitals and Dispensaries.—The increase under "Pay of Establishment" is due to the transfer of certain contingency menials to the category of establishment menials. The saving on this account under the head "Contract contingency" has been offset by the rise in the price of materials.

Grants to Hospitals and Dispensaries.—The details are as follows :—

	Rs.
(1) Grant to the S. B. De Tuberculosis Sanatorium	2,00,000
(2) Additional grant to the Jadabpur T. B. Hospital	38,000
	2,38,000

Grants to Hospitals and Dispensaries (charged).—The demand is on account of an extra grant to the Albert Victor Leper Hospital.

Other items of increase under "Hospitals and Dispensaries" are due to—

(*a*) growth in the number of patients,

(*b*) higher cost of dietary, clothing and bedding, and

(*c*) higher cost of medical and surgical requisites.

C—Grants for medical purposes.—The details are as follows:—

	Rs.
(1) Additional grant to the Bengal Nursing Council	7,900
(2) Grant to the Calcutta Dental College and Hospital	15,000
(3) Grant to the School of Tropical Medicine	8,500
(4) Grant to the Jatiya Ayurbignan Parishad	8,000
(5) Grant to the Lady Elliot Hostel	2,600
(6) Grant to the State Faculty of Ayurbedic Medicine	2,600
(7) Grant to the Bengal Dental Board	1,700
(8) Lump provision for meeting unforseen demands of an emergent nature ..	11,600
Total ..	57,900

D—Medical College and Schools.—The increase under "Pay of officers" (*charged*) is due to the posting of I.M.S. officers released from the Army to the Medical College, the School of Tropical Medicine and the Campbell Medical school.

E—Mental Hospital.—The increase under "Contract contingencies" and "Other contingencies" is due to rise in the price of sundry materials.

G—Charges in England.—The increase in "Voted" expenditure is due to leave salaries of six B.M.S. officers who have been granted study leave; the increase in "Charged" expenditure is due to three cases of unforecasted leave arising during the year.

I—Provincialisation of Sadar and Subdivisional Hospitals.—The increase is due to extensive repairs of Sadar and Subdivisional Hospitals taken over by Government and to the payment of arrear liabilities in respect of these hospitals.

Explanatory Memorandum.

Apart from "Dearness Allowance" the original provision for which has fallen short of requirements, as a result of enhancement of rates, the extra demands are accounted for as follows:—

A—Public Health Establishment—Chittagong Hill Tracts.—The increase is due to the appointment of extra vaccinators and enhancement of the pay of the Public Health staff in the Chittagong Hill Tracts.

A—Public Health Establishment—Other Districts.—The increase in "voted" expenditure is due to the appointment of 33—Civil Subdivisional Health Officers with clerks and peons ; that in "charged" expenditure is due to the employment of a Special Officer for a period of three months and a half.

A—Public Health Establishment—Chief Engineer of Public Health—Other districts.—The excess is due to the creation of a mechanical division for periodical inspection of municipal waterworks and sewerage works and also to entertainment of staff for the maintenance of A. R. P. tube-wells in Calcutta.

B—Grants for Public Health Purposes.—Other districts—The excess is due to the employment of additional Health Assistants for collection of Vital Statistics.

C—Expenses in connection with epidemic diseases.—Under "Malaria charges" the increase is due to the retention of Satellite treatment centres for the whole year instead of for three months as originally contemplated, and to the appointment of additional staff for survey and control of malaria in the Salt Lake Area.

The increase under "Other epidemic charges" is due to continuance for full twelve months of the scheme for the control of cholera and small-pox for which provision had originally been made for three months.

The increase under "Purchase of Mepacrine Tablets, etc." is due to the purchase of larger stocks of Mepacrine tablets than had been originally contemplated.

D—Bacteriological Laboratories.—The increase is due to the entertainment of extra staff, purchase of materials and equipments and construction of additional structures with a view to increase the production of vaccine lymphs.

F—Works.—The excess under "Original Works" is due to an additional water-supply project for Kalimpong, and under "Repairs" to the purchase of materials for the maintenance and repairs of A. R. P. tube-wells in Calcutta.

G—Charges in England.—The excess is due to larger indent of stores from abroad.

I—Special Development Programme.—The increase represents extra provision for Rural Water-supply Schemes.

Total ..	1,83,000
Voted ..	1,69,000
Charged ..	*14,000*

Explanatory Memorandum.

Apart from "dearness allowance" under which the increase is due to enhancement of rates, the extra demands are accounted for as follows :—

A (a)—Labour.—The increase under the items "Pay of officers", "Travelling allowance" and "House rent and other allowances" is due to the appointment of a second Additional Labour Commissioner, an Additional Assistant Labour Commissioner and a Labour Officer. The "charged" provision is due to the appointment of a Charged Officer as Additional Labour Commissioner.

The increase under "Grants-in-aid" is due to the opening of additional Labour Welfare Centres.

F—Provincial Statistics.—The increase under "Grants-in-aid, contributions, etc." represents the grant made to the Statistical Institute for the investigation of rural indebtedness.

K—Miscellaneous.—The increase under "Pay of Establishment", "Travelling allowance", "House rent and other allowances" and "Contingencies" is due to the opening of additional Jute Prices Dissemination Centres and Jute Grading Parties under the Special Officer, Jute Prices, Bengal.

L—Controller of Rents.—The increase under "Temporary establishment", "House rent and other allowances" and "Contingencies" is due to the appointment of additional staff in the office of the Rent Controller, Bengal.

M—Charges in England.—The extra demand under "Overseas pay" is due to the overseas pay of the newly appointed Additional Labour Commissioner.

GRANT No. 30.

Civil Works.

Supplementary Estimate.

(Head of Account—50—Civil Works).

Voted—Rs. 51,68,000 *Charged—Nil.*

Total—Rs. 51,68,000.

Abstract Account.	Supplementary Estimate, 1945-46.
	Rs.
A—Original Works—Buildings (voted)	15,85,000
C—Repairs (voted)	5,55,000
Smaller recoveries under "Deduct Recoveries from Defence Department" (voted)	11,99,000
E—Tools and Plant (voted)	9,54,000
F—Grants-in-aid (voted)	4,71,000
H—Charges in England (voted)	25,000
J—Special Development Programme (voted)	3,79,000
Total (Voted)	51,68,000

Explanatory Memorandum.

The increase under "A—Original Works—Buildings" is due partly to enhanced provision for the following items to the extent noted against each :—

	Rs.
Construction of additional blocks and floors in Writers' Buildings	2,99,000
Construction of Officers' quarters	3,47,000
and partly to the following items of new works :—	
Air conditioning of the Bengal Secretariat	4,00,000
Construction of an additional floor on the main block of Anderson House	1,75,000
Construction of laboratory buildings for post-graduate studies in Agriculture	1,73,000
Installation of sanitary fittings in residential quarters of Commissioners and senior district officials	70,000
Accommodation for the Blood Bank in the Medical College Hospital, Calcutta	57,000
Improvement of Jail Barracks in Noakhali	21,000
Installation of a mortuary cooler in the Campbell Hospital, Calcutta	20,000
Shifting of the Thana buildings at Bathua (Manikganj) to a new site	13,000
Towards acquisition of land for a T. B. sanatorium at Amulia at a total cost of 1½ lakhs	10,000
	15,85,000

C.—Repairs.—The increase is due to larger expenditure on repairs to roads and buildings which could not be undertaken during the last few years owing to non-availability of materials.

Termination of the war accounts for the smaller recovery from the Government of India in respect of the additional cost of maintenance of roads subjected to heavy military traffic.

Purchase of new road-making machineries in connection with Post-war road planning and for the normal road development programme accounts for the increase under the head "Tools and Plant".

F.—Grants-in-aid.—The increase is on account of the construction of the Barasat-Jagali Road carried out on behalf of the District Board.

H.—Charges in England.—With the termination of war a larger number of officers went on leave than originally anticipated, hence the increase.

J.—Special Development Programme.—The provision is in respect of buildings connected with the following schemes :—

	Rs.
Opening of a training centre for demobilised personnel in Calcutta	1,05,000
Opening of a training centre for demobilised personnel at Dacca	70,000
Opening of a training centre for demobilised personnel at Chittagong	36,000
Opening of a training centre for demobilised personnel at Burdwan	36,000
Opening of a training centre for demobilised personnel at Rangpur	32,000
Peace-time fire-service	1,00,000
	3,79,000

GRANT No. 38.

Loans and Advances by Provincial Governments.

Supplementary Estimate.

(Head of Account—Loans and Advances bearing interest.)

Voted—Rs. 89,90,000. *Charged—Nil.*

Total—Rs. 89,90,000.

Abstract Account.	Supplementary Estimate, 1945-46.
	Rs.
Loans to Presidency Corporation including Port Trusts and other Port Funds—Loan to Calcutta Corporation	10,37,000
Loans to Municipalities	9,38,000
Loans for excavation and re-excavation of tanks (Rehabilitation Programme) ..	2,79,000
Loans to artisans (Rehabilitation Programme)	7,00,000
Advances to cultivators	35,00,000
Miscellaneous Loans and Advances	25,36,000
Total (voted) ..	89,90,000

Explanatory Memorandum.

Loans to Calcutta Corporation.—The demand is on account of advances made to the Calcutta Corporation for the purchase of conservancy lorries.

Loans to Municipalities.—The excess is due mainly to the following payments for which there was no provision in the Budget:—

	Rs.
Loans to the Municipalities of Howrah, Baranagore, Serampore, Baidyabati and Barrackpore for the supply of foodstuff to menials	3,50,000
Loan to the Dacca Municipality for improvement of sanitary arrangement ..	3,50,000
Loan to the Darjeeling Municipality for Hydro-Electric Extension Scheme ..	2,00,000

Loans under Rehabilitation Programme.—(Excavation and re-excavation of tanks and loans to artisans)—The excess is due to a post-budget decision to sanction the payment of loans for these two purposes during 1945-46.

Advances to cultivators.—The excess is due to larger payment of advances to cultivators than was originally anticipated.

Miscellaneous Loans and Advances.—The excess is mainly due to the payment of advances for the working of the Bengal Tank Improvement Act (19 lakhs) for which there was no budget provision and for larger cattle purchase loans (18 lakhs) counterbalanced by a saving of 10 lakhs under "Advance to Bengal Provincial Co-operative Bank and Multi-purposes Societies", and other minor savings.

CHIEF MINISTER'S DEPARTMENT.

Constitution and Elections.

NOTIFICATION.

No. 1200A.R.—25th March 1946.—Whereas the 24th March 1946 and the 25th March 1946 were fixed as the dates for the counting of votes at the elections in the Dacca East (Rural) General Constituency and in the Dacca West (Rural) General Constituency respectively of the Bengal Legislative Assembly by notification No. 896A.R., dated the 5th March 1946;

And whereas at the time appointed for the counting of such votes all the ballot boxes were not received by the Returning Officer;

Now, therefore, in exercise of the power conferred by sub-paragraph (*1*) of paragraph 20 of Part I of the Government of India (Provincial Legislative Assemblies) Order, 1936, read with sub-rule (*2*) of rule 44 of the Bengal Legislative Assembly Electoral (Conduct of Elections) Rules, 1936, the Governor is pleased to appoint for the said constituencies of the Bengal Legislative Assembly as mentioned in column 1 of the Schedule below the dates and the time respectively mentioned in the corresponding entries in columns 2 and 3 of that Schedule for the counting of votes in those Constituencies.

The Schedule.

Name of constituencies	Date	Time
1	2	3
Dacca East (Rural) General Constituency ...	28th March 1946 ...	9 a.m.
Dacca West (Rural) General Constituency ...	29th March 1946 ...	9 a.m.

Note.—"Bengal time" which means the time observed in all Bengal Government offices will be observed.

By order of the Governor,
S. B. BAPAT,
Addl. Secy. to the Govt. of Bengal.

	Charged	*19,000*

Explanatory Memorandum.

The "Voted" increase is due to the continuance of emergency measures of medical relief, including F. R. E. hospitals and mobile medical units throughout the current year instead of for six months as originally anticipated and also to thorough overhaul of F. R. E. hospital buildings which were originally designed for very temporary use.

The "Charged" excess is due to retention of the post of Deputy Surgeon-General (F. R. E.) for full twelve months instead of for six months as originally anticipated.

Depreciation Reserve Fund—	
Government Presses (voted)	4,000
Grand Total ..	4,14,000
Voted ..	4,05,000
Charged ..	*9,000*

Explanatory Memorandum.

A—Stationery supplied by other Governments.—The increase is due to heavy demand for paper in connection with Rationing and Elections.

D—Government Presses—Pay of Officers (charged).—The extra amount is required on account of the continued employment of the Superintendent, Government Printing, who was due to retire in the middle of the year.

Pay of Establishment (voted).—The increase is due to the employment of larger staff to cope with the increase in work as a result of Rationing and Elections.

Dearness allowance (voted).—The increase is due to enhancement of rates.

Press and Forms Department—Cost of convict labour (voted).—The extra demand is due to increase in the volume of work in the Jail Press.

Depreciation Reserve Fund.—The additional expenditure is due to the resetting of Type forms at a reduced size with a view to secure economy of paper.

GRANT No. 34.

Miscellaneous.

Supplementary Estimate.

(Head of Account—57—Miscellaneous.)

Voted—Rs. 1,79,81,000. *Charged—Rs. 6,74,000.*

Total—Rs. 1,86,55,000.

Abstract Account.	Supplementary Estimate, 1945-46.
H—Contributions—	Rs.
Grants to the Calcutta Corporation for the payment of dearness concessions to its employees (Voted)	1,09,52,000
Miscellaneous contributions—(*i*) Grants to local bodies in lieu of public works cess and fines under the Cess Act previously paid direct to those bodies (*Charged*)	*6,74,000*
M—Special Development Programme (voted)	70,29,000
Total ..	1,86,55,000
Voted ..	1,79,81,000
Charged ..	*6,74,000*

Explanatory Memorandum.

Under "Contributions", the increased demand under the first item is due to conversion into outright grants of advances totalling Rs. 70,44,000 paid to Calcutta Corporation up to the end of 1944-45 and to payment of further grants amounting to Rs. 53,66,000 in the current year in order to enable the Corporation to pay dearness concession to its employees. Out of the total requirement a part will be met out of savings under other heads. The present demand is in respect of the balance which cannot be thus met.

The excess under the second item is due to payment of larger "Adaptation" receipts to local bodies in consequence of an increase in these receipts.

Under "Special Development Programme", the excess is due to the following items:—

	Rs.
Peace time fire-service	20,29,000
Purchase of surplus military stores	50,00,000
Total ..	70,29,000

GRANT No. 35.

(10) District Organisation—	
(*i*) Pay of Officers (*charged*)	*65,000*
Total (*charged*) ..	*12,90,000*

Explanatory Memorandum.

(j) **Civil Supplies—(1) Directorate.**—The increase under "Pay of officers" is due to further expansion of the Department of Civil Supplies. The additional demand under "Allowances, honoraria, etc." is due partly to increase in the number of officers and partly to enhancement of rates of dearness allowance. The provision under "Establishment charges payable to other Governments, Departments, etc." represents the charges payable to the Government of India, War Department, on account of the employment of Military Officers for procurement operations.

(j) **Civil Supplies—(10) District Organisation.**—The increase is due to expansion of the Directorate of District Distribution.

RESOLUTION No. 905Pl.

Calcutta, the 26th March 1946.

It was brought to the notice of Government that in the case Emperor *versus* Anukul Chandra Dey and two others under section 411, I.P.C., strictures were passed on the 2nd February 1943, by the Additional Chief Presidency Magistrate, Calcutta, on the conduct of Sub-Inspector Pravakar Mukherjee of the Detective Department of the Calcutta Police. The court formed the opinion that the charges in respect of some of the articles against the accused in the case were due to a conspiracy to which the police were a party. The court also found that the said Sub-Inspector had confessed that there had been tampering with some of the exhibits of the case. Government considered that these allegations which were publicly made by a Magistrate which the police officer had no opportunity of refuting, and which, if proved, would require disciplinary action against the officer, were very serious, and should not go unnoticed. They, therefore, decided to appoint a Commission consisting of Mr. A. S. Hands, C.I.E., M.C., I.C.S., Commissioner of the Presidency Division, and Mr. B. K. Guha, I.C.S., Additional District and Sessions Judge, 24-Parganas, to enquire into the allegations against the officer, and directed them to submit their opinion on the case to Government. The Commission having concluded their enquiry have submitted to Government their report in which they have come to the conclusion that the findings of the Additional Chief Presidency Magistrate, Calcutta, against the Sub-Inspector were not justified.

2. Government after careful consideration have accepted the findings of the Commission and have exonerated the police officer from all blame in the matter.

Order.—Ordered that a copy of this Resolution be forwarded to the Commissioner of Police, Calcutta, the Chief Presidency Magistrate, Calcutta, and the Commissioner of the Presidency Division, for information.

Ordered further that the resolution together with the Report of the Commission be published in the *Calcutta Gazette*.

By order of the Governor,
H. S. E. STEVENS, Secy.

Report of Commission consisting of Mr. A. S. Hands, C.I.E., M.C., I.C.S., Commissioner, Presidency Division, and Mr. B. K. Guha, I.C.S., District and Sessions Judge, 24-Parganas, appointed by Government of Bengal, Home Department, Police, Resolution No. 938Pl., dated 27th March 1945, to enquire into allegations made by the Additional Chief Presidency Magistrate on the conduct of Sub-Inspector Pravakar Mukherji of the Detective Department of the Calcutta Police in the case "Emperor versus Anukul Chandra Dey and two others under section 411, Indian Penal Code".

1. We are required only to enquire into the allegations made against the Sub-Inspector Pravakar Mukherji by Mr. J. Ahmed, Additional Chief Presidency Magistrate, in his judgment, dated 2nd February 1943, in the abovementioned case, and to "submit our opinion on the case".

2. The allegations, as described in the Resolution, are:—

(1) that the charges in respect of some of the articles against the accused in this case were due to a conspiracy in which the Police were a party;

(2) that Sub-Inspector P. Mukherji had confessed that there had been tampering with some of the exhibits in the case.

3. The judicial records of the case were in the High Court in connection with petitions filed before the High Court by the Sub-Inspector P. Mukherji, and by Mr. H. N. Sircar, Deputy Commissioner of Police, Detective Department, and Rai Bahadur S. N. Mukherji, Assistant Commissioner of Police, Detective Department, relating to matters arising out of observations made by the Additional Chief Presidency Magistrate in this case. Through Government we have obtained these records and persued them in so far as they relate to our terms of reference in Government's Resolution under which we are acting. We have also obtained from the Commissioner of Police, Calcutta, and perused the papers in his department relevant to the matters about which we have been directed to enquire and submit our opinion.

4. The method we have adopted has been for each of us to examine independently the relevant papers in these records and then to discuss them jointly and form our conclusions.

5. The first conclusion which we have reached by this method is that no possible useful purpose could be served by examining any witnesses. Apart from the fact that the Government Resolution gave us no power to call for and enforce the attendance of witnesses, it is clear to us from the records that we can form our opinion on the basis of sworn testimony in the court and on the other documentary material before us.

6. Moreover we presume that the allegations made by the Additional Chief Presidency Magistrate were based only on the evidence before him, and having regard to our terms of reference we are only called on to give our opinion whether his allegations on the evidence before him are justified or not.

7. Our other conclusions in this matter will be found below, but to make this report self-contained it is first necessary to give a brief account of the circumstances leading to the allegations made by the Additional Chief Presidency Magistrate.

8. The case under section 411, Indian Penal Code, against Anukul Chandra Dey and two others arose out of a search in December 1941 of the place occupied by them in the course of which a very large quantity of jewellery and other articles valued at about Rs. 50,000 was seized. Steps were then taken by the Calcutta Police to trace the owners of the property. One of the articles found was a gold spring wrist band (Exhibit IV). This wrist band bore the name of Kumar Gopika Raman Roy, the crest of his estate, and the words "Dewan Manickchand Estate". This led to further enquiries as a result of which the Sub-Inspector Pravakar Mukherji went to Sylhet in March 1942 with certain ornaments (including Exhibit IV) found in the search and showed them to Kumar Gopika Raman Roy. Of these the Kumar identified Exhibit IV, the wrist band with inscription, Exhibit XII a wrist watch band, Exhibit XIII a wrist watch, Exhibit XIV a ring, and Exhibit XV a necklace. The reason for his identification was that his initials the letters "G. R." were engraved on Exhibits XII, XIII and XIV, and on the clasp and under the locket of the necklace Exhibit XV. These are articles about which the Magistrate has held that there was a conspiracy between the Sub-Inspector P. Mukherji and the Kumar.

9. The prosecution case, based on the evidence of the Kumar, is that these articles were stolen from his house in Calcutta in 1940, when a large number of ornaments were stolen amounting in value to about Rs. 25,000. It is admitted by the prosecution that in the case then started these articles were not included in the list of stolen property.

10. It is also admitted by the prosecution that in the search list prepared in the case against Anukul Dey and two others, no mention had been made of certain articles bearing the inscription "G. R." nor was this mentioned in the list subsequently published in *Calcutta Police Gazette*.

11. Having elicited these admissions the defence suggested in cross-examination and presumably in argument that when the Sub-Inspector went to Sylhet with certain ornaments and showed them to Kumar Gopika Raman Roy, he in collusion with the Kumar had the letters "G. R." engraved on Exhibits XII, XIII, XIV and XV by Ram Hari Singh, the goldsmith (P .W. 16), in order to fabricate evidence of identity which had previously not appeared in the list of articles stolen in 1940, nor in the search list in 1941 in this case, nor in the list published in the *Calcutta Police Gazette*. It was also suggested that the locket attached to the necklace Exhibit XV had been detached from another exhibit not concerned with this case and attached to Exhibit XV to fabricate evidence of identity.

12. The defence produced no witnesses in support of these suggestions. Indeed the defence produced no witnesses at all. They merely made these suggestions unsupported by any evidence from their side.

13. The Magistrate accepted the suggestions put forward by the defence and in his judgment recorded his finding:—

(1) that the Sub-Inspector had conspired with the Kumar to fabricate evidence of identity by inscribing the letters "G. R." on four exhibits and by attaching the locket to the necklace Exhibit XV,

(2) that the Sub-Inspector "confessed that the locket of Exhibit XV (necklace) was taken away from Exhibit II/2 (a ring not included in the charge) and linked with it to fabricate evidence of identity".

It is on these two findings of the Magistrate that we are required to submit our opinion.

14. The grounds on which the Magistrate arrived at these findings have been stated on pages 3, 4 and 5 of the typed copy of his judgment. The findings are based mainly on:—

(1) the admitted fact that in the original list of stolen property in the 1940 theft these articles were not mentioned;

(2) that in the search list of this case the letters of identity "G. R." are not mentioned;

(3) that in another case in connection with the same search list the Magistrate (the same Magistrate) had reached the conclusion that the search list had been tampered with long after it was prepared, for the benefit of the prosecution;

(4) the oral evidence of the only witnesses examined and cross-examined on these points, namely, Sub-Inspector Pravakar Mukherji (P. W. 8), Ram Hari Singh, the goldsmith (P. W. 16), and Kumar Gopika Raman Roy whose evidence was taken on commission.

15. The omissions in items (1) and (2) of paragraph 14 are admitted by the prosecution and it was these omissions and admissions which provided the accused with a good line of defence. With regard to item (3) we are satisfied that there was no justification for holding that the search list had already been tampered with in another case to benefit the prosecution. It appears that this finding arose out of the fact that a copy of the search list supplied to the defence and certified by the investigating officer to be a true copy differed slightly from the original. It has been explained in departmental proceedings which we have perused that this happened because the investigating officer did not carefully compare the typed copy of the search list with the original before attesting it as a true copy. We see no reason not to accept this explanation.

16. It remains therefore to consider item (4) of paragraph 14, namely, whether on consideration of the oral evidence of the Sub-Inspector Pravakar Mukherji, the goldsmith Ram Hari Singh, and Kumar Gopika Raman Roy, there is justification for the Magistrate's finding and the defence suggestion that they had conspired together to fabricate evidence of identity of the exhibits in question.

17. We have carefully examined the evidence of these three witnesses and have been unable to find anything in it which would confirm or support the defence suggestion of fabrication of evidence, or which is inconsistent with the prosecution explanation of the failure to record in the original list of stolen properties in the theft of 1940, or in the search list of this case, the identification marks of "G. R." on the exhibits in question. The explanation is that after another theft in 1937 where the question of identity arose, the Kumar's wife without reference to the Kumar directed the goldsmith to inscribe the initials "G. R." on certain ornaments for the purpose of identification in future. When the theft of 1940 took place the Kumar was not aware of this, and when the list of properties stolen were reported these and the marks of identification were not included by mistake. We do not think this is an unreasonable explanation in view of the number of ornaments stolen on that occasion and of their value, some Rs. 25,000. The next explanation is that when in the search in 1941 a list of the properties found in the search was being made during the night over a period of several hours, the Sub-Inspector wrote out the list at the dictation of a man who, though a respectable citizen, was not cited as a witness. This man did not notice, or did not think it necessary to state, that "G. R." was found on some of the articles, and the search list was made accordingly. Having regard to the number of articles and the length of time taken in making the list we do not think that this explanation is unreasonable. It may be that it indicated lack of sufficient care and attention on the part of the investigating officer but we do not consider that it can be held to indicate or prove that at that time the letters "G. R." were not in fact on the ornaments at all. The next explanation is that when the Sub-Inspector took the ornaments to the Kumar at Sylhet the Kumar took them inside the house to show them to his wife. His wife then pointed out the letters "G. R." and told the Kumar for the first time that she had had these letters engraved on some ornaments. In the absence of any positive evidence to the contrary, and none has been produced, we do not see any grounds to disbelieve this explanation. In our view the explanations given are not unreasonable, nor improbable nor are they inconsistent with the prosecution case.

18. The Magistrate has laid stress on the finding of the wrist band XV with the name of the Kumar and his crest on it and has held that the accused persons would hardly have retained this if they had come by it dishonestly. The Kumar's explanation is that he had this wrist band prepared for one Tarak Rani Dassi as a present for her dancing in theatrical performance, organised by him. He was unable to give it to her because he had to go to Delhi to attend the session of the Central Assembly of which he was a member. The wrist band was therefore kept with his wife's ornaments and was stolen in the theft of 1940. The Magistrate has held that this is unlikely and that in fact the Kumar must have presented the wrist band to the dancing girl and it must have subsequently been pawned. This is a matter of opinion and it overlooks the statement of the Kumar, that his wife and daughters took part in the theatrical performances in which Tarak Rani Dassi also took part. In view of that statement it is equally possible to take the view that the Kumar's explanation is genuine.

19. In this case proceedings were drawn up against the officer conducting the prosecution and he was dismissed by the Deputy Commissioner of Police. He appealed to the Commissioner of Police and we find that in his order dismissing the appeal the Commissioner of Police observed:—

> "In this case I happen to know that the monogram on the watch was not forged as it was shown to me by the Deputy Commissioner, Detective Department, as soon as the recovered properties were brought to Lall Bazar."

20. Our conclusions therefore are that there was no justification for accepting the defence suggestion and holding that the Sub-Inspector Pravakar Mukherji with Kumar conspired to fabricate evidence of identity by getting the letters "G. R." inscribed on the ornaments long after the search list had been prepared.

21. The other finding of the Magistrate is that the Sub-Inspector "confessed that the locket of Exhibit XV (necklace) was taken away from Exhibit II/2 (a ring not included in the charge) and linked with it to fabricate evidence of identity."

With regard to this it is only necessary to read the evidence of the Sub-Inspector to see that he never made any such confession at all. All he said was "It is possible that the locket of Exhibit XV is the locket of Exhibit II/2. I am unable to explain where the locket has gone. It is possible that the Kumar took it from the ring and had it tied with Exhibit XV." These answers were obviously in reply to questions whether such things were possible. The Sub-Inspector obviously told the truth when he said they were possible because the Kumar had the ornaments for a few minutes when he took them into his house to show them to his wife. This however cannot in our opinion be construed as a confession by the Sub-Inspector as alleged in the Magistrate's judgment.

22. Our conclusion on this point therefore is that there was no justification for the finding of the Magistrate that the Sub-Inspector "confessed that

the locket of Exhibit XV (necklace) was taken away from Exhibit II/2 (a ring not included in the charge) and linked with it to fabricate identity."

NOTIFICATION.

No. 381L.—25th March, 1946.—The following Act made by the Governor in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, having been assented to in His Majesty's name by the Governor, is hereby published for general information:—

Bengal Act IX of 1946

THE BENGAL CESS (AMENDMENT) ACT, 1946.

[Assent of the Governor was first published in the *Calcutta Gazette, Extraordinary* of the 28th March, 1946.]

An Act further to amend the Cess Act, 1880.

WHEREAS it is expedient further to amend the Cess Act, 1880, for the purposes and in the manner hereinafter appearing; Ben. Act IX of 1880.

AND WHEREAS by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, the Governor of Bengal has assumed to himself all powers vested by or under the said Act in the Provincial Legislature; 26 Geo. V, c. 2.

NOW, THEREFORE, in exercise of the powers so assumed to himself, the Governor of Bengal is pleased to enact as follows:—

Short title.

1. This Act may be called the Bengal Cess (Amendment) Act, 1946.

Amendment of section 107A of Bengal Act IX of 1880.

2. In section 107A of the Cess Act, 1880,—

(*1*) in sub-section (*1*)—

(*a*) to clause (*a*) the following proviso shall be added, namely:—

"Provided that if at any stage of the operations regarding valuation or revaluation of lands under this chapter, the Provincial Government is of opinion that the valuation or revaluation of such lands should be made in accordance with the provisions laid down in Chapters II, III and IV, the Provincial Government shall, by notification in the *Official Gazette*, make an order to that effect, and on the publication of such notification,—

(*i*) the valuation or revaluation of lands in respect of which such notification is in force shall be made in accordance with the provisions of Chapters II, III and IV,

(*ii*) the valuation or revaluation of such lands made under this chapter shall have no effect, and

(*iii*) the holders of estates or tenures or the owners, holders or occupiers of rent free interests who have filed returns under section 107J shall not be again called upon to file returns under Chapter II or Chapter IV for the purposes of valuation or revaluation under Chapters II, III and IV, and the returns filed under section 107J shall be treated as returns filed under Chapter II or Chapter IV, as the case may be;"

The Bengal Cess (Amendment) Act, 1946.

(Section 2.)

(*b*) after the proviso to clause (*b*) the following proviso shall be added, namely:—

"Provided further that where a notification has been issued under the proviso to clause (*a*) for the valuation or revaluation of any lands in accordance with the provisions of Chapters II, III and IV, the cess in respect of such lands shall, when such valuation or revaluation shall have been made, be paid in accordance with the provisions of Chapter III or Chapter IV, as the case may be, from the date fixed by the Board of Revenue as the date from which the valuation or revaluation so made shall take effect.";

(*2*) in sub-section (*2*), the following shall be added at the end, namely:—

"or may, by like notification with effect from such date as may be specified in the notification, exclude from the said schedule any district for the time being included therein.";

(*3*) after sub-section (*2*) the following sub-section shall be added, namely:—

"(*3*) The reference in sub-section (*1*) to Schedule G shall be construed as a reference to such schedule as for the time being amended under sub-section (*2*).".

By order of the Governor,

G. M. RATCLIFF,

Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 382L,—25th March, 1946.—The following Statement of the reasons which have moved the Governor of Bengal to enact the Bengal Cess (Amendment) Act, 1946, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, is published for general information:—

Statement.

Section 107A of the Cess Act, 1880, provides that the "acreage rate" basis of valuation shall be adopted in respect of any district which has been included by notification in Schedule G to the Act. There is no corresponding provision for a change from the "acreage rate" basis to the old "rental" basis of valuation by deleting the district from the list in the said schedule. Experience of the working of Chapter VIIA of the Act has shown that in many districts it does not secure a more equitable distribution of cess burden on the tenure-holders and the cultivating raiyats, which was the main object of enacting this chapter in 1934, and that there are districts in which the old procedure of valuation works more equitably. Due to this state of affairs, cess revaluation operations under Chapter VIIA have been kept pending in as many as nine districts, as the rental basis of valuation cannot be used in those districts on account of the existing provisions of section 107A.

In order to enable the Provincial Government to end the administrative deadlock created by the above explained suspension of the cess revaluation operations, it is necessary to amend the Cess Act, 1880 so as to make it fully optional to the Provincial Government to utilise in any given district either the acreage rate or the rental basis of valuation, whichever appears the more equitable.

A Bill framed with this object in view, but including also provisions designed to remove the maximum limits of cess rates, was published in a *Calcutta Gazette, Extraordinary*, dated the 22nd February, 1946, inviting objections and suggestions from the persons likely to be affected thereby. Copies of the Bill were also sent to all District Boards and a number of important associations likely to be concerned. With a view to further publicity a Press Note explaining the provisions and objects of the Bill was issued on the 20th February, 1946. After giving its careful consideration to such objections, suggestions and views as have been received, the Provincial Government has decided to omit the provisions in this previously published Bill which related to the removal of the maximum limits of cess rates. In order however to resolve the administrative difficulties explained in the first paragraph of this Statement it has become necessary to enact the remaining provisions of that Bill without delay.

To effect this urgent purpose the Governor in exercise of his legislative powers under the section 93 Proclamation has enacted the Bengal Cess (Amendment) Act, 1946.

Bankura.—No. 1283L.A.(P.W.).—20th February 1946.—Whereas it appears to the Governor that land in the district of Bankura is likely to be needed for a public purpose, viz., the construction of sections of (*a*) Mejia-Chenchurya, Provincial Highway from Bankura to Chenchurya, (*b*) Chenchurya-Kadambandh, Major District Road from Chenchurya to Simlapal, (*c*) Goaldanga-Gobindapur, Major District Road and of (*d*) Jibanpur-Khejura, Major District Road from Jibanpur to Ranibandh, notice is hereby given to all whom it may concern that in exercise of the powers conferred by section 4 of the Land Acquisition Act I of 1894, the Governor has authorised the Engineers of the Directorate of Works and Buildings for the time being engaged on this undertaking to enter upon and survey land and do all other acts required for the proper execution of their work as provided for or specified in the said section.

The general route to be taken for the survey will be as under:—

Mejia-Chenchurya, Provincial Highway.

From Bankura the alignment will generally follow the Bankura-Raipur Road up to village Chenchurya crossing the Darakeswar River at Patakalu.

Chenchurya-Kadambandh, Major District Road.

From Chenchurya the alignment will generally follow the Bankura-Raipur Road up to the ferry on the Silabati at Simlapal.

Goaldanga-Gobindapur, Major District Road.

The alignment will take off from the Bankura-Raipur Road at a point in the village Gobindapur about a mile south of the ferry on the Darakeswar at Patakala. From Gobindapur the alignment will run west bearing slightly to the north and meet the Bankura-Khattra Road at Rajagram whence it will generally follow the District Board Road up to Goaldanga and crossing the river Silabati proceed to Jibannagar.

Jibanpur-Khejura, Major District Road.

From Jibanpur the alignment will generally follow the Bankura-Khattra Road up to Khattra. From Khattra it will follow the Khattra Ranibandh Road up to Ranibandh crossing the Kansabati near the ferry at Kechanda.

The general width of route required for the survey of all roads will be two miles on either side of the centre lines as indicated above.

Bankura.—No. 1608L.A.(P.W.).—6th March 1946.—Whereas it appears to the Governor that land is likely to be required to be taken by Government at the public expense for a public purpose, viz., for the construction of the Bansa-Haldi Road (section from Bansa to Taldangra, portion in thana Khatra), it is hereby notified that for the above purpose pieces of land altogether measuring, more or less, 335·94 acres and comprising cadastral plots as detailed below, are likely to be required in the district of Bankura.

This notification is made, under the provisions of section 4 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Special Officer, Roads, Bengal, at Writers' Buildings, Calcutta.

In exercise of the powers conferred by the aforesaid section, the Governor is pleased to authorize the officers for the time being engaged in the undertaking, with their servants and workmen, to enter upon and survey the land and do all other acts required or permitted by that section.

Any person interested in so much of the above land as are not waste or arable, who has any objection to the acquisition thereof, may, within thirty days after the date on which public notice of the substance of this notification is given in the lacality, file an objection in writing before the Collector of Bankura.

In exercise of the powers conferred by section 17(*4*) of the Land Acquisition Act, I of 1894, as amended by Act XXXVIII of 1923, the Governor is pleased to direct that the provisions of section 5A of the Act shall not apply to the waste or arable portions of the land in this case.

Bankura.—No. 1809L.A. (P.W.).—14th March 1946.—Whereas it appears to the Governor that land is likely to be required to be taken by Government at the public expense for a public purpose, viz., for the construction of the Bankura-Chenchurya Road, it is hereby notified that for the above purpose pieces of land altogether measuring, more or less, 273·75 acres and comprising cadastral plots as detailed below, are likely to be required in the district of Bankura:—

The 20th March, 1946.

F. J. BURROWS,
Governor of Bengal.

No. 2664-F.B.—21st March, 1946.—With reference to Notification No. 2663-F.B. dated the 21st March, 1946, the undersigned is directed to publish the following Memorandum on the Budget of the Government of Bengal for the year 1946-47.

By order of His Excellency the Governor,

S. K. MUKHARJI,
Secretary to the Government of Bengal.

Memorandum on the Budget of the Government of Bengal for the year 1946-47

1. A summary, by major heads, of the Budget for 1946-47, authorised by His Excellency the Governor of Bengal in exercise of his powers under section 93 of the Government of India Act, 1935, has been published in the *Gazette* under Notification No. 2663-F.B. dated the 21st March, 1946. The object of this memorandum is to review the main features of the Budget and to explain the financial position of the Province.

2. Except where otherwise stated the figures in this memorandum are in thousands of rupees.

3. The table below shows the position at a glance.

	1944-45 (Actuals).	1945-46, Budget.	1945-46, Revised.	1946-47, Budget.

II. *Capital*:				
Expenditure	−99,71	22,71,83	−9,04	79,63
Surplus ..	5,31,34	9,08,89	6,05,18	9,32,25
Balance—				
Opening Balance	3,06,61	2,31,55	3,64,81	2,24,41
Closing Balance	3,64,81	2,80,72	2,24,41	2,10,31

4. In spite of a subvention of 7 crores from the Centre the actual deficit on Revenue Account in 1944-45 amounted to 4 crores 73 lakhs. The Budget for the current year anticipated a revenue deficit of 8 crores 60 lakhs which has been reduced in the Revised to 7 crores 46 lakhs. The deficit in the Budget year 1946-47 is estimated at 9 crores 46 lakhs.

5. The termination of the War has made it possible and in fact essential to implement immediately, as far as practicable, the Programme of Post-War Development which was in the process of formulation when the current year's Budget was authorised by the Governor. Heavy recurrent budgetary deficits have left the Province in no position to meet the cost of development projects out of her own resources. The method of financing these projects which has recently been laid down by the Government of India is, briefly, as follows. Self-financing schemes will be financed by loans and non-self-financing schemes by grants made available to the Province by the Centre. Appropriate capital heads have been opened for the exhibition of expenditure on self-financing schemes, and credit has been taken outside the Revenue Account for an equivalent amount representing the loan admissible from the Centre for meeting the expenditure. Provision for non-self-financing schemes has been made under the appropriate heads of revenue expenditure and credit has been taken under Revenue receipts for an equivalent amount representing grants from the Centre in respect of such schemes. Under this arrangement it follows that no part of the revenue deficit revealed by the Estimates for 1945-46 and 1946-47 is attributable to the Development Programme undertaken by the Province. The revenue expenditure on non-self-financing schemes and the equivalent revenue receipts from the Centre included in these estimates are—

1945-46 (Revised)	1,10,15
1946-47 (Budget)	10,58,74

Details of post-war development schemes included in the current year's Revised and next year's Budget under Revenue and Capital heads will be found in an Appendix to this memorandum.

6. According to the revised estimates for the current year, revenue receipts are expected to be about 7 crores higher than was originally anticipated. Out of this a crore and 10 lakhs represents grants from the Centre in respect of non-self-financing development schemes. The balance is accounted for by larger yield under three main heads, namely, Excise, Stamps, and Other Taxes and Duties. The increase under Excise amounts to a crore and 40 lakhs and is distributed over a number of items, the largest individual contribution being 73 lakhs under "Country Spirit". Rates of duty under "Country Spirit", "Ganja" and "Opium" were raised during the year. Stamp receipts are expected to be higher by 75 lakhs, the improvement being shared almost evenly by Non-judicial Stamps and Court fees. Under Other Taxes and Duties, the increase amounts to 3 crores 20 lakhs and is distributed as follows :—

	Increase.
Entertainment Tax	10,00
Betting Tax	30,00
Electricity Duty	15,00
Sales Tax	1,00,00
Motor Spirit Sales Tax	1,50,00
Raw Jute Tax	15,00
	3,20,00

Soon after the Budget for the current year had been authorised by the Governor, Sales Tax was enhanced from 2 pice to 3 pice in the rupee, and Petrol Tax from one anna six pies to three annas per gallon. Part of the improvement under these two items is due to enhancement of rates.

7. The table below compares the yield from Provincial taxes in the first and in the last year of the War.

		Actuals, 1939-40.	Revised, 1945-46.
Agricultural Income-tax	..	..	60,00
Land Revenue	..	3,86,10	3,95,55
Excise	..	1,65,28	7,99,86
Stamps	..	2,56,44	3,60,00
Registration	..	27,31	64,00
Other Taxes and Duties—			
Entertainment Tax	..	8,01	55,00
Betting Tax	..	11,33	80,00
Electricity Duty	..	20,24	55,00
Tax on Professions, Callings, etc.	..	7,03	10,34
Sales Tax	..	..	3,00,00
Motor Spirit Sales Tax	..	..	2,00,00
Raw Jute Tax	..	..	40,00
Receipts under Motor Vehicles Acts	..	21,31	23,02
		9,03,05	24,42,77

The increase from 9 to 24½ crores is a measure of the effort made by the Province to reduce the widening gap between revenue and expenditure.

8. Expenditure on Revenue Account is, according to the Revised, likely to be 5 crores 90 lakhs higher than the original estimate.

Out of this, a crore and 10 lakhs is due to the inclusion of development schemes set forth in the Appendix. The largest individual item included in this total is a provision of 50 lakhs for the purchase, out of surplus military stores, of equipment and sundry materials required in connection with the Programme of Post-War Development. The next important item is the reorganisation of the peace-time fire fighting services at a cost of 20 lakhs. Other important provisions are—5½ lakhs for the training of demobilised personnel; 5 lakhs for the expansion of the Department of Fisheries; 5 lakhs for renovation of Tube-wells; 4 lakhs for the construction of police buildings; and 3 lakhs for preliminary work in connection with the establishment of a Central Live-Stock Research-cum-Breeding Station. A provision of 11¼ lakhs for the last-named scheme had been made in the original Budget but this could not be utilised owing to delay in the acquisition of land and the item has since been included in the Development Programme. The reduced estimate represents the expenditure which is likely to be incurred in the current year.

49, 43, 50, 44, 10.

The next important factor contributing to the increase in the Revised is the enhancement of dearness concessions in the course of the year. Orders were issued in April last enhancing the rates and extending the range of dearness allowance admissible to Government employees with retrospective effect from 1st January, 1945. Increased provision on this account is distributed over almost all the heads of expenditure and amounts in the aggregate to close upon a crore.

9. Apart from the provision for development projects and the extra cost of dearness allowance, the principal items responsible for the increased expenditure in the current year are set forth below :—

An extra provision of 10 lakhs has been made under "Land Revenue" for augmenting the grant for the improvement of Government Estates.

Additions to "General Administration" include 35 lakhs for the General Election to the Provincial Legislature and 24 lakhs for grants to District Officers for the interim relief of post-war unemployment pending effective implementation of the Development Programme. Appointment of additional executive officers such as Sub-Deputy Collectors, Lawyer-Magistrates and also of staff for loan recovery work accounts for a further increase of 12 lakhs. Among other items involving extra expenditure in the General Administration Budget may be mentioned the reorganisation of the Secretariat on the basis of the Rowland Committee Report and the acquisition of a fleet of jeeps for improving touring facilities in the interior.

Under "Irrigation" an extra provision of 60 lakhs has been made for the execution of minor irrigation projects under the Rehabilitation Programme.

Larger outlay on "Grow More Food" schemes accounts for an increase of 46 lakhs under "Agriculture". Half of this is due to procurement and distribution of oilcakes on a much larger scale than was originally contemplated and the balance is due to the purchase of iron and steel for agricultural implements and the acquisition of a fleet of lorries for the transport of seeds and manures.

There is an increase of a crore and 16 lakhs under "Miscellaneous". Out of this 70 lakhs represents an accounting adjustment. Advances totalling this amount had been made to the Calcutta Corporation from time to time up to the 31st March, 1945, to enable the Corporation to meet the cost of dearness concessions to its employees. Following a decision to convert these advances into outright grants, the expenditure has been debited to this head by credit of an equivalent amount under "Loans and Advances". The balance of the increase is due to further grants to the Calcutta Corporation in the current year for the payment of dearness concessions to its employees.

The "Famine" Budget shows an increase of over a crore. This is due to continuance of emergency measures of medical relief including F. R. E. hospitals and mobile medical units throughout the current year, not for six months as originally contemplated, and also to thorough overhaul of F. R. E. hospitals which were originally designed for very temporary use.

Further progress of the Scheme of Provincialisation of Sadar and Subdivisional Hospitals and larger outlay on medical and surgical requisites have led to an increase of 14 lakhs under "Medical"; and Expenditure on "Public Health" has gone up by 25 lakhs owing to the acquisition of a larger stock of mepacrine tablets and to the continuance of epidemic control measures throughout the year as against three months originally contemplated.

Finally under "Civil Works" there is an increase of 46 lakhs. Part of this is due to recoveries from the Defence Department on account of the extra cost of maintenance of roads subject to heavy military traffic proving less than was originally anticipated. The balance is due to acquisition of tools and plant for road development projects and to items of original work on the Secretariat (4 lakhs), on construction of officers' quarters (3½ lakhs), on additional blocks and floors in Writers' Buildings and Anderson House (5 lakhs), etc.

10. As against these increased provisions is to be set off a decrease of one crore under "Extraordinary Charges". This is due principally to reduction of loss on the sale of foodgrains as a result of three main factors, viz., (*a*) smaller procurement than was originally anticipated, (*b*) fall in the average cost of procurement, and (*c*) better storage arrangements. Some reduction in expenditure has also resulted from the winding up of A. R. P. and Civil Defence measures. The net relief to the Province on this account is, however, comparatively small, because, under the arrangement in force for the allocation of poolable expenditure between the Centre and the Province, the smaller the expenditure, the larger the share of it which is debitable to Provincial revenues.

The total decrease under "Extraordinary Charges" would have been greater but for the additional expenditure involved in the expansion of the Civil Supplies Department and in the construction of storage godowns.

11. The statement below shows the original and the revised estimates of loss on the sale of foodgrains to the public:—

	Budget, 1945-46.	Revised, 1945-46.	Decrease.
(1) Loss on foodgrains other than wheat	4,50,00	1,46,00	3,04,00
(2) Loss on wheat and wheat products	1,03,00	50,00	53,00
			3,57,00

Increased expenditure on the construction of storage accommodation amounts to a crore and 12 lakhs ; and that on the expansion of the Department of Civil Supplies to a crore and 46 lakhs. The Revised also includes provision for a loss of 17 lakhs on the Boat Construction Programme in connection with which no loss had been anticipated in the original estimate.

12. The Budget for the current year assumed a net capital outlay of 23 crores on the procurement and distribution of foodgrains, sugar, salt and standard cloth ; as well as on the construction of boats. In other words, it was assumed that the gross outlay on these schemes would be 23 crores in excess of sale proceeds realised. It now appears that the outlay will be fully covered by sale proceeds with the result that the net expenditure will be nil. This is due to smaller outlay on procurement operations and abandonment of the boat building programme, coupled with larger receipts from the sale of foodstuff and standard cloth than were originally anticipated.

13. Transactions in the Debt Deposit Section of the Budget have been readjusted in view of the fact that requirements for capital outlay will be 23 crores less than was originally assumed. Net receipts under Debt heads which amounted to 32 crores in the original estimate have, in the Revised, been reduced to 6 crores only.

14. Against a closing balance of 2 crores 24 lakhs according to the Revised, the Province will have some large debts outstanding on the 31st March, 1946, the most important being a cash credit advance of 20 crores from the Imperial Bank of India, a Ways and Means Advance of 7 crores from the Government of India and Treasury Bills of the value of 7 crores and half. A detailed review of the debt position will be found towards the close of this memorandum.

15. The Budget for the coming year includes provisions for development projects totalling 11 crores 59 lakhs. Out of this one crore is on account of self-financing schemes and is debitable to Capital heads. The cost of non-self-financing schemes debitable to revenue is 10 crores 59 lakhs as already explained in paragraph 5. Under the financing arrangement described in that paragraph, credit has been taken under revenue receipts for grants from the Centre amounting to 10 crores 59 lakhs.

16. If receipts from the Centre on account of development projects are left out of account the basic revenue for the current year and for 1946-47 compares as follows :—

Revised, 1945-46	34,71,43
Budget, 1946-47	30,60,10
Decrease ..	4,11,33

The decrease is due to reduced yield under five main heads, namely, Income-tax, Excise, Stamps, Forest and Other Taxes. According to the latest information received from the Government of India, Bengal's share in Income-tax will drop by 60 lakhs in the coming year owing to the decrease in general receipts from this source. Receipts from Agricultural Income-tax too are expected to be lower by 10 lakhs owing to a fall in the prices of agricultural produce on the basis of which assessment is made. Excise receipts will fall by a crore and 80 lakhs as a result of reduced consumption of liquor aud other excisable articles, owing to the repatriation of military personnel and imported labour. Stamp revenue which has reached a very high level this year is expected to go down by 30 lakhs in the coming year and a similar decline in Forest receipts is anticipated as a result of the stoppage of further orders for timber from the Supply Department. Under "Other Taxes" reduction in the yield from Petrol Tax, of approximately a crore, is expected to follow the cessation of military activities unless civilian consumption should increase through easing of supplies far beyond present anticipations. A further loss of revenue amounting to 8 lakhs will result from the abolition of the highly regressive Tax on Professions, which the meagre yield and difficulties of administration no longer make it worthwhile to retain. On the other hand it has been assumed that an extra 50 lakhs will be received under "Sales Tax" in the coming year. The net result of all these factors is a decrease of 70 lakhs under "Other Taxes."

17. The total revenue expenditure according to the Budget for 1946-47 amounts to 50 crores 65 lakhs out of which 10 crores 59 lakhs is on account of non-self-financing schemes included in the Development Programme. Details of these schemes will be found in the Appendix. It will be observed that a considerable portion of the provision relates to the construction of roads and buildings. A sum of 67½ lakhs has been provided for the construction and improvement of national and provincial highways and major district roads while the provision for new buildings amounts to 3 crores, including 30 lakhs for the departmental construction of police buildings. The cost of land acquisition is included in these figures. There is also a provision of 25 lakhs for grants to local bodies to enable them to take up urgent public works having high employment value.

Among other important items included in the Revenue section of the Development Programme may be mentioned 70 lakhs for water supply, 50 lakhs for the purchase of surplus military stores, 30 lakhs for the reorganisation of the Co-operative Department, 30 lakhs for the re-excavation of derelict irrigation tanks, 20 lakhs for self-propelled water-craft for police forces in riverine districts and 15 lakhs for the re-housing of bustee-dwellers. For the settlement of demobilised personnel on land, 10 lakhs has been provided in the Agriculture Budget in addition to 40 lakhs under "Civil Works". Similarly for the establishment of a Central Live-Stock Research-cum-Breeding Station there is a provision of 16½ lakhs under "Agriculture" and of 45 lakhs under "Civil Works". Schemes of educational development include 15½ lakhs for the training of staff for Primary Training Schools, 10 lakhs for the encouragement of post-graduate research and 7½ lakhs for the improvement of engineering colleges. Among "Medical" schemes may be mentioned a provision of 12½ lakhs for subsidy to medical practitioners and of 11 lakhs for the opening of a T. B. Hospital. Important provisions in the "Industries" section include 14 lakhs for the expansion of the Fisheries Department and 15 lakhs for participation in the Central Government's scheme for the manufacture of fertilisers. Provisions amounting to 10 lakhs each have been made for the improvement of the live-stock industry and the development of community listening in rural areas.

18. With this rapid expansion in the Development Programme, the basic estimates of revenue expenditure on other heads in 1946-47 is some 2 crores lower than the Revised for the current year. This is due to reduced expenditure under four main heads, viz., General Administration, Agriculture, Famine and Miscellaneous.

The "General Administration" Budget omits the special provision of 35 lakhs for general elections and makes greatly reduced provision for post-war unemployment relief in view of the Development Programme adopted for the coming year. On the other hand, it provides for a full year's expenditure on account of the Ministry and the Legislature for which no provision has been included in the Revised. The net effect is a decrease of 43 lakhs.

A decrease of 32 lakhs occurs under "Agriculture" as a result of smaller outlay on emergent "Grow More Food" projects. With the systematisation of agricultural development the need for emergent schemes of this nature will steadily decrease.

The "Famine" Budget shows a decrease of 70 lakhs owing partly to contraction of gratuitious relief as a result of gradual improvement in the situation, and partly to omission of the provision made in the Revised for thorough overhaul of F. R. E. Hospitals.

Decrease to a similar extent occurs under "Miscellaneous" owing to omission of the special provision of 70 lakhs included in the current year's Revised by way of an accounting adjustment for the conversion of certain advances to the Calcutta Corporation into outright grants.

A saving of about a crore and a quarter which results in the coming year from the winding up of Civil Defence measures, reduction of the Civic Guard and the Home Guard organisations and discontinuance of the Emergency Area Bonus is more than counterbalanced by unexpected increase in net cost of boat building operations. It was assumed when these operations started that the outlay would be fully recovered by the sale of boats. Unfortunately, this assumption has not turned out to be correct and the net cost of the boat building programme, which has now been discontinued, is estimated in the Budget at a crore and 56 lakhs.

19. Under "Capital" expenditure, as already explained, has been included the cost of self-financing development schemes for which loans will be advanced by the Government of India. The largest of these schemes is the Moor Reservoir Project which is designed to irrigate an area of 600,000 acres in the districts of Birbhum, Murshidabad and Burdwan. The total cost of the scheme is close upon 7½ crores out of which 70 lakhs has been provided in the coming year. The other provisions for self-financing schemes included in the Budget are 25 lakhs for the establishment of seed multiplication farms, and 6 lakhs for the development of coastal and estuarine fisheries.

20. The Debt heads allow for net receipts amounting to 10 crores, out of which one crore is provided by the Central Government's loan on account of self-financing development schemes and 8 crores by borrowing in the shape of Treasury Bills to cover the revenue deficit.

21. The following is a statement of the various loans which will remain outstanding, according to these estimates, on the 31st March, 1946, and 31st March, 1947 :—

Loans from the—	31st March, 1946.	31st March, 1947.
(a) Public :		
Treasury Bills	7,50,00	15,50,00
(b) Imperial Bank :		
Cash Credit Advance	19,88,19	19,88,19
(c) Government of India :		
(i) Ways and Means Loan, 1944	7,00,00	7,00,00
(ii) Civil Defence Loans	2,56,99	1,77,07
(iii) "Grow More Food" Loans	26,85	14,35
(iv) Loan for closing Damodar Bund Breach	66,31	66,31
(v) Loan for distribution of iron and steel to the agriculturists in Bengal	10,00	10,00
(vi) Loan for Development Schemes	4,94	1,05,77
Total ..	38,03,28	46,11,69

22. It may be added that there will be owing to the Province on 31st March, 1946, and 31st March, 1947, loans totalling 4½ and 5½ crores respectively. The amounts of agricultural loans (including cattle purchase loans) comprised in the foregoing totals are 2½ crores and 2 crores respectively. It would be optimistic to count on the whole of this sum as recoverable but no estimate can yet be made of the net amount to be written off.

23. Out of the outstanding debt on the 31st March, 1947, 24 crores is accounted for by borrowings to cover the cumulative revenue deficit from 1943-44 to 1946-47, as shown below :—

Year.	Revenue deficit.
1943-44 (Actuals)	2,73,67
1944-45 (Actuals)	4,73,14
1945-46 (Revised)	7,45,58
1946-47 (Budget)	9,46,35
Total ..	24,38,74

The remainder of the debt is covered by assets in the form of stocks and closing balance.

24. The recurrence of heavy revenue deficits year after year, in spite of the utmost efforts made by the Province to help itself, leaves it no other course than to appeal to the Centre for suitable measure of *ad hoc* relief. Such relief has been granted in the past and will, it is earnestly hoped, continue to be available until the economy of the Province has had time to recover from the shattering impact of the War and the Famine.

NOTIFICATIONS.

No. 1000Com.—23rd February 1946.—In exercise of the power conferred by sub-rule (*2*) of rule 81 of the Defence of India Rules, the Governor is pleased to make the following amendments in the Bengal Paper Dealers (Licensing and Returns) Order, 1945, published under notification No. 598P.C., dated the 3rd February 1945, as subsequently amended, and to direct with reference to sub-rule (*1*) of rule 119 of the said Rules that notice of the amendments shall be given by the publication of the same in the *Calcutta Gazette* and by the issue of a Press Note explaining the amendment:—

Amendments.

(1) *After* paragraph 2 of the said Order, *insert* the following paragraph, namely:—

"2A. The Provincial Government may, by notification in the *Calcutta Gazette*, exempt any dealer or any class of dealers from the operation of all or any of the provisions of this Order."

(2) In Form III appended to the said Order, *renumber* the existing Note as Note 1 and after Note 1 as *renumbered*, *insert* the following note, namely:—

"*Note 2.*—If a dealer dealing in Kraft paper and board, in conjunction with other papers, is exempted under paragraph 2A from the provisions of paragraph 8, this Form should be read as if the columns relating to "Kraft" and "Board" has been omitted and in the column relating "other quantities" for the words "other quantities" the words "quantity of paper" had been substituted.

No. 1001Com.—23rd February 1946.—In exercise of the power conferred by paragraph 2A of the Bengal Paper Dealers (Licensing and Returns) Order, 1945, the Governor is pleased to exempt all dealers dealing in Kraft paper and board from the provisions of paragraphs 5A, 6A, 6B, sub-paragraph (*2*) of paragraph 6C and paragraph 8 of the said Order, and to direct with reference to sub-rule (*1*) of rule 119 of the Defence of India Rules, that notice of this notification shall be given by the publication of this notification in the *Calcutta Gazette* and by the issue of a Press Note explaining its provisions.

No. 1101Com.—28th February 1946.—In exercise of the power confered by sub-rule (*2*) of rule 81 of the Defence of India Rules, the Governor is pleased to make the following amendments in the Order published with notification No. 4476-Com., dated the 5th December 1944, as subsequently amended, and to direct with reference to sub-rule (*1*) of rule 119 of the said rules that notice of the amendments shall be given by the publication of the same in the *Official Gazette* and by the issue of a Press Note explaining the amendments:—

Amendments.

(*1*) *For* clause (*b*) paragraph 1 of the said Order *substitute* the following, namely:—

(*b*) "paper" has the same meaning as in sub-clause (*a*) of clause 3 of the Paper Control (Distribution) Order, 1944, but does not include—

(*i*) any paper which is not manufactured in India, or

(*ii*) any kraft paper or board.

(*2*) In paragraph 2 of the said Order—

(*a*) *Omit* the words "straw board", "mill board" in the two places where they occur,

(*b*) in clause (*b*) of the proviso, *omit* the words "straw board or mill board".

(*3*) In clause (*b*) of paragraph 3 of the said Order, *omit* the words "straw board, mill board".

By order of the Governor,
A. H. QURAISHI, Dy. Secy.
